Please read these instructions fully, carefully and thoroughly prior to submission of any forms or claims in order to avoid a denial of your claim(s).

Form Submission Process & Eligibility Requirements

- 1) Complete ADL's **Student Accident Form** ("SAF") and submit to ADL Risk Services ("ADL") **as soon as possible** or **no later than 90 days** after the initial accident/injury date. (One SAF form per injury.)

*The most current form can be obtained from your school or are available on ADL's website. If you are not able to obtain your school's Plan ID# from your school's representative, please call ADL to obtain it. **Part 1** of the SAF must be completed and signed by the designated school official as soon as possible after the injury occurs. **Parts 2 and 3** must be completed and signed by the student's parent or guardian. (If no insurance is available, state "no insurance" in the applicable field(s).) ALL fields must be accurately completed and must be signed and dated by the individuals, as indicated on the Form. Claims will be denied, if the SAF is not completed accurately and as indicated in the instructions. A copy of this form should be sent to ADL Risk Services, Inc. **as soon as possible** in order to open a claims file to process any incoming student accident medical claims. If the SAF is submitted after 90 days after the initial accident/injury date, **YOUR CLAIM WILL BE DENIED**. **The school and parent should also keep a copy for their own records.***
