How does Title I Work?

- The federal government provides funding to states based on census and poverty data each year for Title I.
- The South Carolina Department of Education sends the money to the local school districts.
- The school district identifies eligible schools based off of their percentage of Pupils in Poverty and provides a Title I allocation.

A Title I Schoolwide Program

All Title I schools in the BCSD implement a schoolwide program.

- In a schoolwide program, a school may use Title I funds to implement reforms to upgrade the entire educational program of the school.
- There are three requirements of a Title I Schoolwide program and the school must:
 - Conduct a comprehensive needs assessment through a broad range of stakeholders.
 - Create a comprehensive School Renewal Plan that describes how the school will improve academic achievement throughout the school
 - Annually, evaluate the schoolwide plan to determine if the schoolwide program has been effective in addressing the major problem areas and, in turn, increasing student achievement, particularly for the lowest-achieving students. Schools must revise the plan as necessary.

Determining How Title I Funds Are Used

- Each school has a school advisory committee composed of parents, teachers, other staff that work at the school, community representatives and the principal.
- In Beaufort County School District, the School Improvement Council (SIC) usually serves as the school advisory committee
- A comprehensive needs assessment is completed each year
- Goals are developed for the school year and a School Renewal Plan is written
- The SIC approves the Title I budget for the school which is a funding source to support the School Renewal Plan.

School Goals Developed from Needs Assessment

- Goal 1: For 2023-2024, the average percentage of students in grades 3-5 exceeding state standards on SC Ready in ELA will increase by 1%.
