Norwalk Public Schools Hosts Second Annual Middle School Showcase

Norwalk, Conn. (Oct. 12, 2023) -- Norwalk Public Schools hosted its second annual Middle School Showcase on Wednesday evening, inviting fifth grade students and families to explore their options and learn more about what awaits them next year.

More than 300 people flooded into the gymnasium at Norwalk High School to visit with each of the district's five middle schools which had booths set up to share information about their amazing programs, and representatives to speak directly with current fifth graders and their families.

The schools represented were Concord Magnet School, Nathan Hale Middle School, Ponus Ridge STEAM Academy, Roton Middle School and West Rocks Middle School. Other NPS departments and community partners were also set up to speak to families about their respective services which benefit NPS students.

The Middle School Showcase and future open houses hosted by each middle school are a great opportunity for families to learn more about the pathways and programs available at each school before the Middle School Choice Lottery opens. Pathways include the dual language program at West Rocks Middle School, the International Baccalaureate Middle Years Program at Nathan Hale and Roton middle schools, and STEAM at Ponus Ridge STEAM Academy.

For more information about Norwalk Public Schools Middle School Choice, visit the NPS website at <https://bit.ly/46qx0r2>

Students choosing to attend their feeder/neighborhood middle school next year do not need to participate in the lottery but were more than welcome to attend the Middle School Showcase to meet their future school principal, meet other teachers and staff, and learn more about what they can expect next year.
