Ann—has Keith contacted you or talked to you about your bookcases and other furniture since I sent this last week? I've called him a couple of times but I know everyone has been swamped with the board meeting, etc.

Any news?

Christina

Importance: High

Hi Keith and Ann,

Keith, as you know, I have been working with Ann Copelan at 7 Oaks to complete the administrative furniture required for the front office and replace the old, worn out bookcases in most of her classrooms. I walked through every room in the school and measured for what each teacher needs bookcase-wise. Attached is the delivered/installed quote for that furniture.

As you also know (I talked to Scott Carlin and he said he passed this info on to you—I also stopped by to let Mandy and Tracy know but you were at the Nashville conference), I have changed dealerships from Contrax to Interior Systems. Interior Systems, Inc (ISI for short) is a North Carolina-based dealership that has been in business since 1978; they came looking for me and it was a difficult decision to make, but I decided to move as I wanted to work for a Carolinas-based company with local support, and you may have guessed I am a bit of a control freak about my projects and wanted to “run my own show” if you know what I mean!

I still have the same lines of furniture on state contract (plus many more!), my same wonderful installation teams (plus an ISI-based install team and additional warehouse as a resource), design services, and I hope that District 5 will continue to trust me to take care of your furniture projects just as I have in the past. I am committed to serving your district and appreciate your faith in me and I will continue to work just as hard for you going forward as I have for the past 2 ½ years!

We would like to get this purchase order in as soon as possible so we can have these bookcases in (and we're taking away the old ones) by Ann's open house/ribbon cutting ceremony on November 11th. It is a fairly complicated installation but I am working with my manufacturer to package and ship it a special way and with my installers on logistics so that it is as seamless as possible at 7 Oaks.

Let me know what I can do to help move this forward—Jeff Patterson and the finance office already have the W-9 for Interior Systems and we are in your system.

Thanks as always for your business,

Christina

Subject: Seven Oaks bookcase and admin quote

Hi Ann,

Here is the quote for all your bookcases and admin furniture to round everything out.

Couple of notes:

- 1) The metal storage pieces with doors for the 2 front office stations don't come in 30"W, only 36"W, and I think that sticks out too much. I went with Logiflex laminate pieces that will fit that space better in the light maple "champagne" color of the bookcases. Let me know if that will be OK.
- 2) Same thing with the open storage piece in the nurse's office—that piece HAS to be 30"W x 48"H and I don't have a standard metal storage piece to fit, so I went with a Logiflex bookcase in champagne.
- 3) Room 301 was locked when I was at Seven Oaks...I went back several times to see if it was unlocked, but no luck! I don't know if they need bookcases in there. What room is that? A classroom? If so, can you go in there and tell me what they need to replace, if anything? I don't want to hold this order up for one room, but I also don't want to be short bookcases!

Call me today to chat about the above notes, ok? [843-703-9095](tel:843-703-9095). Talked with my installers at length about this project and we're going to have the bookcases and Logiflex furniture shipped by wing on pallets as you and I discussed—this will be the best way to keep everything relatively organized on a complicated installation.

Hope you had a good weekend!
