

Trips & Tours 2023/2024 Calendar

For the upcoming year, we are introducing a range of local and international trips which supports our broader approach to the creation of authentic learning opportunities. Our goal is to balance these opportunities, along with the additional financial implications, so that families can decide how best to enrich their child's learning experience throughout their high school journey.

We are attempting to ensure that students can access high quality learning experiences in each of the four core areas: academics, athletics, arts, and service/leadership.

The following costs include the cost of supervisors as all trips will be an additional expense paid by the student. Please note these costs are based on historical data and may change based on location, number of students (thus supervisors) and inflation. All trips are subject to having adequate student registration in order to run.

Season

☀ Summer 🍁 Fall ❄ Winter 🌿 Spring
