VI. Public Comment Section on Agenda Items

Public Comments

Members of the public will be invited to address the Board regarding items on the Agenda as such items occur. The Board is prohibited by law from taking action on matters discussed that are not on the Agenda. No adverse conclusions should be drawn if the Board does not respond to public comment at this time. The Board shall also limit the total time for public input on non-agenda items under "Public Comment" to 20 minutes. If you wish to address the Board, please fill out a Request Form provided on the table near the entrance, and submit it to the Clerk of the Board prior to the meeting. If you wish to address the Board on an Agenda item, please do so when that item is called. Items requiring lengthy discussion may at the Board's discretion, be scheduled as a specific Agenda item at future meetings. The Board is governed by the Brown Act and may briefly respond to public comments but take no action except on items scheduled on the Agenda.

Evelia Reyes- Expressed her support for the continuation of the bilingual program and its importance. Stated that the children are only speaking English at home and it is of importance for them to be bilingual. If they are not taught it will be difficult for them to communicate.

Derek Chavez (Student) - Read a letter stating his bilingual experience and the importance of knowing two languages. That it is important for them to be taught in Spanish and in English. Stated he does not understand how the program is not important to the school board and administration when it is important to him and his parents. He hopes that the Dual Immersion Program is reconsidered for it is the best program for English learners like him.

Maclovia Moreno- Stated that her daughter attended back in 2019. She requested that the Bilingual Program is provided because the students are struggling. She is requesting that the parent, teachers and the administration work together because the students are struggling in communicating. That this is a need for her. For the bilingual program to continue.

Ana Cabrera- Stated she is representing the organization Familias Empoderadas (Empowered Families). She was there to support the families from Raisin City to request that the bilingual program is continued. As a community we want all our students to continue learning. If we want better students and a better community everyone needs to work together. Please take into consideration the Bilingual Program so that our Spanish speaking students do not stay behind and they can advance.

Juliana Reyes (Student)- Read she is a product of the Dual Immersion Program and that she is grateful that she can read and write in Spanish and in English. She thanked Mr. and Mrs. Pizano, Mr. Ocampo and Mr. Gamino. If the administration does away with the bilingual program she and her peers will not be able to graduate with their diplomas stating they had the Spanish Literature Education. She requested for the board and the administration to continue the bilingual program so that she and her peers can have a bright future in learning two languages.

Juan Sandoval – Stated he was there as a representative on behalf of the organization M.A.P.A. (Mexican American Political Association). Stated he was there because he had been invited to the last two DELAC meetings. That the parents had requested feedback regarding the Dual Immersion Program and the principal had not given them any until the last meeting. She shared with them that the only way it would continue was if the board received proof that it was working. Mr. Sandoval felt it would be impossible to get the results needed when the tests were given in English and that it was unfair. The parents have gathered 30 signatures stating they want the bilingual program to be implemented correctly. He asked if there is proof that they are recruiting teachers for the program. Stated there has not been no communication between the Superintendent and the DELAC committee regarding the LCAP. Mr. Hirschhorn stated there is proof of communication.

Mrs. Urias- Stated they (DELAC) had expressed for them to take part in the development of the 2022-23 LCAP and were not given that information to be able to give input.

Mr. Monreal stated he supports bilingual education one hundred percent. He wants to find a way to help. That at the middle school level there should be an enrichment program of primary language instruction.

Antonia Cuatenco- Shared they are present to seek the Board's support and desire a response.

Information

A. 2022-23 Outdoor Learning Pavilion Proposed Budget

Debra Haney reported that the shade structure that will be installed next to the basketball courts will be worked on by Gonzalez Architects. The cost will be \$185,000 in which funds from ESSER II and III will be used. She stated it is an estimate and it can come in higher.

B. Universal Prekindergarten Planning and Implementation Grant Program

Mrs. Juarez reported that California seeks to set children on a trajectory of lifelong success by investing in early and equitable learning experiences ... which is the UPK

All school districts and charter schools must implement universally available TK for all four-year-old children by 2025-26 school year through a tiered system. All TK classes will be capped at 24 students with an adult to student ration of 1:10 (except 22-23 1:12)

2021-22 Planning year TK eligible students turn 5 September 2-Dec. 2

Information

2022-23 TK eligible students turn 5 September 2-February 2
 2023-24 TK eligible students turn 5 September 2-April 2
 2024-25 TK eligible students turn 5 September 2-June 2
 2025-26 TK eligible students turn 4 by September 1
 The UPK is a plan that will continue to be updated as we continue through the implementation years.

C. 2022 LCAP Federal Addendum

Mrs. Juarez reported that the LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA. The LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students. She reminded that The LCAP is a tool for local educational agencies to set goals, plan actions, and leverage resources to meet those goals to improve student outcomes. This is accomplished by gaining input from all educational partners. She also, shared the three goals for our LCAP which are supported by the identified actions stated in the plan.

D. Local Indicators Report

Mrs. Juarez reported that the Local Indicators are indicators based on the Eight State Priorities included in a Local Education Agency's (LEA's) Local Control and Accountability Plan (LCAP). Unlike the state measures that are automatically calculated by state-captured data, the Local Indicators are calculated with data collected by each LEA. She shared that we had over 220 responses by our Educational Partners in Surveys. We held meetings with staff, bargaining unit memberships and parent groups to gain input on the local indicators during the 2021-22 school years. She reported about the 6 priorities, its implementations, statuses, statistics, outcomes, etc.
