

September 14, 2023

**To:** Board of Directors

Superintendent Dan Schlotfeldt

**From:** Ryan Stokes; Assistant Superintendent

**Subject:** Small Works RFP Acceptance and Contract Award – Admin to MSHS Diversity reroute

***SITUTATION***

The Snoqualmie Valley School District recently solicited, from our 2023 Small Work Roster, proposals for OSP work from our Administration Center to Mount Si High School Data Center. In an effort to fortify our aging fiber network, we are working on creating diverse routes between our buildings to ensure a more robust and resilient network for our students and staff. This will be the first of several projects to achieve that goal. With these improvements it will create a ring and spoke network that will allow us to perform maintenance on older parts of our network without compromising the connection to any of our sites.

The deadline for proposals was September 1, 2023, at 4:30PM.

The proposals received are as follows:

<b>VENDOR</b>	<b>TOTAL BID PRICE W/TAX</b>
WAECO	\$233,079.57
PRIME UNDERGROUND	\$284,394.52
EVERGREEN TECHNOLOGIES	\$952,875.00

***RECOMMENDATION***

After reviewing the provided proposals, we recognize the lowest responsible bidder to be WAECO. Administration recommends the Board acceptance of WAECO for the Admin to MSHS Diversity reroute. The project will be completed within the 23/24 school year and will be funded by the Tech Levy.
