Tommy Tisdale Jr., Principal

Marcus Turner, Assistant Principal

Dear Parents and Guardians,

We know that last year was tough, but we're excited to be back in the classroom this school year 2021-2022. We are committed to taking the steps necessary to maintain a safe school year. As part of the steps to stop the spread of COVID-19 and keep our school open for in-person learning, **Wal-Mart** will offer a **free COVID-19 Vaccine for students at Keith Middle-High**. The COVID-19 Vaccine will help protect students, staff, family members, and others who are not vaccinated against COVID-19 or are otherwise at risk for getting seriously sick from COVID-19. This vaccine helps us keep students in the classroom and able to take part in the school activities they love.

On Tuesday, October 19th, Wal-Mart will offer free Vaccines on Keith's campus for students age 12 and up. This letter asks your permission for Wal-Mart's Medical team to:

- **Vaccinate your child. Students ages 12-14 must have a parent or guardian present in order to receive the Vaccine.**
- **Vaccinate your child age 15 and above. This signed permission slip will serve as your permission for the COVID-19 vaccination by Wal-Mart on Keith's campus.**

We are extremely grateful to our committed families and staff who continue to show great flexibility and resilience as we work together to contain the spread of this virus. If you have questions regarding the COVID-19 Testing Program, **please reach out to Keith's school Nurse, Mr. Derrick Drye, or Keith's administrators.**

Educationally yours,

*Mr. Tommy Tisdale, Jr., Principal
Keith Middle-High*

I consent to Wal-Mart Medical Team administering the COVID-19 Vaccine. If so, sign below.

A message from the CDC "The CDC recommends everyone 12 years and older get a COVID-19 vaccine to help protect against COVID-19. Getting vaccinated prevents severe illness, hospitalizations, and possibly, death. Visit [vaccines.gov](https://www.cdc.gov/vaccines) to find additional vaccination information."
