March 13, 2020

Dear Ram Families:

We are committed to keeping our students, their families, and our community healthy. Therefore, Campbell Elementary will utilize Non-Traditional Instruction (NTI) days from March 16th, 2020 through March 27th, 2020. There is an option to utilize additional NTI days beyond the initial closure, if needed, and we will update you as soon as new information becomes available.

CES will be open on Monday, March 16th from 9:00AM – 6:00PM for packet pickup. If there are any additional supplies you need for your child to complete work at home, our staff will gladly provide needed materials during that time. If you are unable to make it for packet pick-up during that time, please notify myself via e-mail or call CES front office at 606-836-3844 and we will arrange delivery.

School staff will be available Monday – Friday from 9AM – 2:00PM. We will also be serving a drive-through style free lunch to any child 18 years or younger from 11:00AM – 12:30PM each day of school closures. If transportation is a concern, please contact Mr. Salmons, Food Service Director, at 606-923-0150.

I cannot stress the importance of parents and families supporting our school staff during NTI days to ensure that beneficial learning is occurring, and academic progress is being made. It is our expectation that students spend dedicated time daily on school tasks and make a regular effort to complete work in a timely manner. We understand the difficulties facing our Campbell families concerning childcare and completing school work. Our staff will be available to assist parents by telephone at 606-836-3844, e-mail (TeacherFirstName.TeacherLastName@raceland.kyschools.us), or communication apps such as Class Dojo or Class Tag, Monday – Friday, 9:00AM to 2:00PM. Families should expect frequent communication from their child's teacher, and we hope to find creative ways to stay connected to our students and make learning fun. If you are not yet connected to Class Tag/Class Dojo, please call or e-mail as soon as possible so your child's teacher can give you instructions for joining. If your child finishes their NTI work and you would like to return it to school before classes resume, you may do so in the designated NTI packet drop-off in the CES lobby. Your child's teacher will be able to grade the assignments and provide feedback upon return.

This is a new endeavor for our school, but I have full confidence that our students will adapt quickly and continue learning despite the change in instructional methods. We thank you in advance for your patience as we work out the details during this period. CES is grateful for our outstanding families for supporting our students and their education.

If there are any questions or concerns, please do not hesitate to reach out. We are here to help.

Go Rams,

Abby Francis Laber
Principal
