<u>Impact: Bicycle Repair Techniques</u>	<p>This one-year course (two semesters) is the first stage of a two-year sequence designed to introduce and excite students about career pathways within the bicycle industry and prepare them for entry-level positions as bicycle technicians or retail associates. Skills are developed and assessed by a combination of hands-on tests, written assessments, presentations, and project-based learning. This course uses some of the NGSS standards as performance criteria. Students will be awarded the Bicycle Technology Level 1 industry endorsed certificate by establishing career readiness skills in combination with the professional technical skill standards.</p>	<p><i>Jones, K., Park Tool Big Blue of Bike Repair, 4th Edition, St. Paul, MN: Park Tools, Inc.
