

## 5th Grade Choice Board

Students are asked to complete at least one item from each category.

For additional experiences, your student is encouraged to complete as many as they are able.

If additional e-learning days occur, students are asked to repeat activities with a different topic/choice.

Literacy	Math	Social Studies / Science	Specialists
Turn off the lights, grab a flashlight or small lamp, and read in the dark for 30 - 35 minutes.	Use any digits 0-9 to make 4 numbers from the hundred millions to the thousandths place. Then order the numbers from least to greatest.  ---, ---, ---.---	<b>SOCIAL STUDIES</b>  Draw a map of the place you are today. Can you find which way is north to make the top of the map?	<b>PE</b>  <b>Super-Sets</b> Take turns between sets of 3 different exercises with no rest in between. Example: 10 squats, 10 shoulder touches, 10 Jumping Jacks.
Verbs that describe action in a specific and descriptive way are “strong.” Make a list of strong verbs for the following words: <i>look at, run, move, talk</i>	Write an equation. Then solve.  A fifth grader had fabric that was 7.2 feet long. She used some and now has 1.55 feet. How much did she use?	<b>SOCIAL STUDIES</b>  List good and services that are in demand because of today’s weather. How could a person meet the demand by providing a service?	<b>MUSIC</b>  <b>Create: Compose</b> Write a rap or song about how you are feeling, or what you are thinking about today. You could start by making a list of rhyming words.
Rewrite the following sentences to show, not tell, the reader what is happening:  <i>They are happy.</i>  <i>It snowed.</i>	Find a recipe that includes fractions. Figure out the amount of each ingredient needed if you were to double the recipe.	<b>SCIENCE</b> <b>With adult permission!</b> Conduct a melting experiment. Put snow in two or more cups. What could you do to one cup to prevent it from melting indoors?	<b>HEALTH</b>  List ways you can be healthy. Pick one thing and make a plan for how you can make this an everyday habit.
Think about an adult in your life (ex: teacher, parent, neighbor, etc.). Think about today’s eLearning Day from their point of view. Write a paragraph telling their perspective.	Create a survey question to gather data from your friends and family. Create a table and bar graph with your results. What is the mean, median and mode?	<b>SCIENCE</b> Make a list of everything using various types of energy (heat, electrical, chemical, light). Find ways electricity is transferred (such as electrical to heat)	<b>ART</b>  Using a mirror, draw a self portrait. Try to make your expression match how you feel today.
