

Join the Patriot Press! This is an opportunity for your child to create a 17 page book that will be published in the Pocopson Library. The program cost is \$45.00 and includes two hardcopy books: one for the Pocopson Library and one for your home Library!

The program requires you to use an online application called Scribblitt to create the book at home with your child. Popcopson press volunteers will be available to help you with questions. There will be a kickoff session with the owner of Scribblitt and a Check-In session for parents to help you along the path to becoming a published author!
