

Crisis Intervention Hospitals/Mental Health Resources for Parents

What is an assessment? An assessment requires an evaluation of the suicidal behavior and an assessment of the underlying diagnosis or promoting factors.

How do I get an assessment for my son/daughter?

- Take your son/daughter to the nearest emergency room
- If your family already has a mental health provider, contact them
- Contact your physician
- Contact your insurance company
- Find a facility that assesses adolescents

Mobile Crisis Outreach Teams

Mobile Crisis Outreach Teams (MCOTs) provide face-to-face clinical assessments to individuals in crisis 24 hours a day, 7 days a week. The purpose of the clinical assessment is to determine an individual’s risk of harm to him/herself or to others, and to determine the least restrictive treatment setting in which an individual can safely receive mental health services. The crisis team should be contacted within 24 hours of the presenting situation.
