

College Board Opportunity Scholarships

A Clearer Path to College for All Students

The College Board is investing \$5 million per year in the College Board Opportunity Scholarships, with half of the scholarships designated for students whose families earn less than \$60,000 per year. Applying to college is a complicated process, so we've created a program that guides students through it and rewards their efforts. Your students are eligible to earn scholarships by taking the following actions during certain windows in their junior and senior years:
