WE INVITE

CONVENT & STUART HALL

2023-24

HIGH SCHOOL PROFILE

● ● ● TO OUR HUMBLE BEGINNINGS

OUR FOUNDATIONAL STORY

In 1800, in the wake of the French Revolution, St. Madeleine Sophie Barat founded the Society of the Religious of the Sacred Heart and articulated her vision for a Sacred Heart education:

... that education within the schools would be profound enough to inspire people to rebuild, renew and transform society, wherever they lived.

In support of her vision, Convent & Stuart Hall develops in students an ethical and global lens within a purpose-fueled educational model that inspires them to be in service to the world.

THE HEART OF SAN FRANCISCO

Founded in 1887 as the first Sacred Heart Academy west of the Rockies, Schools of the Sacred Heart San Francisco opened in twin Victorians on Bush Street and moved twice more to accommodate a growing student body. In 1938, the school found a permanent home at 2222 Broadway with a generous gift from Maud Flood to the Religious of the Sacred Heart declaring her wish that her home be “devoted to some useful and worthy purpose.” Nearly 60 years later in 1999, the school acquired the Morning Star Building at the corner of Pine and Octavia streets. The Morning Star Building holds significant importance in the history and culture of San Francisco’s Japantown. Convent & Stuart Hall continues to embrace the spirit of generosity and remembrance rooted in the origin of our San Francisco campuses.

PRESIDENT: **Dr. Ann Marie Krejcarek**
HEAD OF CONVENT HIGH SCHOOL
AND CHIEF ACADEMIC OFFICER: **Rachel Simpson**
HEAD OF STUART HALL HIGH SCHOOL: **Tony Farrell**

● ● ● TO SEE US AUTHENTICALLY

MISSION

Convent & Stuart Hall educates mind, Heart and body, animating a zeal for discovery, inspiring a passion for justice and nurturing the strength to transform.

STRATEGIC VISION

The school’s strategic thinking and planning centers on aiming at the best for each student — academically, personally and in community. We have devised an immersive environment — inspired by compassionate, talented adults and kind, intelligent peers — where learning is inspired through a pedagogy of space, where curriculum transcends textbooks and the use of technology augments intelligence.

GLOBAL EDUCATION

The global education program at Convent & Stuart Hall prepares students to be responsible and educated global citizens by providing students with opportunities to develop the mindset and skills they need to engage actively and ethically in a global community.

Throughout the curriculum, including the International Baccalaureate Diploma Programme (IBDP), faculty educate students to understand their shared humanity while they explore the world and recognize their own and others' perspectives. We challenge our students to communicate with open dialogue, bridging linguistic, geographical, ideological and cultural differences.

As one of over 150 Sacred Heart Schools around the globe, Convent & Stuart Hall emphasizes experiential learning as an essential component of the curriculum. Students are invited to participate in international and U.S. exchange programs ranging from two to six weeks. Through global exchange opportunities, students step out of their comfort zone and discover what it means to be a high school student in other parts of the world.

In addition to the annual sophomore class Costa Rica immersion experience, our students have made exchanges in over 10 countries across five continents, gaining a cultural competency and linguistic understanding of various countries around the world.

The majority of student exchanges have taken place in France, Spain, Mexico, Germany, Japan, Australia and Argentina. We continue to design trips aligned with our philosophy of internationality and global mindedness, and for the 2023-24 school year have multiple immersion trips planned, such as Discovering Latin in Rome, Serving One Heart in the Philippines, Copenhagen-Berlin: In Real Life Comparative Study and Expanding Your Mandarin Knowledge in Shanghai.

SPIRITUAL GROWTH

Convent & Stuart Hall is an expansive and inclusive educational community — an independent Catholic school for people of all faiths that seeks to cultivate in each student an ongoing relationship with something greater than oneself.

With an education in mind and Heart, students learn to engage and navigate the world within them and the world around them. Developing a sense of reflective interiority is a hallmark of our education, and each student is invested in the development of their core person and purpose. Through weekly reflections, chapels and assemblies, as well as within their Religion, Theology & Spirituality courses, students learn to ask and respond to life's "big questions" and know how to navigate their world's most pressing issues reflectively, ethically and purposefully.

4

EQUITY, JUSTICE AND BELONGING

COR UNUM

Rooted in the Society of the Religious of the Sacred Heart's foundational principle of "one heart, one mind" (cor unum et anima una), we work with our students to create a diverse and inclusive culture of conversation and inspire them to foster relationships founded on courage, openness and mutual respect. We promote essential opportunities for personal transformation, intellectual encounters and collective engagement.

Through interactions inspired by deep intellectual sympathy, curiosity and shared humanity, we foster an environment where innately human differences are recognized, honored and celebrated.

We invite each member of the community to embrace and live into the core belief that there is a world within us and a world outside of us, and we must be able to engage and encounter both.

5

The Cor Unum Voices Speaker Series

In our commitment to elevating and centering diverse voices, we host an annual “Cor Unum Voices” speaker series recognizing exceptional authors, historians and thought leaders. In spring 2023, Cor Unum speakers Luis Urrea, Juana Martinez-Neal and Jennifer De Leon guided our exploration and learning on the theme of Latin American Heritage. This followed an extraordinary visit during the fall of 2022, when we hosted Jason Reynolds, award-winning author and the Library of Congress’ national ambassador for young people’s literature since January 2020.

Jason Reynolds

Angeline Boulley

Annette Gordon-Reed

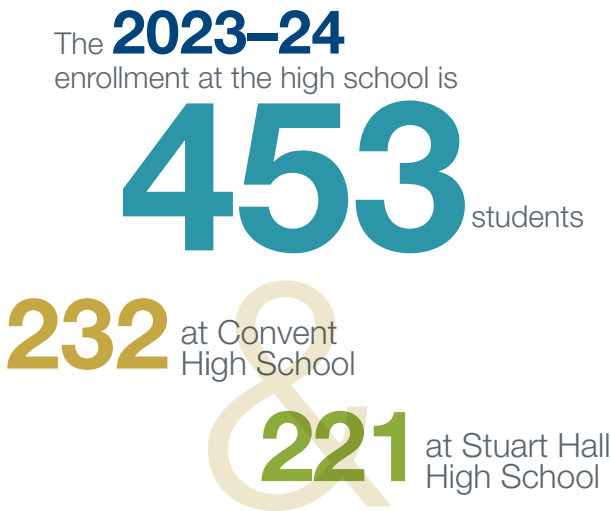

Past years’ speakers include extraordinary authors Tommy Orange, Angeline Boulley and Kevin Noble Maillard, historian Annette Gordon-Reed and philosopher/author Teju Cole, among many others.

Kevin Noble Maillard

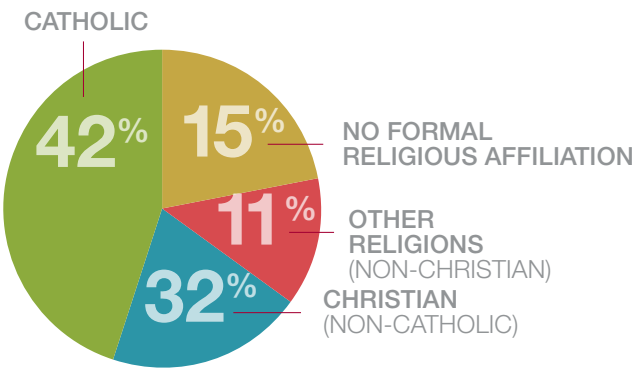

STUDENT BODY PROFILE

Being a robust community is an essential part of who we are as a Sacred Heart School. Each community member is invited to live fully into their gifts — intellectually, spiritually, physically and personally — within an inclusive and welcoming culture.

RELIGION OF STUDENT BODY

45% OF STUDENTS

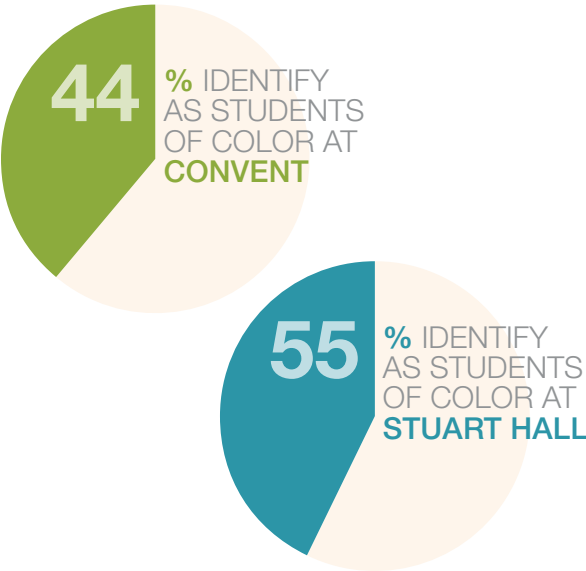

receive need-based financial aid with grants ranging from

\$5,000 to \$54,515

In our desire to create a student body that is inclusive of the Bay Area, we have committed over 12.2 million dollars in financial assistance to our families. This affirms our continuing charge that our education is attainable for every child.

ETHNICITY OF STUDENT BODY

● ● ● TO COLLABORATE & LEARN

FACULTY EXPERTISE

Our faculty embody our Sacred Heart values, both as experts in their fields and as creative instructors. Committed to excellence and the school's mission, they create strong student-teacher bonds that enhance education. Among our globally diverse educators, 88% hold advanced degrees and all are dedicated to working alongside students to inspire as thought leaders and foster a distinctive educational journey.

ACADEMIC ADVISING AND COLLEGE COUNSELING

Throughout the four distinct years of high school, a structure of academic guidance is in place to support each student's academic experience and co-curricular engagement. The Chief Academic Officer and the Director of Admissions and Academic Guidance oversee this four-year system, ensuring that each student is appropriately challenged, championed and supported by the faculty.

Grades 9 and 10 Academic Guidance

In the ninth and tenth grades, students will have a Grade Chair correlated with their year. The Grade Chair relationship helps students navigate the foundational years of their high

school program. The partnership with their Grade Chair enables them to design and continually evaluate a plan of study that supports their intellectual and personal development.

Grades 11 and 12 Academic Guidance and College Counseling

In the eleventh and twelfth grades, students are fully engaged in our college counseling program, which includes classes and workshops during the academic day. In the fall of junior year, division heads act as the students' primary academic advisers. From the spring of junior year and throughout their senior year, students are matched with one of the College Counseling Department's three full-time college counselors who serve as a guide through the college application process toward college admission.

Convent & Stuart Hall's emphasis on strong communication skills, critical thinking, intellectual growth and a rigorous academic curriculum will benefit these students long after they graduate.

— Gary L. Ross

Vice President for Admission and
Financial Aid Colgate University

OUR CURRICULAR PROGRAM

The high school curriculum at Convent & Stuart Hall engages and challenges the whole person — in mind, Heart and body. The freshman and sophomore years provide a foundation of inquiry, discovery and critical reasoning. Students work on advancing written and presentational communication skills across the humanities, mathematics, sciences, languages and the arts.

In their junior and senior years, students have the **option of the International Baccalaureate Diploma Programme (IBDP pg 12) or Advanced Placement, Honors and College Preparatory** courses. For specific course offerings, please see page 14.

Each student is encouraged to explore all academic department course requirements to the fullest extent possible.

THE INTERNATIONAL BACCALAUREATE DIPLOMA PROGRAMME (IBDP)

The IBDP is a two-year elective course of study offered optionally to all juniors and seniors. The IBDP’s mission “to develop inquiring, knowledgeable and caring young people” aligns directly with Convent & Stuart Hall’s commitment to challenge and educate students in “mind, Heart and body.” The school implemented the IBDP as a curricular offering in the 2016–17 school year. Students enrolled in the IBDP take IB courses exclusively.

A signature component of the IBDP is the Extended Essay. Students are challenged to think globally and learn how to revise and refine their writing as they pursue research by selecting their essay topic, crafting research questions, performing research and writing their essays under the supervision of a faculty member. Examples of these wide-ranging Extended Essay topics are sampled here:

Isabelle Infosino '23
Subject Area: Global Politics
Essay Title: To what extent has California’s government-funded food aid program CalFresh been effective in curbing food insecurity in the state of California between 2014 and 2019?

Myron Nayberg '23
Subject Area: Mathematics
Essay Title: What impact did Fibonacci leave on math and how are his theorems still relevant?

Each student’s pathway in the curriculum is a unique expression of individual interests and strengths. Here are examples of a few student pathways, each of which shows the variety of elective options available and the ways in which students may fulfill graduation requirements and also stretch their academic interests and aspirations.

TO SEIZE THE DAY

DAILY SCHEDULE

Convent & Stuart Hall follows a block schedule that rotates nine instructional periods over three days. Students generally enroll in six or seven academic classes and one of the scheduled periods is for co-curricular offerings, including time for clubs, advisory and community assemblies.

ATHLETICS

Athletics play a significant role in many of our students' high school experiences. Our diverse programs, spanning all four seasons, aim to foster camaraderie among students through competitive engagement. Through this engagement, our Athletics Department is deeply committed to not only the physical aspect of the sport but the true value of humility, accountability and work ethic, oftentimes teaching lessons that extend beyond the game. At Convent & Stuart Hall our goal is for students to acquire lifelong leadership skills no matter one's skill level; therefore, we offer opportunities to represent the school at the Varsity, Junior Varsity, and Frosh-Soph levels.

Performance Lab

Convent & Stuart Hall recognizes that holistic learning is beneficial to the personal growth of our students. By encompassing both health and community through athletics, students are given the resources to begin shaping self-awareness, empathy and balance. The versatile Performance Lab supplements our main gyms, serving teams and individuals, guided by a full-time Strength and Conditioning Coach for conditioning, wellness and equipment maintenance.

SPORTS OFFERED:

| Cross Country | Tennis |
| Fencing | Track & Field |
| Field Hockey | Volleyball |
| Football | Wrestling |
| Golf | |

VISUAL AND PERFORMING ARTS

Art education is essential for our students to freely and creatively express themselves, a core requirement for our freshmen and sophomores. Students can elect to continue their studies throughout their junior and senior years in our various programs encompassing drama, music (vocal and instrumental) and visual arts offered at both the IBDP and college prep course levels.

The Visual Arts Department fosters creativity through diverse mediums such as studio practice, collaborative thinking, portfolio development, critique, exhibitions and installations. The program evaluates students' creative growth through formative and performative standards, supported by an Artist-in-Residence initiative where students work alongside professionals.

The Performing Arts Department cultivates instrumental, vocal or theatrical mastery, promoting empathy, self-discovery and compositional appreciation through performance and analysis. This holistic approach nurtures artistic talent and understanding across all disciplines.

● ● ● TO LEND A HELPING HAND

SERVICE

Service is foundational to the Convent & Stuart Hall mission. Throughout our students' high school tenure, they are encouraged to partake in service, with emphasis on cultivating projects aligning with their interests and dedication to global, national or local causes. Service comes in varied forms, from championing youth voting rights to merging sports passion with coaching for equitable access, or maybe fostering education through reading and math tutoring. Our goal is that students see the benefit in what they are accomplishing and continue to make a difference in today's society.

● ● ● TO TRY SOMETHING NEW

STUDENT CLUBS

Convent & Stuart Hall has clubs and activities to meet most every curiosity and talent. Students have the opportunity to form new organizations and are encouraged to expand their interests. The clubs may reflect personal pursuits or offer a completely new experience. Most students find themselves participating in more than one club or activity.
