Comments from Certificated/Classified Personnel

Teacher Kim Cooper, CTA representative stated she was making the Board aware that eight or ten teachers were not happy about another teacher approaching the board with concerns that were not expressed through the proper order and explained the order of expressing a complaint. That what he shared had not been discussed amongst the teachers. She has taken care of his concerns but continues to bring back the same needs. Made the Board aware that the majority of teachers are happy with all that is going on.
