(cf. 3000 - Concepts and Roles)

(cf. 3300 - Expenditures and Purchases)

(cf. 3460 - Financial Reports and Accountability)

(cf. 9000 - Role of the Board)

The district budget shall show a complete plan and itemized statement of all proposed expenditures and all estimated revenues for the following fiscal year, together with a comparison of revenues and expenditures for the current fiscal year. The budget shall also include the appropriations limit and the total annual appropriations subject to limitation as determined pursuant to Government Code 7900-7914. (Education Code 42122)

Budget Development and Adoption Process

The Superintendent or designee shall establish an annual budget development process and calendar in accordance with the single budget adoption process described in Education Code 42127(i). He/she shall annually notify the County Superintendent of Schools of the district's decision to use the single budget adoption process in the subsequent year.

In order to provide guidance in the development of the budget, the Board shall annually establish budget priorities based on identified district needs and goals and on realistic projections of available funds.

The Superintendent or designee shall oversee the preparation of a proposed district budget for approval by the Board and shall involve appropriate staff in the development of budget projections.

(cf. 9320 - Meetings and Notices)

(cf. 9322 - Agenda/Meeting Materials)

(cf. 9323 - Meeting Conduct)

The budget that is formally adopted by the Board shall be in the format prescribed by the Superintendent of Public Instruction. The Superintendent or designee may supplement this format with additional information as necessary to effectively communicate the budget to the Board, staff, and public.

Budget Criteria and Standards

In developing the district budget, the Superintendent or designee shall analyze criteria and standards adopted by the State Board of Education which address estimation of funded average daily attendance (ADA), projected enrollment, ratio of ADA to enrollment, projected revenue limit, salaries and benefits, other revenues and expenditures, facilities maintenance, deficit spending, fund balance, and reserves. The budget review shall also identify supplemental information regarding contingent liabilities, use of one-time revenues for ongoing expenditures, use of ongoing revenues for one-time expenditures, contingent revenues, contributions, long-term commitments, unfunded liabilities, and the status of labor agreements. (Education Code 33127, 33128, 33129; 5 CCR 15440-15451)

The Board shall establish and maintain a general fund reserve for economic uncertainty that meets or ← exceeds the requirements of law. (Education Code 33128.3; 5 CCR 15450)

The Board may establish other budget assumptions or parameters which may take into consideration the stability of funding sources, legal requirements and constraints on the use of funds, anticipated increases and/or decreases in the cost of services and supplies, categorical program requirements, and any other factors necessary to ensure that the budget is a realistic plan for district revenues and expenditures.

Long-Term Financial Obligations

The district's current-year budget and multi-year projections shall include adequate provisions for addressing the district's long-term financial obligations, including, but not limited to, long-term obligations resulting from collective bargaining agreements, financing of facilities projects, unfunded or future liability for retiree benefits, and accrued workers' compensation claims.

(cf. 4141/4241 - Agreement)

(cf. 4143/4243 - Public Notice - Personnel Negotiations)

This plan shall include a specific funding strategy and the method that will be used to finance the district's annual fiscal obligations for such benefits in a manner that continually reduces the deficit to the district to the extent possible. The Board reserves the authority to review and amend the funding strategy as necessary to ensure that it continues to serve the best interests of the district and maintains flexibility to adjust for changing budgetary considerations.

When the Superintendent or designee presents a report to the Board on the estimated accrued but unfunded cost of OPEBs, the Board shall disclose, as a separate agenda item at the same meeting,

whether or not it will reserve a sufficient amount of money in its budget to fund the present value of the benefits of existing retirees and/or the future cost of employees who are eligible for benefits in the current fiscal year. (Education Code 42140)
