

PCSD CIP ACTION PLAN

What is our long-term plan to improve student learning?

School Name: Plattsmouth Middle School

School Improvement Goal: Increase the overall student achievement in math through interventions in data analysis and geometry.

Mission and Vision Alignment - Academic Behavior Civic Engagement Safety

Strategic Plan Alignment -

Employable Graduates Safety and Security High Quality Employees Strengths-Based

	Support Data for Goal Selection: <i>Why are we choosing this goal? What data supports the goal?</i>	Baseline/Starting Point Measures: <i>What are we using to see how our students are doing now?</i>	Post-Intervention/End of Strategy Measures: <i>What will we use to see improvement?</i>
1.	40.5% of 5th-8th Grade level students performed at Low to Low Average, in the area of Data Analysis, based on Measure of Academic Performance (MAP)	2020-21 Fall to Winter MAP data	Annual Fall to Winter MAP
2.	45.3% of 5th-8th Grade level students performed at Low to Low Average, in the area of Geometry, based on Measure of Academic Performance (MAP)	2020-21 Fall to Winter MAP data	Annual Fall to Winter MAP
3.			
Strategy/Intervention: <i>What will we do to improve learning?</i> Focused professional development (on best practice strategies) within each subject and exploratory area provided by ESU during PLC and/or Professional Development Days.			Research Supporting this Strategy/Intervention: <i>How do we know the strategy will work?</i> Best practice strategies will be identified in grade level/ subject area teams and developed by focused professional development.
Strategy/Intervention (Optional): <i>What will we do to improve learning?</i> Visuals posted around the school to help support the goal.			Research Supporting this Strategy/Intervention: <i>How do we know the strategy will work?</i> The use of the strategy will help all students store the information longer and decrease the percentage of students in the Low to Low Average percent range.

Consider using these topics in identifying action areas: *Learners, Curriculum, Teachers, Classroom, etc.*

Activities to Implement the Strategy/Intervention <i>What will we do?</i>	Person(s) Accountable <i>Who will work on this?</i>	Timeline <i>When will we work on this?</i> Begin End/Benchmark	Resources <i>What will we use to do this well?</i>	Staff Development Outcome/Evidence <i>What training can we get and how can we show it helped?</i>	Demographic(s) Impacted <i>What students are we supporting?</i>
