## Assurances for District Strategic Plan

Assurances checked below, along with the signature page signed by the superintendent, attest that the district complies with all applicable regulatory and statutory requirements listed.

<b>Early Childhood Development and Academic Assistance Act (Act 135) Assurances</b> (S.C. Code Ann §59-139-10 <i>et seq.</i> (Supp. 2004))	
Yes	<b>Academic Assistance, PreK–3</b> The district makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
Yes	<b>Academic Assistance, Grades 4–12</b> The district makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
Yes	<b>Parent Involvement</b> The district encourages and assists parents in becoming more involved in their children’s education. Some examples of parental involvement initiatives include making special efforts to meet with parents at times more convenient for them; providing parents with their child’s individual test results and an interpretation of the results; providing parents with information on the district’s curriculum and assessment program; providing frequent, two way communication between home and school; providing parents an opportunity to participate on decision making groups; designating space in schools for parents to access educational resource materials; including parent involvement expectations as part of the principal’s and superintendent’s evaluations; and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.
Yes	<b>Staff Development</b> The district provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council’s revised Standards for Staff Development.
Yes	<b>Technology</b> The district integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning. The district will provide a copy of their updated technology plan to the S.C. Department of Education on an annual basis.
Yes	<b>Innovation</b> The district uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students.
Yes	<b>Collaboration</b> The district (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).
Yes	<b>Developmental Screening</b> The district ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.
Yes	<b>Half-Day Child Development</b> The district provides half-day child development programs for four-year-olds (some districts fund full-day programs). The programs usually function at primary and elementary schools, although they may be housed at locations with other grade levels or completely separate from schools.
Yes	<b>Developmentally Appropriate Curriculum for PreK–3</b> The district ensures that the scope and sequence of the curriculum for PreK–3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation levels and take into account the student’s social and cultural context.
Yes	<b>Parenting and Family Literacy</b> The district provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and how to be full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriate education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but is generally most appropriate for parents of children at the primary and elementary school levels and below as well as for secondary school students who are parents. Family Literacy program goals are to strengthen parental involvement in the learning process of preschool children ages birth through five years; to promote school readiness of preschool children; to offer parents special opportunities to improve their literacy skills and education; to provide parents a chance to recover from dropping out of school; and to identify potential developmental delays in preschool children by offering developmental screening.
Yes	<b>Recruitment</b> The district makes special and intensive efforts to recruit and give priority to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. “At-risk” children are defined as those whose school readiness is jeopardized by any of, but not limited to, the following personal or family situation(s): educational level of parent below high school graduation, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional), and/or child abuse and neglect.
Yes	<b>Coordination of Act 135 Initiatives with Other Federal, State, and District Programs</b> The district ensures as much program effectiveness as possible by developing a district wide/school wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.
<b>Students Health and Fitness Act Assurance</b> (S.C. Code Ann. § 59-10-330)	

Yes	Each school district shall establish and maintain a Coordinated School Health Advisory Council (CSHAC) to include members of the community, school representatives, students, parents, district food service employees, and school board members. The CSHAC will assess, plan, implement, and monitor district and school health policies and programs including the district wellness policy initiated in the 2006–07 school year. Each district, in collaboration with the CSHAC, shall develop, within the district's wellness policy, a school health improvement plan, in compliance with Section 59-10-310, that addresses strategies for improving student nutrition, health, and physical activity. The goals for the school health improvement plan, and progress toward those goals, must be included in the district's strategic plan required pursuant to Section 59-20-60.
<b>Education and Economic Development Act Assurances for Districts</b> (S.C. Code Ann. § 59-59-10 <i>et seq.</i> ) The superintendent certifies that:	
Yes	Each elementary, middle, and high school in the district has implemented the Comprehensive Developmental Guidance and Counseling Program Model.
Yes	All elementary, middle, and high schools in the district have integrated career awareness, exploration, and/or preparation activities into their curricula.
No	Each middle and high school in the district has a student-to-guidance personnel ratio of 300:1 or less. ( <i>Flexibility Provisos 1.26 and 1A.14 suspends professional staffing ratios for 2017–18 in eligible districts.</i> )
Yes	Each middle and high school in the district employs certified career development facilitators who perform the 13 duties specified in the EEDA legislation.
Yes	All students in grades eight through twelve have developed an individual graduation plan (IGP) that is reviewed by students and their parents/parental designees during annual IGP conferences facilitated by certified guidance counselors.
Yes	All eighth grade students in the district have chosen a career cluster. (Students may change their cluster choice if they desire to do so).
Yes	All tenth grade students in the district have chosen a career major. (Students may change their major if they desire to do so).
Yes	All high schools in the district offer enough courses for all students to complete their chosen majors. (NOTE: To complete a major, students must take four courses for elective credit that are associated with that major).
Yes	Each high school in the district is organized around a minimum of three of the 16 national career clusters.
Yes	Each high school in the district has implemented an evidence-based program model designed to ensure that students identified as being at-risk of dropping out actually graduate from high school with a state diploma.
Yes	Each high school in the district has implemented High Schools That Work or another state-approved comprehensive reform model.
Yes	Each high school in the district offers all students at least one opportunity to participate in an extended or work-based learning activity prior to graduation.
Yes	Each high school in the district offers students opportunities to enroll in courses for which they may receive both high school and college credit.
<b>Read To Succeed Assurances (Act 284)</b> (S.C. Code Ann. § 59-155-180 <i>et seq.</i> )	
Yes	<b>District Reading Plan</b> The district has a district reading plan which addresses the components of leadership, student outcomes, professional learning opportunities, instructional and assessment plans, parent and family involvement, and school-community partnerships.
Yes	<b>4K and 5K Readiness Assessment</b> The district ensures that a state identified readiness assessment for 4K and 5K is administered to all students prior to the 45th day of school.
Yes	<b>Third Grade Retention</b> The district provides support to ensure all students who are not reading on grade level by the end of third grade are provided with an instructional program based upon students' needs as determined by local and state formative and summative assessment data and provides intervening services, including summer reading camps, to reduce the number of students needing retention at the beginning of the 2017–18 school year.
Yes	<b>Reading Coaches</b> The district supports school based reading coaches in every elementary school.
Yes	<b>Interventions</b> The district provides interventions based on data for all students identified.
Yes	<b>Summer Reading Camps</b> The district offers summer reading camps for those students identified.
<b>Gifted and Talented Assurances</b> (SBE Regulation 43-220) <b>Students Served</b> The district serves:	
Yes	Academically gifted and talented students in elementary school (grades 3–5).
Yes	Academically gifted and talented students in middle school (grades 6–8).
Yes	Academically gifted and talented students in high school (grades 9–12).
No	Artistically gifted and talented students in elementary school (grades 3–5).
Yes	Artistically gifted and talented students in middle school (grades 6–8).
Yes	Artistically gifted and talented students in high school (grades 9–12).
N/A	Academically gifted and talented students in grades 1 and 2 (optional).

<b>Academically and Artistically Gifted and Talented Plan</b>	
The district plan provides a comprehensive, aligned, and coordinated continuum of services that address the advanced learning needs of academically and artistically gifted and talented students. The following components must be included in the planning:	
Yes	Differentiated curriculum, instruction, and assessments that maximize the potential of the identified students;
Yes	Support services that facilitate student learning and personalized education;
Yes	Programming models that facilitate the delivery of differentiation in curriculum and instruction;
Yes	Classroom ratios that foster positive results;
Yes	Appropriate and sufficient time in instruction to assure that the goals and objectives of the programming are met; and
Yes	Systematic assessment of student progress and programming effectiveness relative to goals.
<b>Curriculum, Instruction, and Assessment</b>	
Curriculum, instruction, and assessment that maximize the potential of the identified students and educational programming for academically gifted and talented students include these characteristics:	
Yes	Content, process, and product standards that exceed the state-adopted standards for all students and that provide challenges at appropriate levels for strengths of individual students;
Yes	Goals and indicators that require students to demonstrate depth and complexity of knowledge, creative and critical thinking, and problem-solving skills;
Yes	Instructional strategies that promote inquiry and accommodate the unique needs of gifted and talented learners;
Yes	Confluent approach that incorporates acceleration and enrichment;
Yes	Opportunities for the critical consumption, use, and creation of information using available technologies; and
Yes	Evaluation of student performance and programming effectiveness.
<b>Programming Models and Time</b>	
The district:	
Yes	Abides by the approved programming models (special class, special school, or resource room/pullout) for academic Gifted and Talented services,
Yes	Abides by the approved programming models (in-school, after-school, Saturday programming, summer programming, or approved hybrid) for artistic Gifted and Talented services, and
Yes	Meets or surpasses the minimum programming minutes for the approved model of services.
N/A	<b>Innovative Model (SCDE approved)</b> Any innovative model, outside of those listed above, has the required annual approval from the South Carolina Department of Education.
<b>Staffing Requirements</b>	
The district must:	
Yes	Employ teachers who hold a valid teaching certificate in the appropriate grade level(s) or subject area(s) included in the programming.
Yes	Employ Gifted and Talented endorsed teachers or Gifted and Talented certified teachers. <i>(A one year grace period is permitted in order to obtain endorsement for certified teachers teaching a Gifted and Talented course for the first time. The Gifted and Talented endorsement is encouraged for Gifted and Talented artistic teachers.)</i>
Yes	Provide planning times for Gifted and Talented teachers. The standard is 250 minutes a week or the appropriate grade-level equivalent.
Yes	Provide all teachers working with gifted and talented students annual professional development on differentiated curriculum, instructional strategies, social-emotional support, assessments, or other Gifted and Talented student-focused topics.
Yes	Provide training/guidance regarding the characteristics of academic giftedness for teachers and other district staff involved in the identification process.
Yes	Utilize an evaluation placement team to evaluate the Gifted and Talented identification process and to interpret and to evaluate student data in such a way as to insure appropriate student placement.
<b>Communication and Reporting Requirements</b>	
Yes	The district provides all parents/guardians with effective, written notice of the gifted and talented education programming, screening/referral procedures, and eligibility requirements.
Yes	If the district utilizes trial placement, local identification, and/or Gifted and Talented removal policies, those are readily accessible.
Yes	The district annually submits Form A Reports signed PDF.
Yes	The district annually submits Form A Reports Excel file.
Yes	The district annually submits Strategic Plan updates on its progress towards meeting the Gifted and Talented Goals.
Provide comments on why any of the Gifted and Talented assurances above are <b>not met</b> :	
<b>District Proficiency-Based System</b> (SBE Regulation 43-234)	
Yes	The superintendent has approved the district's Proficiency-Based System that is aligned to the local school board policy. <ul style="list-style-type: none"> <li>The Proficiency-Based System plan has been evaluated annually by the SCDE and the results have been reported back to the district.</li> </ul>

Yes	<p>The district's Proficiency-Based System Plan:</p> <ul style="list-style-type: none"> <li>• Explains how the needs assessment substantiates the district's Proficiency-Based System;</li> <li>• Describes the subject area course procedures for the high school proficiency-based credits the district will implement;</li> <li>• Proffers a complete syllabus for each course, or the URL(s) where a syllabus may be found and the method in which the course will be taught;</li> <li>• Provides documentation that demonstrates each course and all proficiency assessments for direct instruction are aligned to the State adopted subject area academic standards for the current year;</li> <li>• Contains a list of the prerequisite courses used for selecting students for each proficiency-based course where prerequisites are required; and</li> <li>• Offers an explanation of how the proficiency-based assessments will be standardized across the district if the courses are offered in multiple schools.</li> </ul>
Yes	The district has communicated NCAA eligibility requirements and higher education guidelines regarding proficiency-based courses with parents and students.
Yes	<p>Proficiency-based courses meet all relevant state statutes and regulations unless the State Board of Education (SBE) approved the district's waiver request.</p> <ul style="list-style-type: none"> <li>• Teachers of all proficiency courses hold valid South Carolina certifications and are appropriately certified for the proficiency subjects in which they teach.</li> </ul>

#### Assurances and Terms and Conditions for State Awards

As the district superintendent of Lexington/Richland 5, I certify that this applicant:

Yes	Has the legal authority to apply for state assistance and the institutional, managerial, and financial capability (including funds sufficient to pay the nonstate share of project costs) to ensure proper planning, management, and completion of the project described in this application.
Yes	Will give the South Carolina Department of Education (SCDE) access to and the right to examine all records, books, papers, or documents related to this award and will establish a proper accounting system in accordance with generally accepted accounting principles (GAAP) or agency directives.
Yes	Has an accounting system that includes sufficient internal controls, a clear audit trail, and written cost-allocation procedures as necessary. The financial management systems are capable of distinguishing expenditures that are attributable to this grant from those that are not attributable to this grant. This system is able to identify costs by programmatic year and by budget line item and to differentiate among direct, indirect, and administrative costs. In addition, the applicant will maintain adequate supporting documents for the expenditures and in-kind contributions, regardless of the type of funds, if any, that it makes under this grant. Costs are shown in books or records (e.g., disbursements ledger, journal, payroll register) and are supported by a source document such as a receipt, travel voucher, invoice, bill, or in-kind voucher.
Yes	Will also comply with GAAP as it relates to budgets, budget amendments, and expenditure claim submissions.
Yes	Will approve all expenditures, document receipt of goods and services, and record payments on the applicant's accounting records prior to submission of reimbursement claims to the SCDE for costs related to this grant.
Yes	Will initiate and complete work within the applicable time frame after receipt of approval by the SCDE.
Yes	Will not discriminate against any employee or applicant for employment because of race, color, religion, age, sex, national origin, or disability. The applicant will take affirmative action to ensure that applicants for employment and the employees during the period of their employment are treated without regard to their race, color, religion, age, sex, national origin, or disability.
Yes	Will comply with the Ethics, Government Accountability, and Campaign Reform Act (S.C. Code Ann. § 2-17-10 <i>et seq.</i> and § 8-13-100 <i>et seq.</i> (Supp. 2016)).
Yes	Will comply with the Drug Free Workplace Act (S.C. Code Ann. § 44-107-10 <i>et seq.</i> (Supp. 2016)) if the amount of this award is \$50,000 or more.

#### Terms and Conditions

Yes	<p><b>Completeness of Proposal</b></p> <p>All proposals should be complete and carefully worded and must contain all of the information requested by the South Carolina Department of Education (SCDE). If you do not believe a section applies to your proposal, please indicate that fact.</p>
Yes	<p><b>Non-awards/Termination</b></p> <p>The SCDE reserves the right to reject any and all applications and to refuse to grant monies under this solicitation. If the SCDE rejects an application, the applicant has a right to request a review of the process consistent with the appeals process presented in the Request for Proposals (RFP).</p> <p>After a grant has been awarded, the SCDE may terminate a grant by giving the grantee written notice of termination. In the event of a termination after award, the SCDE shall reimburse the grantee for expenses incurred up to the notification of termination. In addition, this grant may be terminated by the SCDE if the grantee fails to perform as promised in its proposal.</p> <p>Upon the termination of a grant, the grantee shall have the right to a review process. The grantee must notify the SCDE of its request within 30 days of receiving written notice of the termination.</p>
Yes	<p><b>Reduction in Budgets and Negotiations</b></p> <p>The SCDE reserves the right to negotiate budgets with potential grantees. The SCDE may, at its sole discretion, determine that a proposed budget is excessive and may negotiate a lower budget with the applicant. The applicant may, at that time, negotiate or withdraw its proposal. In addition, the SCDE may desire to fund a project, but not at the level proposed. In that case, the SCDE shall notify the applicant of the amount that can be funded, and the applicant and the SCDE shall negotiate a modification to the proposal to accommodate the lower budget. All final decisions are that of the SCDE.</p>
Yes	<p><b>Amendments to Grants</b></p> <p>Amendments are permitted upon the mutual agreement of the parties and will become effective when specified in writing and signed by both parties.</p>
Yes	<p><b>Use of Grant Funds</b></p> <p>Funds awarded are to be expended only for purposes and activities covered by the approved project plan, budget, and budget narrative.</p>
Yes	<p><b>Submission of Expenditure Reports</b></p> <p>Claims for reimbursement must be made at least quarterly and must be consistent with calendar quarters (e.g., an expenditure report claim for costs for January 1 through March 30 must be filed by May 15).</p>

Yes	<p><b>Obligation of Grant Funds</b></p> <p>Grant funds may not be obligated prior to the effective date or subsequent to the end or termination date of the grant period. No obligations are allowed after the end of the grant period. The final request for expenditure report claims must be submitted no later than thirty (30) days after the end of the grant period.</p>
Yes	<p><b>Deobligation of Funds</b></p> <p>After a final expenditure claim has been submitted to the SCDE, the grantee will go through the official deobligation process with the SCDE.</p>
Yes	<p><b>Documentation</b></p> <p>The grantee must provide for accurate and timely recording of receipts and expenditures. The grantee's accounting system should distinguish receipts and expenditures attributable to each grant. The grantee must review the memo regarding "Guidelines for Retaining Documentation to Support Expenditure Claims," available at <a href="http://ed.sc.gov/finance/auditing/manuals-handbooks-and-guidelines/guidelines-for-retaining-documentation-to-support-expenditures/">http://ed.sc.gov/finance/auditing/manuals-handbooks-and-guidelines/guidelines-for-retaining-documentation-to-support-expenditures/</a>.</p>
Yes	<p><b>Travel Costs</b></p> <p>Travel costs, if allowed under this solicitation, must not exceed limits noted in the United States General Services Administration (<a href="http://www.gsa.gov">www.gsa.gov</a>) regulations for lodging. Meals and incidentals are limited by the state budget proviso, currently not to exceed \$25 per day for in-state travel and \$32 for out-of-state travel (see page 91 of the document at <a href="http://www.cg.sc.gov/guidanceandformsforstateagencies/Documents/CGsAPP/9-30-2015/DisbursementReg-9-30-15edit.pdf">http://www.cg.sc.gov/guidanceandformsforstateagencies/Documents/CGsAPP/9-30-2015/DisbursementReg-9-30-15edit.pdf</a>). Mileage reimbursement must follow the current Office of Comptroller General instructions, which is consistent with the published IRS rates.</p>
Yes	<p><b>Honoraria</b></p> <p>Amounts paid in honoraria, if allowed under this grant, must be consistent with SCDE policies. Applicants should check with the program office before budgeting for honoraria.</p>
Yes	<p><b>Reports</b></p> <p>The grantee shall submit, as required or instructed by the awarding program office, all reports (programmatic, financial, or evaluation) within the specified period or date and in the prescribed format. An expenditure claim report must be filed by August 15 for all expenditures incurred by June 30 in order to comply with the generally accepted accounting principles (GAAP) and the production of the State's Comprehensive Annual Financial Report.</p>
Yes	<p><b>Copyright</b></p> <p>The grantee is free to copyright any books, publications, or other copyrightable materials developed in the course of this grant. However, the SCDE reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, the copyrighted work developed under this grant.</p>
Yes	<p><b>Certification Regarding Suspension and Debarment</b></p> <p>By submitting an application, the applicant certifies, to the best of its knowledge and belief, that the</p> <ul style="list-style-type: none"> <li>• Applicant and/or any of its principals, subgrantees, or subcontractors <ul style="list-style-type: none"> <li>• are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any state or federal agency; have not, within a three-year period preceding this application, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) contract or subcontract; violation of federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and</li> <li>• are not presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated above.</li> </ul> </li> <li>• Applicant has not, within a three-year period preceding this application, had one or more contracts terminated for default by any public (federal, state, or local) entity.</li> </ul>
Yes	<p><b>Audits</b></p> <p>Although this Assurances, Terms, and Conditions document is for a state award, federal audit requirements apply as follows:</p> <ul style="list-style-type: none"> <li>• Entities expending \$750,000 or more in federal awards: Entities that expend \$750,000 or more in federal awards during the fiscal year are required to have an audit performed in accordance with the provisions of 2 CFR Part 200.501, et seq. Except for the provisions for biennial audits provided in 2 CFR Part 200.504 (a) and (b), audits must be performed annually as stated at 2 CFR Part 200.504. A grantee that passes through funds to subrecipients has the responsibility of ensuring that federal awards are used for authorized purposes in compliance with federal program laws, federal and state regulations, and grant agreements. The director of the OMB, who will review this amount every two years, has the option of revising the threshold upward.</li> <li>• Entities expending less than \$750,000 in federal awards: Entities that expend less than \$750,000 in a fiscal year in federal awards are exempt from the audit requirements in 2 CFR Part 200.504. However, such entities are not exempt from other federal requirements (including those to maintain records) concerning federal awards provided to the entity. The entity's records must be available for review or audit by the SCDE and appropriate officials of federal agencies, pass-through entities, and the General Accounting Office (GAO).</li> </ul>
Yes	<p><b>Records</b></p> <p>The grantee shall retain grant records, including financial records and supporting documentation, for a minimum of six (6) years after the end date of the grant when the final expenditure report claim for reimbursement and all final reports have been submitted, unless informed otherwise or in case of litigation.</p>

## District Requested Strategic Plan Waiver

The State Board of Education has the authority to waive regulations pursuant to (*SBE Regulation 43-261*) (C) District and School Planning which states the following:

*Upon request of a district board of trustees or its designee, the State Board of Education may waive any regulation that would impede the implementation of an approved district strategic plan or school renewal plan.*

All waivers must be requested in writing, signed by the local superintendent, and approved by the local school board prior to being sent to State Accountability. Use the following link to obtain more information on the waiver process:  
<http://ed.sc.gov/districts-schools/state-accountability/waiver-requests/>

District Wavier Requested and Approved	Explain how the SBE Regulation would impede the implementation of an approved district strategic or school renewal plan.
1. Extension for initial District Strategic and School Renewal Plans ( <i>SBE Regulation 43-261</i> )	
2. Teachers teaching more than 1500 minutes ( <i>SBE Regulation 43-205</i> )	
3. Teachers teaching more than 4 preps ( <i>SBE Regulation 43-205</i> )	
4. High School Principal over two schools or grades more than 9-12 ( <i>SBE Regulation 43-205</i> )	
5. Other (Include the SBE Regulation number to be waived)	59-18-325 - Assessments - Paper/Pencil Testing Waiver - Grades 3 and 4 - This is the second year our students in grades three and four have had individual devices. While the students are able to respond to multiple choice-style questions on the devices, we have found that the students in grades three and four best express their writing via paper and pencil. Composing essays and written responses on the computer requires students to master the location of each letter on the keyboard as well as the keyboard commands for functions such as capitalization and punctuation. Their participation in the computer format of this assessment will therefore produce results that reflect students' computer proficiency rather than their mastery of the writing standards for their grade level. We cannot ensure internet access and reliability when we assess students in settings outside of school district control, i.e., homebound and homebased administration.

## EXECUTIVE SUMMARY OF NEEDS ASSESSMENT DATA FINDINGS

Per SBE Regulation 43-261, the annual needs assessment will provide focus for planning teams to set priorities for the plan. The comprehensive needs assessment must identify targeted areas of discrepancy between the desired performance levels and the current status as indicated by available data. Any discrepancies in the following areas identified by the school and district report cards must be included in the plan: (1) achievement, (2) achievement by subgroups, (3) graduation rates, (4) attendance, (5) discipline, (6) teacher/administrator quality and professional growth, and (7) other priority areas.

Measurable performance goals, written in five-year increments, shall be developed to address the major areas of discrepancy found in the needs assessment in key areas reported in the district and school report cards.

### [State Report Card for districts and schools data](#)

**Directions:** In the appropriate boxes, use school data to identify areas in need of improvement. Required areas to be addressed: Student Achievement, Teacher/Administrator Quality, and School Climate.

<b><i>Student Achievement, including sub-groups</i></b>
<b><i>Early Childhood/Primary (PK–2)</i></b>
<p>District 5 continuously monitors achievement and growth data for students in kindergarten, first grade, and second grade. This includes the administration of the Kindergarten Readiness Assessment, FastBridge, and MAP Growth.</p> <p>During the 2017-18, 2018-19, 2019-20, and 2020-21 school years, between 35% and 41.2% of our kindergarten students entered kindergarten demonstrating readiness to learn on the Kindergarten Readiness Assessment.</p> <p>In 2019, the district transitioned to FastBridge as a progress-monitoring tool for reading. This is administered three times per year to students in kindergarten and first grade. Between 27.67% and 36% of kindergarten and first grade students were identified as high-risk on the Spring 2019, 2021, and 2022 administrations of FastBridge.</p> <p>We also consider growth data. Students in first and second grade now participate in MAP Growth testing in both mathematics and reading in the Fall, Winter, and Spring. The Fall to Spring Median Conditional Growth Percentiles in reading ranged from 47 to 58. The Fall to Spring Median Conditional Growth Percentiles in mathematics ranged from 50 to 65.</p> <p>We must continue to focus on providing the highest quality instruction to our students in Kindergarten through second grade.</p>
<b><i>Elementary/Middle (3–8)</i></b>
<p>District 5's student achievement data consistently exceeds the state data. The percentage of students scoring Meets or Exceeds Expectations on SC READY ranged from 54.2 to 57.9.</p>

[Return to Table of Contents](#)

The percentage of students scoring Meets or Exceeds Expectations on SC READY English Language Arts ranged from 54.2 to 57.9. District 5 ranked in the top five of all districts in the state on this measure between 2015-16 and 2018-19. The percentage of students scoring Meets or Exceeds Expectations on SC READY Mathematics ranged from 54.3 to 56.6. District 5 ranked in the top ten of all districts in the state on this measure between 2015-16 and 2017-18. However, the committee also noted a decrease in the percentage of District 5 students scoring Meets or Exceeds Expectations between 2016-17 and 2018-19. The Needs Assessment committee has identified student growth measures as the most appropriate goal for our elementary, intermediate, and middle schools. NWEA MAP Growth Median Conditional Growth Percentiles (MCGP) were selected as the most appropriate metric in Reading and Mathematics as the MCGP quantifies how much students grew compared to the historical trends of similar scoring students. The committee recommended that the district put strategies in place to address the growth and achievement of students with disabilities and multilingual learners.

### ***High School (9–12)***

The percentage of students earning a C or above on Algebra 1 EOCEP ranged from 56.9 to 58.6 between 2016-17 and 2018-19. District 5 ranked in the top ten of all districts in the state on this measure in all three years. The percentage of students earning a C or above on English 1 EOCEP ranged from 70.7 to 77.4 between 2015-16 and 2018-19. District 5 ranked in the top five of all districts in the state on this measure in all four years. The four-year graduation rate ranged from 88.4 to 90.7 from 2016-17 to 2019-20. District 5 was ranked in the top ten of all districts in the state in three of those years. The percentage of students who are college or career ready ranged between 78.2 and 82.3 between 2017-18 and 2019-20. District 5 ranked third in the state on this measure in two of the three years. The Needs Assessment committee identified graduation rate and College or Career Readiness as the goals for high schools. These goals ensure that schools are focused on students' successful completion of PK-12 programs and are prepared for life after PK-12 education. The committee recommended that the district put strategies in place to address the growth and achievement of students with disabilities and multilingual learners.

### ***Teacher/Administrator Quality***

The Needs Assessment committee reviewed data from three general areas: teacher retention; teacher development; and teacher characteristics. Every data point suggested that District 5 excels in these areas. Between 2018 and 2020, the district's teacher retention rate ranged from 88.6 to 91.8. This was among the highest of all districts in the state and consistently one of the best retention rates of districts with a similar number of teachers. Districts with higher retention rates typically had a smaller number of teachers in the district. The retention rate was likely influenced by teacher satisfaction with working conditions. Between 2015-16 and 2018-19, 88.9 to 93.2 percent of District 5 teachers stated that they were satisfied with working conditions when completing the annual South Carolina Department of Education survey. The state satisfaction ranged from 86.9 to 88.9. District 5's Lead5 professional development program has offered teachers' choices in professional development. Between 2015-16 and 2018-19, 91.4 to 92.7 percent of District 5 teachers stated that there were relevant professional development opportunities offered to

teachers at their schools. The state satisfaction rate ranged from 88.5 to 89 percent. Over the same time period, 90.9 to 92.4 percent of teachers agreed that sufficient resources were available for teachers to take advantage of professional development activities. The state satisfaction rate ranged from 88.1 to 88.6.

The district has also increased the number of teacher mentors and consistently filled all placement requests for student teachers. Committees also noted teacher satisfaction with technology and other courses that were offered without cost or with minimal cost.

Between 2018 and 2019, 69.7 to 70 percent of the district's teachers possessed advanced degrees. The state percentage ranged from 60.9 to 61.3. The percentage of District 5 teachers on continuing contracts ranged from 84.5 to 86.1 while the state percentage ranged from 73.6 to 76.1.

The committee noted that the racial and gender characteristics of the district's teachers is not representative of the student body. White students typically made up between 56 and 59 percent of the student body between 2017-18 and 2020-21. Between 2015-16 and 2019-20, White teachers accounted for between 83.34 and 83.76 percent of the district's teachers. Over the same time period, male teachers made up between 17.86 and 19.66 percent of the district's teachers.

The Needs Assessment identified teacher retention and teacher development as key goal areas for the district. The measures selected were teacher retention rate, teacher satisfaction with working conditions, and teacher perceptions of professional development.

The committee recommended that the district focus on retention by seeking out and utilizing strategies to help teachers find work/life balance, address teacher development by continuing to offer professional development choices for teachers, and correct the lack of racial and gender diversity in the district's faculty by developing and implementing strategies to recruit and sustain teachers from minoritized populations.

### ***School Climate***

Results from the South Carolina Department of Education Survey were reviewed to better understand parent, student, and teacher perceptions of educational experiences. This analysis showed that parent, student, and teacher satisfaction with the learning environment, social and physical environment, and school-home relations was greater for District 5 than for the state between 2016 and 2019.

Parent satisfaction with the learning environment ranged from 90.6% to 92.1%. Student satisfaction with the learning environment ranged from 81.6% to 84.4%. Teacher satisfaction with the learning environment ranged from 89.7% to 93.9%.

Parent satisfaction with the social and physical environment ranged from 87.7% to 90.5%. Student satisfaction with the social and physical environment ranged from 83.1% to 85.6%. Teacher satisfaction with the social and physical environment ranged from 90.9% to 94.7%.

Parent satisfaction with school-home relations ranged from 76.4% to 78.6%. Student satisfaction with school-home relations ranged from 85% to 86.8%. Teacher satisfaction with school-home relations ranged from 89% to 93.2%.

When the 2018 and 2019 data for each district was reviewed, the committee leaders noted that most of the districts that tended to outperform our district on this measure had fewer

responses from parents, students, and teachers.

The committee also noted that published survey data showed that District 5 parents and teachers were more satisfied with school safety than parents and teachers around the state. In 2018, District 5 parents were less satisfied with bullying programs than parents statewide. In 2019, parent satisfaction in this area increased by almost eight points and exceeded the state satisfaction level.

The committee noted the need to focus on parent, student, and teacher perceptions of social and physical environment. This goal will allow the district to focus on issues that emerged from the data and perceptions of needs in the district.

The committee recommended that the district put strategies in place to support the social and physical environment goal. These strategies should address the following areas as they reflected underlying areas of need in the survey data: family engagement; social and emotional learning; Positive Behavioral Interventions and Supports; bullying; and school safety. The family engagement strategy was seen by the committee as being of high importance as this could address both the social and physical environment priority as well as parent perceptions of school-home relations.

### ***Gifted and Talented (District Only)***

The Gifted and Talented Committee reviewed data on the outcomes and opportunities associated with the district's gifted and talented programs. Between 2016 and 2020, the percentage of District 5 students served by gifted and talented programs ranged from 27.9 to 35 annually. District 5 ranked between the fourth highest and highest among all districts in the state during this time period.

High achieving students typically performed well on achievement and growth measures. Between 2017 and 2019, students who began the year at or above the 90th percentile typically grew at levels that exceeded the performance of similar scoring students nationally on the NWEA MAP Growth assessment. This was measured by the Median Conditional Growth Percentile.

At the high school level, a high number of students participate in Advanced Placement programs. Between 1,660 and 1,854 students annually participated in Advanced Placement exams between 2016 and 2020. These students took between 3,220 and 3,466 exams annually. Students received a passing score on 68.2% of the 16,609 total exams administered during that time period. The annual passage rate ranged from 64.9% to 70.57% between 2016 and 2020. During the same time period, the statewide Advanced Placement passage rate ranged from 57% to 62%.

The committee noted disparities between the overall population of the district and the population in the district's gifted programs. For example, between 2017-18 and 2020-21, the percentage of District 5 students coded as Black or African-American, Hispanic or Latino, or Two or More Races ranged from 37% to 41%. However, this was not representative of the populations of students served in programs for gifted students. This was most pronounced in grades 3-5. Between 2017-18 and 2020-21, 22% to 25% of students served in gifted programs in grades 3-5 were coded as Black or African-American, Hispanic or Latino, or Two or More Races. In grades 6-8, the percentage was between 25% and 28%. In grades 9-12, the percentage was between 28% and 29%.

The committee recommended that the district set goals to continue its high growth and achievement levels for students in gifted programs and to address the disparity between the district's overall student demographics and the demographics of the students in the gifted programs.

## PERFORMANCE GOAL AREA (1): *School Climate*

### PERFORMANCE GOAL:

*Per SBE Regulation 43-261, measurable performance goals, written in five-year increments, shall be developed to address the major areas of discrepancy found in the needs assessment in key areas reported in the district and school report cards.*

SMART goal must include:

WHO will do WHAT, as measured by HOW and WHEN.

We will maintain a safe and secure environment focused on the social and emotional growth and development of all students as measured by:

- the **percentage of parents, students, and teachers satisfied with the social and physical environment** on the annual State Department of Education Report Card Opinion Survey increasing from 88.78% to 89% (parents), 84.03% to 84.6% (students), and 92.35% to 94.1% (teachers) by 2026.

**INTERIM PERFORMANCE GOAL: Meet annual targets below.**

**GIFTED AND TALENTED SCREENING AND IDENTIFICATION NOTIFICATION**

Describe the ways in which the district notifies parents and community of its nomination and identification.
--

School District Five of Lexington and Richland Counties provides information to parents about gifted programs and the identification process on the <a href="#">district website</a> as well as in school handbooks and the high school course catalog. Students identified for gifted and talented education through local criteria are informed in writing by the school. Parents are given information about local placement and sign a waiver. Students who are stateidentified as gifted and talented receive written notification from the district along with a copy of the GIFT profile.
--

Attach up to four relevant files pertaining to notification to the parents and community on GT identification screening. These may include brochures, parent letters, non-English versions, etc.

1. Explain how your district/schools met its goals/needs by providing proficiency-based system instruction.

Providing a proficiency-based system supports Goal 2 of our Strategic Plan; "We will provide challenging curricula focused on the academic development and college and career readiness of all students." In particular, strategy 1 action 5, "we will utilize updated curriculum frameworks and instructional technology to develop assessments, adaptive assignments, and curricula to meet the rigor and demands of state standards," is supported by providing rigorous online course options that meet the varying needs of students. In addition, strategy 5 action items 1 and 5 addresses "providing meaningful opportunities for adult learners to become college and career ready by offering courses to receive either their GED or a high school diploma through a proficiency-based grading system in awarding high school credits."

Providing instruction through a proficiency-based system also helps the district meet its goal of increasing graduation rate by providing content recovery to support struggling students within a course, and by providing credit recovery for students needing to recover credits required to promote and/or graduate on time. Students may also have the opportunity to retake a course in a different setting or on a limited basis take a course for initial credit.

Proficiency-based instruction also provides an alternative instructional course option for students moving into the district and needing additional courses, for home-bound/home-based instruction, and for alleviate scheduling conflicts to meet individual student needs. The district's proficiency-based system also supports students who have been expelled and reassigned to an alternative educational setting. It allows students to remain in and complete courses they were previously enrolled in or take a course for initial credit.

2. Please list the specific courses students took.

3. Please provide the number of students who took a course, and how many students successfully completed it.

	<b>Number of students who took a course</b>	<b>Number of students who completed and passed a course</b>
Credit Recovery	222	189
Initial Credit/Retake	66	25
Adult Education	37	16
<b>Grand Total</b>	<b>325</b>	<b>230</b>

*\*Note\* - Students at the Academy for Success often utilize Initial Credit courses for the period of time they are at the AFS but do not complete the course on Apex before being transferred back to their home school and completing the course in the regular classroom setting. The grade and content completed for the period of time that they are enrolled is transferred back to the homeschool. Therefore, there is a greater discrepancy between our IC student enrollment compared to completion numbers.*

4. Please list the South Carolina properly certified teachers who were assigned to the above students.

English	Carol Jackson, Tess Pratt, Michelle Millard, Cory Standridge, Cynthia Spafford, Stephanie Dukes, Karla Bell, and Sandra Casey
Math	Caitlin Attaway, Jo Dowdy, Randy Johnson, Carlos Sanchez, Effie Howe, Reina Floyd, Jaime Huey, Willie Frierson Jr, and Michael Bennett
Science	Mary Barfield, Hazel Walker, Michelle Flowers, Laurie Taylor, Eli Martin, Octavia Wilson
Social Studies	Chris Carroll, Jeremiah Duffy, Sarah Bowers, Ronald (Chad) Bridges, Andrew Hogan, and Jesse Trimnal
Health	Jacob Wilkerson
Business	Jermaine Singletary

5. Please have the properly certified content area teachers provide examples of how they directly assisted struggling students. Examples include manipulating or differentiating on-line curriculum to accommodate the student's learning modalities, providing tutoring, exchanging emails to discuss lessons, etc.

Our instructional model for the district's proficiency-based system ensures that a highly-qualified teacher of record in the appropriate content area is assigned to monitor and support students that are enrolled in the district's online learning courses for initial credit and for credit recovery. Students are scheduled into the course and the content teacher is present to meet with the student, provide intervention and support, and monitor student progress. There are teacher-scored assignments as well as computer scored assessments. Students may access the course content outside of the scheduled class time, but some assessments, especially unit tests, require administration with the teacher in a proctored environment. Teachers provide instruction, intervention, support, and feedback to ensure students are mastering content and making progress. Work completed by the student that is not computer scored can be printed, downloaded as a word document, or a pdf document so that students can either write directly on the document or type on their device to accommodate different modalities of learning. In addition, Apex learning provides text to speech capabilities for students needing that additional support and translations in different languages to accommodate for any language needs. In order to foster successful completion, students have due dates assigned within the digital platform, and teachers monitor to ensure that students are meeting their due dates and making progress toward completion. While the content delivery is provided through a web-based curriculum (Apex Learning), student and teacher interaction occur during an assigned class period or access to the assigned teacher of record. There are times when explicit instruction is needed to further explain material not being mastered by students on their first attempt. Furthermore, students can be assigned a coach that receives weekly progress reports to support student success.

6. Provide examples of how schools used content-recovery (best practices or alternative methods of instruction) for low performing students in danger of failing a course.

Content Recovery may be extended to students who have a D or F in a course as an opportunity to recover content needed for mastery of the overall course by the teacher of record for the course. The student's teacher in the course assigns the particular content that the student has not mastered in that nine-week period. The teacher may elect to use the online curriculum from the district's proficiency-based system and assign the particular units or lessons and assessments that he/she wishes the student to revisit. Since this is the student's classroom teacher, the student has access to the teacher for support

during this process. The teacher determines the success of the content recovery and assigns the grade. We believe this early intervention supports the student with the current content, as well as, subsequent content in the course progression thus eliminating the need for credit recovery.

7. Please attach any revisions or updates to your existing proficiency-based system plan or policies.

No revisions or updates at this time.
