

## Poteet Independent School District Gifted/Talented Program Referral Form

“Gifted and talented student” means a child or youth who performs at or shows the potential for performing at a remarkably high level of accomplishment when compared to others of the same age, experience or environment and who: 1 exhibits high performance capability in an intellectual, creative or artistic area; 2 possesses an unusual capacity for leadership; or 3 excels in a specific academic field.

*As defined in the Texas Education Code*

Think about this as you nominate someone for the Gifted and Talented program: Some characteristics of G/T students can be positive or negative, such as the G/T student may ask very many questions and is very curious, but may easily get “off task” or “off topic”; may be interested in many things, but may resist working on activities apart from areas of interest; may learn information quickly, but is easily bored; may express unique and original opinions, but may not handle criticism well.
