CENTER GROVE, IN (August 21, 2013)—Center Grove Community School Corporation is pleased to report strong scores by its students on the 2013 ACT test.

Over the last 5 years, Center Grove has seen a 31 percent increase in the number of ACT test takers. During that time, scores have remained steady at nearly 7 percent above the state average.

“Center Grove is pleased that while the state has dropped almost three percent from the previous year, our results have maintained a strong showing,” said Center Grove Director of Curriculum Dr. Wendy Kruger. “We will continue to work individually with students to meet their college and career goals.”

ACT administrators report that beginning with the 2013 graduating class, all students whose test scores are college reportable, both standard and extended time tests, are now included in their report.
