ISAAC MIDDLE SCHOOL: WHERE ENRICHMENT MEETS FUN IN AFTER-SCHOOL PROGRAMMING!

New London, CT: At ISAAC Middle School, the spirit of learning extends beyond the regular school hours, and the after-school programming lineup for the 2023-2024 academic year is nothing short of spectacular. With a diverse range of activities and clubs, ISAAC is committed to providing students with opportunities to explore, learn, and have fun while making the most of their middle school experience.

A Game for Every Interest: Athletics

For sports enthusiasts, ISAAC offers an impressive array of athletic options, including Boys and Girls Soccer, Cross Country, Boys and Girls Basketball, Fencing, Cheer/Dance, and Girls Volleyball. These programs not only promote physical fitness but also encourage teamwork, discipline, and sportsmanship.

Explore and Enrich: Clubs and Academies

In addition to sports, ISAAC's after-school programming features a delightful selection of clubs and academies that cater to a variety of interests. Students can immerse themselves in the fascinating world of marine science with the Marine Science Academy, or get creative in the Culinary Club. Gamers will find their haven in the Gaming Club, while Math enthusiasts can join the MathCounts Club. For those with a passion for the performing arts, the Broadway at ISAAC Club is the perfect stage. The Advanced Art Club provides budding artists with a space to hone their skills, and in the spring, the Intramural Volleyball Club offers students a chance to spike, serve, and dive for the ball.

Simplified Sign-Ups for Families

ISAAC Middle School understands the importance of making the sign-up process as smooth as possible for families. That's why they have embraced FamilyID, an online registration platform, eliminating the need for paper forms. Families can easily access the registration link on the ISAAC website, ensuring a hassle-free experience.

21st Century Community Learning Centers Grant

All of these fantastic offerings are made possible through the 21st Century Community Learning Centers (21CCLC) Grant, which supports after-school programs across the country. ISAAC's dedication to providing enriching and diverse after-school experiences aligns perfectly with the objectives of this grant.

ISAAC Middle School is not just a place for academic excellence but also a hub of extracurricular enrichment, ensuring that students have access to a well-rounded education. These after-school programs are more than just activities; they are opportunities for growth, exploration, and the creation of lasting memories.

As the school year progresses, ISAAC Middle School remains committed to inspiring and nurturing its students through diverse and engaging after-school programming. Whether on the field, in the lab, or on the stage, there's something for everyone, making ISAAC a place where every student can shine. For more information and to sign up for ISAAC's after-school programs, please visit the ISAAC website or contact the school directly.

STAFF SPOTLIGHT, MRS. DEVLIN-PERRY

What do you enjoy most about ISAAC?

I love that ISAAC is such a small school community. People here really seem to care and are willing to go out of their way to help. The students here seem very excited to learn and I can't wait for them to be able to work with the animals soon!

What made you become a teacher?

While working at Mystic Aquarium, I really wanted to educate people about animals and decided to try to make a bigger impact than only taking care of the animals behind the scenes. Showing my passions and love for the environment, I hope inspires students to want to care about the world around them too. I had a teacher in high school that really changed my life, so I know how impactful educators can be for their students.

What are some of the things you enjoy doing outside of school?

I love to walk my two dogs, Luna and Stella. My husband and I like to hike around and explore new places.

Principal's Notes:

Hello ISAAC Families,

Just a quick reminder that Quarter 1 is drawing to a close on October 25th. It's a good time to check in on your student's progress and make sure all assignments are up to date.

Also, mark your calendars for Picture Day on October 27th. Get ready to capture those smiles!

Thank you for your continued support.

Go Dragons!
