SPS District Curriculum Website

Last year, teams worked hard to update the district's curriculum website, which now includes an overview of the learning occurring at each grade level. While some parts are still under construction or being developed more fully, we invite you to take a look at the standards, units, and themes your child is learning this year. You can reach the documents by going to

<https://www.scarboroughschools.org/central-office/curriculum-assessment/k-12-curriculum>.

From there you can view the links to each grade level. Please reach out to us in the Curriculum & Assessment office at kvetro@scarboroughschools.org with any questions.

The screenshot shows a web browser window with the URL www.scarboroughschools.org/central-office/curriculum-assessment/k-12-curriculum. The page features a left-hand navigation menu with categories like Superintendent, Curriculum & Assessment, Special Services, Business Operations, Facilities, Information Technology, Nutrition Program, Health Services, and Transportation. The main content area is titled "K-12 Curriculum" and includes a paragraph about the curriculum's basis in Maine and national standards. To the right, there is a section for "OUR GOALS" with expandable items: Effective Teaching & Learning, Safe and Inclusive Schools, Global Citizenship, and Community Engagement. Below this, there are tabs for "Primary Schools", "Intermediate School", "Middle School", and "High School". The "Primary Schools" tab is active, showing four cartoon characters made of colorful scribbles. At the bottom, there are three red buttons labeled "Kindergarten", "Grade 1", and "Grade 2".
