## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

A Message from the Principal:

Jefferson School represents a true professional learning community. The Jefferson staff works as a collective team to support student success and strives to make a positive impact on the community of Dinuba. Jefferson School has shown continuous improvement in student achievement through the transition to Common Core State Standards in ELA and Math. Jefferson staff believes that:

**Through high quality mathematics instruction and assessment, DUSD students will have the mathematics content knowledge, conceptual understanding, and problem-solving ability to succeed in college and career. Additionally, through high quality English-Language Arts instruction and assessment, DUSD students will demonstrate 21st Century Skills and have the reading proficiency, writing fluency, and communication skills to succeed in college and career.**

Jefferson School has a culture that focuses on student learning and development. The Jefferson School staff believes that all students can learn and as such every child should be provided with instruction and learning opportunities focused on attainment of grade level standards. Our district and site academic coaches continue to assist teachers in Math, English Language Arts, and English Language Development. Grade-level collaboration days make it possible for teams of teachers at each grade level to work with administration and academic coaches to improve teaching and learning at Jefferson Elementary. Staff training activities focus on: Common Core math strategies, key standards to be taught in language arts and math, instruction for English Learners, student engagement structures, and common assessments.

Jefferson has identified a few high leverage, key actions that will be taken to provide high-quality, rigorous ELA and Math instruction. They are:

Use student data to make instructional decisions that will improve students' achievement.

Focus on academic support for students who are at risk of failing. Use intervention materials to continue strategic and intensive interventions for targeted students during the school day.

Provide specific instruction for our English learners at the ability level appropriate for each student.

## 2022-23 School Overview

Continue providing preschool services to our community.

Use instructional technologies to enhance student learning and engagement.

Continue to develop our Professional Learning Community to focus on learning, results, and collaboration.

Provide more parent engagement opportunities.

The Jefferson staff understands the importance of community involvement. Teachers supervise students in community activities such as the Raisin Day parade, Christmas Parade, Cinco De Mayo Parade, Youth Night in the Park and our school carnival.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### School Facility Conditions and Planned Improvements

Dinuba Unified School District's maintenance department responds rapidly to work orders that are submitted. The issues listed on the FIT report were remedied quickly if possible and larger projects are scheduled when students are not in session and/or when funding is available. Several other items are currently being considered for improvement with modernization money: a secure entrance to the school site and air conditioning in the cafeteria.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	45	N/A	46	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	37	N/A	25	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 5	98%	98%	98%	98%	98%

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parent participation is of critical importance to the continued growth and well-being of our students. Parents are active on campus and support our programs through classroom volunteer efforts, the School Site Council (SSC), the English Learner Advisory Council (ELAC), and the Parent Teacher Organization (PTO). Our SSC, which includes parent members, approves our annual school plan. Annually, Jefferson invites parents to the Title I Parent Involvement Meeting to share with the parents and community how Jefferson is performing as a school. Jefferson's Parent Teacher Organization continues to maintain a strong presence on campus through the involvement of our school carnival and holiday activities. The purpose of the PTO is to provide support to students throughout their educational career at Jefferson. They help at school events and hold various activities throughout the year to involve students. The school is also fortunate to have a local church providing support to the students and staff. The Dinuba Mennonite Brethren Church has helped in a number of ways. They have supplied volunteers to help at school events, organized members to come weekly to read with students, and have even organized community work days where students, parents, school staff, and church members joined together to tackle some beautification projects on campus. If you would like more information about Parent Engagement Activities, please contact Brisia Navarro, Community Liaison at 559-595-7360.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
<b>Suspensions</b>	1.65	2.25	2.45
<b>Expulsions</b>	0.15	0.16	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

The Jefferson Elementary community supports our efforts to ensure a safe campus. Staff members monitor our campus before and after school, and during recess. The goals of our school safety plan are to maintain a clean, safe, campus; to keep all students and staff emotionally and physically safe; to maintain strong school-home relationships with positive, consistent, and frequent formal and informal lines of communication; and to maximize instructional time by minimizing classroom disruptions. The school has implemented Positive Behavior Interventions and Supports to encourage students to make wise choices and perform up to their ability at school. The school website, social media platforms, and direct family communication provide information to students and parents. The Safe School Plan is updated and approved annually by the School Site Council. It was last reviewed and approved on February 23, 2022. Some of the areas of safety which remain a concern for parents and staff are busy intersections in front of the school as well as limited drop off locations. Several maintenance projects were completed to enhance the security of the school.

## Professional Development

Staff development activities at Jefferson School are focused on providing good first teaching to all students, improving instruction for our English Learners, as well as increasing math and reading achievement. All teachers have been provided with learning opportunities to expand their knowledge of student engagement structures, Common Core instructional strategies in ELA as well as Math. Teachers are also provided lesson feedback and coaching by district coaches and administration. Teachers are also supported through district ELA & Math coaches who are available for in-class coaching and serve as resources for successful implementation of the district curriculum. Based on students' DRA2 and STAR Reading data, teachers have determined that literacy should be a major focus for professional growth. The staff has benefited from attending classes through TCOE and by participating in district provided professional learning opportunities.

This table displays the number of school days dedicated to staff development and continuous improvement.
