

Parkside Junior High PTO Meeting Oct 4 2018

Meeting Minutes from September were provided and approved.

Principal's Report (Darrin Cooper)

2018- 2019 Fundraiser online orders profit 774.23, finals look to be up slightly from last year

Evac drill went well, 15 buses, one hour 40 minutes round trip and a code red drill – one hiccup with a fender bender between an empty bus and a city bus. Reunification plan exists with ISU and the town but no ISU staff greeted them at drill but they adapted.

Revtrak can be used for fundraising; you set it up through business office and they track the money and cut a check to the PTO- can be done at any time. May be a small charge for using the service.

Winter break workshop day was popular last year so plans to start planning those again this year. Parent and community volunteers are encouraged.

PT conferences coming up on the 19th

President's Report (Angela DeJaynes)

Old Business- Will be having a letter for PT Conferences encouraging no hassle fundraiser and include upcoming meeting dates.

PTO meeting minutes could be sent to volunteer list with a wrap up of what was discussed and also before meeting too. Angela will send Connie the email list to implement this.

Open to ideas on cost free activities the PTO can sponsor, maybe a poll of what students would like to do. Student council might be a resource for ideas on what the students would like to do. (Angela will reach out to Mrs. Kitner)

Sign up Genius is getting more responses.

New Business:
