CHILD SEARCH

TANGISCHOOLS

What is Child Search?

Child Search is a part of the federal Individuals with Disabilities Education Act. Child Search is a way for the State Department of Education and local school districts to find children who may need special education services. Child Search is a way to help parents know what to do if they think their child may have a special learning problem or disability.

FAIR ISN'T

Everybody getting the same thing...

FAIR IS

OUR TEAM IS HERE TO HELP!

Who Are We Searching For?

Children who may:

- Have academic problems
- Not hear / see well
- Have trouble following directions
- Be slow starters
- Have discipline problems
- · Learn easily & show advanced skills

Babies or Preschoolers who may:

- Have chronic illnesses
- Not walk or talk on time
- Have other developmental problems

When Should I be Concerned About My Child's Development?

At the age of 2 your child should be...

- using 2-word phrases (for example, "drink milk")
- know what to do with common things, like a brush, phone, fork, spoon
- able to copy actions and words
- able to follow simple instructions
- able to walk steadily

At the age of 3 your child should be...

- work simple toys (such as peg boards, simple puzzles, turning handle)
- speak in sentences
- understand simple instructions
- play pretend or make-believe
- play with other children and with toys

At the age of 4 your child should be...

- jump in place
- draw horizontal lines, vertical lines, and circles
- show an interest in playing games with others
- retell a story
- follow 2-step directions ("get your shoes and put them by the door")
- Understand "same" and "different"
- Use personal pronouns ("me" and "you")

At the age of 5 your child should be...

- show a wide range of emotions
- focus on an activity for at least 5-10 minutes
- · state first and last name
- talk about daily activities or experiences
- draw simple shapes (circle, square, triangle)
- perform simple self-care (brush teeth, wash hands, get undressed)
- play a variety of games
