STUDENT DATA SECURITY:

At EmpowerU, we are committed to the privacy and security of student data. For a full overview of our privacy and data policy – [visit here](#).

- EmpowerU is built using WordPress.
- Student level data is transferred either via secure email or via our platform.
 - o For data transferred via the platform, transfer is secured via SSL (SHA- 256 with RSA Encryption).
- At rest, all passwords are encrypted via hashing.
- Individual student-level summary data from the platform is shared back with a district and school on a weekly basis.
- At year-end, student data is shared in aggregate, with analytics on student progress in increasing their confidence, resilience, and motivation.

ONBOARDING and ACCESSING EMPOWERU:

Your Account Manager will work with your District/School Champion to roster students into the correct courses. If your district would like to utilize your Single Sign-On or a Learning Management System for rostering with EmpowerU, please contact kellyh@empoweru.education for more information. We will be happy to work with you to get that implemented.
