Congratulations!

On behalf of the Board of Trustees, Marist Fathers and Brothers, faculty, staff, and administration, I want to congratulate all of those honored today at this Academic Awards Ceremony! Learning is not about \* or grades, but growing as the thinking, knowing human being whom God created you to be. You have set goals and worked hard to be a successful student at this Catholic school. Your family and your school support your academic goals and celebrate your achievements.

Notre Dame was named the second best Catholic high school in the state of Michigan and the fifth best private K-12 school in Michigan (by *Niche*, an independent organization). A major reason for this honor is the dedication of our students. Students work hard on their own and with the help of teachers and classmates to succeed. While we have been working hard to relieve some of the pressures of high school, we plan to maintain the high academic standards that have served our students and families well over the years.

Congratulations also to those who have chosen to join and to fulfill the requirements of the National Honor Society! Our Catholic school, as well as the NHS, call you not only to be scholars, but more importantly to be people of good character who serve others and are willing to take on roles of leadership.

Students and staff have built a strong academic tradition at Notre Dame. Teachers are primarily concerned with the growth and success of our students, which is why they chose this vocation. Students at NDPMA see it as a good thing to challenge themselves and do their best. As students and staff reach beyond what is easy, they create a learning environment where it is good for everyone to achieve more than they thought possible.

Parents and families, you have sent your daughters and sons to a great Catholic school, and we thank you. You have supported your students in their studies, and it is good that you are here to celebrate their successes.

Students, your hard work, focus, time management and study skills have brought you the academic recognition that you receive today. Far more important than these \* or the grades you earn is the knowledge and maturity that you are acquiring along the way. Be lifelong learners and people of integrity! While the effort is yours, take time this weekend, and frequently, to thank others who play a part in your achievements: God who blesses you abundantly; your parents who support you; your teachers who foster learning within you; the classmates and friends who challenge you to be your best self; the counselors and administrators who are always there to help you over bumps in the road.

**National Honor Society Oath**

**I pledge myself to uphold  
the high purposes of the  
National Honor Society  
to which I have been selected.**

**Striving in every way  
by word and deed  
to make its ideals  
the ideals of my school  
and my life.**

**I will be true to the principles  
For which it stands:  
I will be loyal to my school  
and maintain and encourage  
high standards of scholarship, service,  
leadership, and character.**
