

FAQ: STUDENT REWARDS CARD PROGRAM

What is the purpose of the Student Rewards Card Program?

To show appreciation to the student for helping to keep themselves, their classmates, teachers, and families safe from COVID-19 through weekly testing.

Is parental consent needed for my child to receive Student Rewards Cards?

Yes. A parent/guardian must provide consent for a child to receive Student Rewards Cards. The Student Rewards Cards Program is optional and is part of the free COVID-19 school testing program. Consent Forms are available at the school.

Who is eligible to receive a Student Rewards Card?

All K-12 students participating in weekly COVID-19 testing at their school are eligible to receive Student Rewards Cards with parental/guardian consent.

How much will a student receive on their Student Rewards Card?

Students will receive \$15 for each COVID-19 test they complete (at a maximum of one \$15 credit allowed per week) on a monthly pre-paid rewards card.

When will students receive their Student Rewards Card?

Student Rewards Cards are mailed once a month. The amount on the card will be \$15 times the number of COVID-19 tests completed the previous month.

How will my student receive their Student Rewards Card?

Student Rewards Cards are mailed to the student at the address provided by the parent/guardian on the Student Rewards Card consent form.

Will my child receive credit for every COVID-19 test they have completed no matter when the parental consent for the Student Rewards Cards is received?

Yes. As soon as a parental consent is received, the child's Student Rewards Card will include \$15 for every test completed from the time the student started.

What if the \$ amount on my child's card is less than was expected?

The amount of credit on a Student Rewards Card should be \$15/test for each test the child completed the previous month. Call the HELP Line if the amount is not what was expected, for assistance, and for any other questions you may have!
