

# SIBLING SUCCESS:

Supporting Unique Collaborative Care  
to Encourage Shared Success

AUTISM RESEARCH STUDY

## Purpose:

Increase positive interactions between your child with autism and their special sibling(s)

## CHILDREN WILL:

- Practice selected skills
- Participate in group activities for special siblings
- Learn about autism & strategies to use with their sibling with autism

## PARENTS WILL:

- Fill out a questionnaire

## TO PARTICIPATE, YOU MUST:

- Live in Texas
- Have a child with autism
- Have one or more children who do not have autism
- Children are 5 - 17 years old

## THERE ARE 2 OPTIONS:

Please scan the QR code for more information and to sign up.

Please **ONLY** choose 1 opportunity.

### Level 2

- 4-hour session once a week for 4 weeks on consecutive Fridays or Saturdays.
- Sessions will include your **child with ASD and their sibling.**

### Level 3

- 1 single day 6 hour workshop.
- Sessions will include your **child(ren) without ASD** and other **children without ASD.**
