

District 7 Incoming Kindergarten

Medical Requirements

- **Physical Exam-** Students entering Kindergarten are required by state law to have a physical no later than October 15th of the current school year. The physical must be completed within one year prior to entering Kindergarten and documented on the “State of Illinois Certificate of Child Health Examination” form.
- **Immunization Record-** Students entering Kindergarten are required to be up to date with their immunizations by October 15th of the current school year.
- **Dental Exam-** Dental exams are required for all Kindergarten students. The dental exam must be completed no earlier than 18 months prior to the May 15th deadline of the current school year.
- **Vision exams-** Vision Exams are required for all Kindergarten students. The exam must be performed by a licensed optometrist, or a physician licensed to practice medicine in all its branches that provides eye examinations. The exam must be documented on the Illinois form, conducted within the last year, and is due by October 15th of the current school year.
- **Medications-** All students that need medications at school are required to have the “Request for Medication to be Administered at School” form completed by their provider.
