- If all looks good, let's get Tracie Covey to cut a PO for this.
- They will arrive with all necessary equipment for us to install (cafeteria at LES).

Good Morning Scott;

Please note the attached proposal.

Couple of things we did with this design:

- Lowered the racks 8".
- Used another short wall that we hadn't before.
- Put some distance between the coat racks and the fire extinguisher.

- Limit the use of double tiers.

Please let us know what other moving around we'll have to do.

Kevin
