EXPECTATIONS FOR SUBSTITUTE TEACHERS

- The substitute teacher continues the organized program of instruction during the absence of the regular teacher.
- The substitute should report 20 minutes prior to the opening of the regular school day in the interest of proper orientation to the day's work.
- Report to the school office upon arrival to sign payroll sheets and to pick up assignment materials for the day.
- The substitute should endeavor to preserve the regular routine of the class, follow the plans made by the teacher, and perform all duties expected of the regular teacher for that day (i.e. collecting fees, distributing supplies, recording pupil absences, etc.)
- All substitutes must wear a visible CCPS issued photo identification at all times while in the building.

HOURS OF WORK FOR SUBSTITUTE TEACHERS

Start times vary from school to school, please refer to each assignment in Absence Management for exact times.

***Early dismissal on Wednesday; however, substitutes must work through the end of the normally scheduled school day.**

	Start Time	End Time
Elementary Schools*	8:15 AM	3:45 PM
Secondary Schools (Middle and High School)	Please refer to the assignment in your Absence Management portal.	Please refer to the assignment in your Absence Management portal.
Cecil County School of Technology (CCSOT)	7:50 AM	3:20 PM

REPORTING TO YOUR ASSIGNMENT

The **ABSENCE MANAGEMENT** system will tell you what time you are expected to report to the school where you have accepted the assignment. When you arrive in the building, you must report to the office.

You must report to the main office to receive directions to the classroom. The regular teacher's schedule should be obtained from the main office along with information regarding extra duties such as bus duty, lunchtime supervision, etc. Special activities planned for that day will be announced or will be shown on the daily bulletin.

You may be asked to leave your car keys when being given a room key. When you bring the room key back, your car keys will be returned.

It is the prerogative of the principal (or his designee) to reassign you to a classroom where there is greater need once you arrive at the school. Every effort will be made to keep you in your original assignment.

PRIOR TO THE START OF THE SCHOOL DAY

- The school office will provide the official attendance record and any instructions pertaining to it.
- The principal or his designee will provide appropriate building orientation.
- Most schools have folders for substitute teachers containing information pertinent to that individual school. Check with the main office to see if one is available.
- A detailed set of lesson plans should be provided covering the work for each class. In order to take care of an emergency situation when it might be impossible to supply a set of detailed plans, each teacher will keep on hand at least one set of general (emergency) lesson plans which could be used at any time by a substitute. *If a lesson plan is not provided, contact the Principal immediately so one can be provided to you.* Lesson plans may include:
 - Class schedules including section number, room number and time period.
 - Class rosters, including a roster of homeroom members at the secondary level.
 - A seating chart for each class.
 - At the elementary level, a list of students who will leave the room for various reasons (i.e., reading groups, hall patrol lists, band and chorus club lists, specific bus groups, gifted and talented, etc.)
 - Notations of significant information about individual pupils within a class that the substitute should know (i.e., class officers or student leaders, medical problems requiring special arrangements, etc.) and information concerning textbooks and teaching materials used and proper procedures to obtain them.
- Prior to the arrival of students, you will want to:
 - Read through the lesson plans left by the teacher.
 - Locate the Emergency Procedures Guide.
 - Review fire drill procedures and crisis plans.
 - Locate copies of all necessary intra-school forms (i.e., attendance slips, cafeteria slips, pass slips, etc.). Instructions for their use will be provided.
 - Review the expectations, or rules, if any are posted.
 - Locate materials which will be needed throughout the day and if any equipment/technology is needed for the lesson.
 - Introduce yourself to the neighboring teachers

CLASSROOM PROCEDURES AND HELPFUL HINTS

The substitute teacher is expected to carry out the duties of the regular classroom teacher. Our objective in using a substitute teacher is to ensure continuity of instruction until the regular teacher returns to duty. The following should assist you in successfully accomplishing these expectations:

- Carefully follow the school's procedure for reporting absent students.
- Carefully follow the lesson plans prepared for you. If your assignment is for several days and lesson plans are not available, contact the Principal for instructions.
- Plan to spend the entire time working with and for the students. Keep the students in your room under supervision at all times. No personal work of any kind should be done. Nor should you make or accept personal phone calls. Remember that you are as legally responsible for pupils, equipment, and materials as is the regular teacher.
- Keep students in the classroom at all times. Substitutes should use discretion when issuing hall passes, unless it is for an emergency or urgent situation.
- Contact an administrator immediately if discipline problems arise which you are not able to manage. **Physical force is never to be used to discipline a student. At no point should you touch the student in any manner.**
- Refer all accidents, illnesses, administration of medications, or other emergencies to the Principal.
- Do not keep any student after school without the Principal's permission. Notes or any other communications should not be sent to parents without permission from the Principal.
- The best person to help you with problems, complaints, or suggestions is the school Principal. Check with him/her if such situations should arise.

AT THE END OF YOUR DAY

- Remind students of homework assignments.
- Students should straighten up their desk and work tables prior to leaving.
- Make sure all classroom materials are returned to their proper locations.
- Remain in your classroom until all of your students are dismissed. Check with the school office regarding teacher dismissal time.
- Leave the classroom in good order. All written work should be left for the regular teacher.
- A substitute on a one-day assignment may be released by the principal upon completion of all assigned responsibilities.
- The substitute will complete any reports required by the school.
- Keys should be returned to the office, if applicable.
- Sign out in the main office just as you signed in. This is the only valid payroll record.
- Check with the Principal and/or secretary to see if your services will be needed the following day.

Individualized Education Program (IEP): A written educational plan developed and written by a team of professionals and a child's parents. This plan outlines the student's specific learning needs and services.

Supports in the School Building

If you have questions about a student or student groupings, talk to an instructional teammate for that grade level prior to the beginning of the instructional day.

If you are assigned to a specific student as an instructional assistant, make sure to consult with the general education and special education teacher.

Special Education Building Coordinators are assigned to most buildings and are great resources. If they are unsure about the details of a specific area of need, they can direct you to staff members who will have more information.

Assistant Principals and Principals are always willing to support instructional and behavioral needs.

Confidentiality

Remember that all information shared with you regarding a student is confidential in nature. Do not share any information pertaining to a student's disability and/or instructional needs.

POSITIVE BEHAVIOR INTERVENTION SYSTEM (PBIS)

What is PBIS?

- **Positive Behavior Intervention Supports**
- PBIS is a process for creating safer and more effective schools.
- It is a systems approach to enhancing the school climate.
- The process focuses on improving a school's ability to teach and support positive behavior for all students.
- Each school has a PBIS team to design, implement, and evaluate effective school-wide practices that will teach and recognize positive behaviors while further supporting those students who exhibit undesirable behaviors.
- PBIS involves ALL students, ALL staff in ALL settings! It is not a curriculum or a program.

PROFESSIONAL APPEARANCE

Employees serve as role models to students and should exercise good judgment by presenting an appropriate, professional appearance in the workplace. All employees shall:

- Reflect and model standards that will encourage student understanding and compliance with the student dress code.
- Dress appropriately according to position and work setting, or environment.
- Present a clean, modest and professional image.
- Avoid clothing or accessories that distract or disrupt the educational process and/or administrative setting.

EVERY SUBSTITUTE SHOULD KNOW:

- The use of profanity will not be allowed.
- No outside agency or person, including parents, is to question or interview a student except in the presence of the principal or his/her designee. Substitute employees have a responsibility to see that the rights of the student are not violated. There are no exceptions to this rule.
- Notes and other communications should not be sent to parents without approval of the principal/designee. Substitute teachers are not permitted to call parents regarding discipline concerns. Leave notes for the regular teacher regarding specific infractions and concerns.
- Do not introduce controversial subjects or materials. Follow the teacher's lesson plans fully and completely.
- Do not advertise products or services.
- All school records and reports must be handled in a confidential manner. Be careful not to divulge any confidential information that has been received from contact with administrators, teachers, students or parents. Do not share information with, neighbors, friends or other teachers/students.
- Verbal and physical acts of bigotry are prohibited, including racial, sexual, ethnic or other types of slurs, insults, intimidation, harassment or other conduct directed toward another person's race, national origin, religion, age, gender or handicap.
- Substitute teachers are not permitted to use a teacher's computer to check, download, or send personal email, forward chain letters, jokes, stories, hoaxes, urban legends, or to access data or information.
- Searches are not permitted. If you receive a tip or suspect a student is in possession of a weapon, drugs, or alcohol, notify the closest administrator as quickly as possible. Do not investigate on your own.
- **Under no circumstances should a substitute use physical contact with a student. If a situation arises, contact an administrator.**

To remain an active substitute, you must work **4** assignments each school year. The school year is defined by the first day for students through the last day for students. **For the 2023-2024 school year 4 days must be worked between Tuesday, September 5, 2023 - Thursday, June 13, 2023.** Failure to meet this requirement will result in the termination of your employment with Cecil County Public Schools.

LONG TERM SUBSTITUTE GUIDELINES

Administrators may contact the substitute about filling a long-term position for a teacher or paraprofessional who has an extended absence of 15 or more days, or a school may have a position vacancy. There is often an interview process involved, much like becoming an employee.

As a substitute who is working a long-term position, you will be set up as an employee in the ABSENCE MANAGEMENT system. Recording your absence (as an employee) in ABSENCE MANAGEMENT notifies the school that you are not going to be at your assignment for that day and calls for a substitute for you.

- You will be responsible for daily lesson plans. Daily lesson plans will be done in accordance with county specifications and following the teacher's long range plans.
- Lesson materials will be provided to you for the first day of your assignment. Following day one of your assignment, you are responsible for preparing lesson materials.
- You will be responsible for grading quizzes, assignments, and tests. Grades are to be entered into grade books. You will need access to the teacher's grade book. You will need to obtain a copy of the teacher's grading policy.
- You will assume any duties assigned to the teacher for whom you are substituting (i.e. bus duty, hallway monitoring, etc.) A list of these duties will be provided to you by the building administrator.
- Transition days with the teacher of record may be scheduled at the beginning and end of your tenure as appropriate given the assignment.
- You are responsible for making certain that the condition of the classroom or teaching station is maintained.
- You are responsible for communicating with parents regarding student progress, behavior, etc. as needed.
- E-mail address: All long-term substitutes will be assigned an e-mail address for Cecil County Public Schools (i.e.: btrust@ccps.org). If you work only one long-term assignment, the e-mail address will be deleted at the end of the school year. However, if you are a substitute that performs multiple long-terms, your e-mail address stays active.

HEALTH RELATED TOPICS

HEALTH REFERRAL FORMS

Please complete a Health Referral Form when you send a student to the nurse.

CONFIDENTIALITY

- Confidentiality laws prohibit you from revealing confidential information about a student without a parent or guardian's permission.
- Not only do you have a legal responsibility to keep a student's health issues confidential, you have a professional and ethical responsibility to protect the students you teach.
- Students have a right to privacy when it comes to their health issues – HOWEVER – if a student talks about suicide, hurting themselves, or abuse, you must let the guidance counselor, nurse, or principal know this immediately.

You may not always know about the needs of the students in your room. If students have severe medical issues, there should be a note on the substitute instructions left by the teacher.

A good rule of thumb to follow is, if you think you have a problem or a potential problem, get help from the teacher next door.

If there should be an accident in your classroom – report it to the office or school nurse so that an incident report can be completed.

PROCEDURE - APPROPRIATE REFERRALS TO THE HEALTH ROOM

INTRODUCTION

A health room is to be utilized by students who are injured or ill, receiving treatments or medications, or require other health related assistance. This document provides guidelines for teachers, nurses, and other school staff to assist them in making appropriate referrals to the health room.

GENERAL GUIDELINES

- Students receiving medication or treatments should report to the health room at the time indicated on the Medication Order Form. (The usual times are before school, 10:00 a.m., lunchtime, or 2:00 p.m.)
- Students receiving assistance in the health room (e.g., catheterization, blood sugar testing, etc.) should report at the time that has been arranged with the school nurse.
- School staff is to use the ¼ sheet Health Suite Visit Pass when sending students to the health room and indicate the student's complaint. Students will not be admitted to the health room without a pass from the teacher, unless they are having a medical emergency.

- Although no comprehensive list is possible, the following guidelines should be used by school staff in determining whether students should be sent to the health room. The following conditions would be appropriate referrals:

Vomiting	Unusual lethargy	Rash
Diarrhea	Red, draining eyes	Skin lesions
Fever	Difficulty breathing	Severe earache
Severe sore throat	Severe cold symptoms	Toothache
Severe headache	Severe pain	Unusual color of skin
Significant change in a child's appearance or behavior		

- Minor injuries that occur at home and appear to be healing do not need to be referred to the school nurse.
- Upon arrival in the health room, students will be assessed for illness or injury by the school nurse. The school nurse will follow the Guide for Emergency Care (SHS Guideline) for assessing and treating illness and injury.
- Health room staff will determine if emergency transportation to a hospital is needed. The parent/guardian is to be notified if the injury or illness is of a serious nature. If the parent/guardian cannot be notified, the student will be transported via 911 to the hospital at the discretion of the nurse in consultation with the principal/designee. In the event that the school nurse considers the situation a life-threatening emergency, prior consultation with the principal/designee or parent is not required.
- Students who are injured and are physically able to report to the health room should do so as soon as possible after the injury occurs.
- If a student is so severely injured that he/she should not be moved, health room staff should be notified to come to the site where the injury occurred.
- If a student's injury or illness is severe enough that health room staff feels that the student is too ill to stay in school or should be seen by a physician, the parent or designee listed on the emergency card will be contacted to pick up the students. Refer to "Sending a Student Home When Ill or Injured".

When a student is leaving school early because of illness or injury:

- The parent or designee is expected to pick up the student in a timely manner.
- If health room staff are having difficulty contacting a parent or designee listed on the emergency card, the principal or designee should be notified.
- Health room staff may determine, through assessment, that the student can return to class. When this is the case, health room staff should indicate on the student's pass that the student is to return to class and the time the student left the health room. Documentation of the assessment should be noted on the Student's Health Suite Visit Record.
- School nurse will contact parent/guardian whenever students request that parent/guardian be called because of a health concern.

CRISIS PLAN

PURPOSES AND USES

The ***Emergency Procedures Guide*** is the result of a significant effort by members of the Cecil County Public Schools Safe Schools Steering Committee. There are three basic purposes for providing this information in this format:

- To assist school system personnel as emergency procedures are written for schools or departments;
- To act as a resource for identifying safe school topics that require additional training or staff development, and;
- To act as a guide for conducting safe school drills or in the event of an actual emergency situation.

CODE YELLOW / SECURE STATUS

CODE YELLOW:

Initiate when there is a need for heightened security, but instructional activities continue.

- Announce “secure status: Code Yellow.”
- Immediately cancel all outdoor activities.
- Notify portable classrooms and classes outside.
- Principal/designee notifies Public Information Office (410-996-5474) or a member of the Leadership Team.
- Notify School Resource Officer.
- Initiate classroom accountability procedures.
- Lock all classroom doors.
- Maintain indoor class activities as usual.
- Visually monitor students during class change.
- Limit and monitor individual student hallway movement.
- Maintain above procedures until “all clear” message is given.
- Debrief with staff following the event.

SECURE STATUS: LOCKDOWN (ALICE)

Initiate when there is an active threat.

These do not have to be followed in sequential order but should be determined based on the situation. Remember, EVACUATE is the best option!

ALERT—First notification of danger. No code words.

LOCKDOWN—This is a semi-secure starting point from which to make survival decisions and discuss plans to counter or evacuate. If you decide not to evacuate, secure the room.

- Lock the door and cover any door windows if possible
- Barricade the door with anything available
- Call 911
- Put yourself in a position to surprise the active shooter should they enter the room

INFORM—Using any means necessary to pass on real time information in order to communicate the violent intruder’s location and direction in real time.

COUNTER—This is a last resort when other options are not available or feasible. This is the use of simple, proactive techniques that will make the Active Shooter’s ability to shoot accurately more difficult. This is not fighting this is countering the attack.

From your home page, here are two places you can click to access a list of jobs that you are qualified and available to fill. Available jobs will show up in the black info bar at the very top of the page and on the **Available Jobs** tab.

The fastest way to find jobs is the "Available Jobs" section on the home page below the calendar. Here, you'll see a list of jobs that you are qualified and available to accept.

Viewing the Job Details

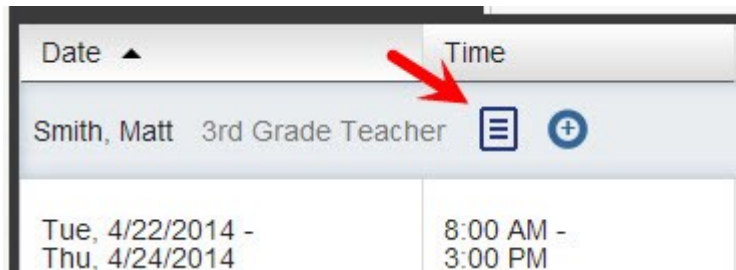

All the important job details are here, like the name of the employee you will be subbing for, the location of the job, the date and time of the job, and more.

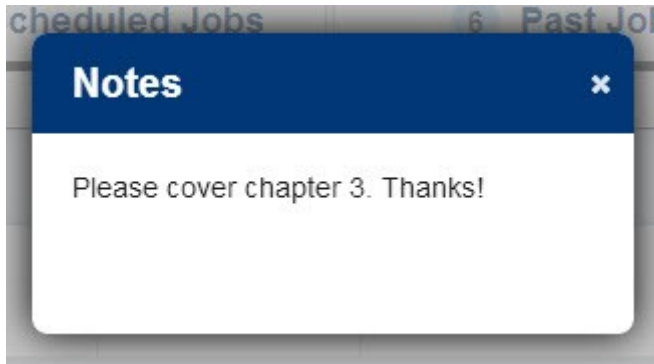

There are other details about the job (notes, attachments, and multi-day jobs) that will show here too.

View the Job's Notes

The notes for this job will pop up for you to view. To exit the notes, click the **X** in the top right corner of the pop-up.

Multi-Day Jobs

Some jobs in your available jobs list may be multi-day jobs. Multi-day jobs will be indicated by a circle icon with a plus inside it.

This will reveal each individual day for the job, as well as a new button, **Accept Multi-Day**.

Click the **orange map icon** to open Google Maps with directions to the school's location.

Accepting or Rejecting Jobs

Now that you have seen the job details, you are ready to accept or reject the job.

Rejecting a Job

To reject a job, all you have to do is click the **Reject** button on the right side of the job listing. Rejecting a job will make it disappear from your available jobs and you will not see it again. Only click the reject button if you are absolutely sure that you will not want to come back to this job later.

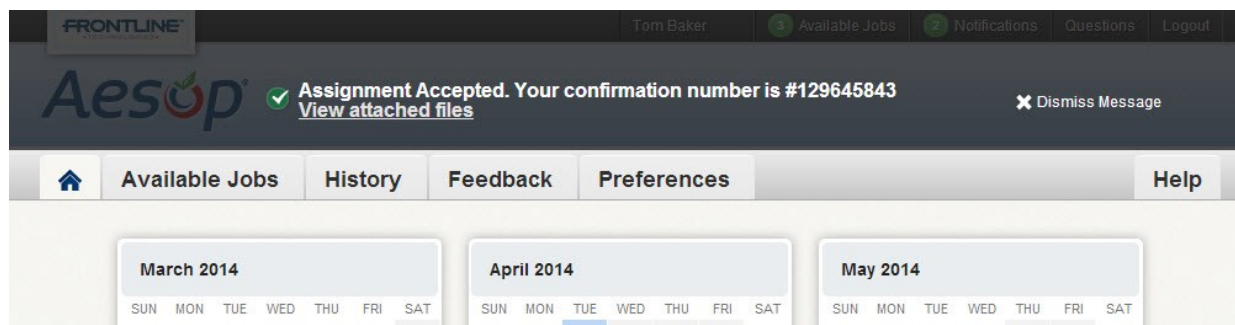

Accepting a Job

To accept a job click the green **Accept** button on the right side of the job listing.

Once you have accepted the job, you will receive a pop-up at the top of your screen showing you the confirmation number.  - ii. Services from a victim services organization
 - iii. Legal services.

IV. Definition of a Family Member

TOBACCO-FREE SCHOOLS

The State Board of Education adopted the Tobacco-Free School Environment Regulation (COMAR 13A.02.04.01 - .07) requiring that each school system maintain a tobacco-free school environment; therefore, the sale or use of tobacco in any form is prohibited by anyone in all Cecil County Public School buildings, whether owned or leased, at all times (24 hours a day, every day). This includes schools, the central office, warehouses, garages, or other buildings operated by the Cecil County Public Schools, regardless of whether or not students are present.

In addition, the sale and use of tobacco in any form is prohibited on school grounds during the official school day. The "official school day" is defined as the time students are regularly in school. Middle and high schools are from 7:30 a.m. through 3:00 p.m. Elementary schools are from 8:15 a.m. through 3:30 p.m. If an individual school schedule differs from the times stated above then that school schedule shall prevail. STAFF CONDUCT
MAINTAINING A DRUG AND ALCOHOL FREE WORKPLACE

The Cecil County Public Schools is supportive of America's War Against Drugs and committed to a drug free workplace. The system further realizes that the abuse of drugs impacts adversely upon the high standards of safety, security, and productivity that we expect of all employees. Compliance with this regulation is a condition of employment.

This regulation balances respect for employees with the needs of the system to maintain a drug and alcohol-free environment. Its intent is to provide appropriate assistance while sending a clear message that illegal drug use and alcohol abuse are incompatible with the mission of the school system and will not be tolerated.

Employees are advised that the Cecil County Public Schools prohibits the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance or alcohol on school premises or as part of any student activities.

Employees are further advised that they are obligated to notify their next-in-line administrator of any criminal drug statute conviction. This notification must be given to the next-in-line administrator no later than five (5) days after such conviction.

Within 30 days after receiving notice from an employee of such a conviction, CCPS will take appropriate personnel action against such employee up to and including termination or require the employee to satisfactorily participate in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

Failure to comply with the conditions outlined in this regulation will result in appropriate action taken against the employee, which may include termination of employment, and when consistent with local, state, and federal law, will include referral to appropriate authorities for prosecution.

Employees who may be encountering drug or alcohol abuse problems are encouraged to seek competent, professional assistance immediately. The Cecil County Public Schools reserves the right to require treatment for employees experiencing drug or alcohol abuse problems. This treatment may be mandatory and is at the employee's expense. Failure to comply will result in termination of employment.

Cecil County Public Schools maintains an Employee Assistance Program (EAP) to provide employees with confidential counseling in a variety of areas. Employees are encouraged to contact the EAP or one of the agencies in the community when seeking help for drug or alcohol related problems.

Such signs/symptoms may include an unsteady gait, slurred speech, atypical or erratic behavior, and/or not performing the job in a safe manner, such as having a preventable accident on the job. U.S. Department of Transportation (DOT) standards will be used as training standards.
3. All behaviors leading to a decision to require an employee to take a drug/alcohol test will be documented by the designated administrator.
4. The designated administrator must sign the reasonable suspicion form requiring the person to submit to a reasonable suspicion drug/alcohol test.

If an employee exhibits signs and/or symptoms of not being fit for duty or has a documented pattern of unacceptable work behavior, or if the administrator has a reasonable suspicion that an employee is in violation of CCPS rules of conduct, the employee may be required to take a drug/alcohol test by a designated administrator.
2. If reasonable suspicion of illegal drug and/or alcohol use has been determined, the administrator, or designee, will escort the employee to the approved collection site.
3. All tests shall be administered within two (2) hours of notification of the determination of reasonable suspicion.
4. Any employee who refuses to be tested or to consent to the results of the test being released to the school board, shall be considered to have committed insubordination and misconduct in office and shall be subject to termination.
5. Drug and alcohol testing will be performed through the testing of a collected urine sample. Testing shall only be performed by trained personnel and at approved collecting agencies. Proper chain of custody shall be followed.
6. The test site shall follow all guidelines of the Department of Health and Human Services (DHHS).
7. All labs handling the drug/alcohol test shall be approved by the National Institute Drug Association.

9. Cecil County Public Schools will assume the cost of the initial drug/alcohol test.
10. A copy of these regulations will be provided to the employee by the designated administrator.

Test Results

1. Employees who have been directed to have drug/alcohol tests based on reasonable suspicion shall be immediately placed on administrative leave from their position pending test results.

Disciplinary Action

1. Employees who possess, manufacture, distribute, dispense, sell, trade, or offer for sale illegal drugs and/or alcohol, or use illegal drugs and/or alcohol on CCPS property are in violation of both the law and CCPS policy. In all cases, the administrator will notify proper police agencies.
2. Employees who test positive for drugs and/or alcohol shall receive disciplinary action up to and including termination.
3. Employees who test positive, and are not terminated, shall be referred for treatment to the EAP. REPORTING CHILD ABUSE AND NEGLECT

OBLIGATION TO REPORT

Any employee of the Board or volunteer who has reason to believe that a child has been subjected to **physical abuse or sexual abuse, human trafficking, or child pornography** shall immediately report *such* to the local Department of Social Services or appropriate law enforcement agency, the Principal or Department Head and the Director of Student Services. The report, both oral and written form, shall be made as soon as reasonably possible, but in any case the written report must be made by law within 48 hours of the suspicion of possible abuse to the local Department of Social Services, the local State's Attorney, the Principal or Department Head and the Director of Student Services. The Board encourages written reports to be submitted within 24 hours whenever possible.

Any employee of the Board or volunteer who has reason to believe that a child has been subjected to **neglect** shall immediately report to the local Department of Social Services, the Principal or Department Head and the Director of Student Services. The report, in both oral and written form, shall be made by law as soon as reasonably possible, but in any case the written report must be made within 48 hours of the suspicion of possible neglect to the local Department of Social Services, the Principal or Department Head and the Director of Student Services. The Board encourages written reports to be submitted within 24 hours whenever possible.

Where school personnel or volunteers are unsure whether abuse or neglect has taken place, the situation should be discussed with the local Department of Social Services.

SANCTIONS FOR FAILURE TO REPORT

On the recommendation of the Superintendent, the Board may suspend or dismiss an employee for misconduct in office, who knowingly fails to report suspected child abuse in violation of Family Law Article, Title 5, Subtitle 7 (Child Abuse/Neglect), Annotated Code of Maryland.

Maryland law provides that upon the recommendation of a local board of education, or the Assistant State Superintendent in Certification and Accreditation when the individual is not employed by a local board of education in Maryland, any certificate issued under the State Board of Education's regulations may be suspended or revoked by the State Superintendent if the certificate holder is convicted of a crime involving child abuse or neglect or is dismissed by a local board for knowingly failing to report suspected child abuse in violation of the Family Law Article.

IMMUNITY

Maryland Family Law provides that any person who makes or participates in the making of a good faith report of abuse or neglect or participates in the investigation or in a judicial proceeding resulting therefrom shall in so doing be immune from any civil liability or criminal penalty that might otherwise be incurred or imposed as a result thereof.

CONFIDENTIALITY

Maryland Department of Human Resources (MDHR) regulations require that the identity of the person reporting a case of suspected child abuse and/or neglect shall not be revealed. Protective services staff shall make every attempt to protect the identity of the reporter unless required by court order to reveal the source.

PARENTAL NOTIFICATION

Although the regulations express a preference for parental notification, the school principal or the principal's designee is not required to notify parents or guardians of investigations on school premises involving suspected child abuse or neglect. The Principal, in consultation with the protective service caseworker, may decide whether the parents should be informed of the investigative questioning. It may be determined, for example, that disclosure to the parents would create a threat to the well-being of the child. Absent a compelling reason to the contrary, the principal shall promptly notify the parents or guardians of the investigation.

EMERGENCY MEDICAL TREATMENT

In the event that a child is in need of emergency medical treatment as a result of suspected abuse or neglect, the school principal, in collaboration with the school nurse or other health professional when available, shall arrange for the child to be taken immediately to the nearest hospital. The protective services worker or law enforcement officer should be consulted before taking the child to the hospital when feasible; in cases where the emergency conditions prevent such consultation, the protective services worker should be notified as soon thereafter as possible. In all other instances, it is the role of the protective services worker and/or law enforcement officer to seek medical treatment for the child.

Information contained in school health records needed during the existence of a health and safety emergency may be disclosed without parental consent and without violating the provisions of Federal Educational Rights and Privacy Act (FERPA) of 1974.

REMOVAL OF CHILD FROM SCHOOL PREMISES

The child may be removed from the school premises by a protective services worker or police officer only if

1. Local social services has guardianship of the child.
2. Local social services has a shelter order or a Policy Manual court order to remove the child. (Verification of shelter care order by school personnel can be made by calling the local juvenile services agency intake officer.) A joint decision by the principal and the protective services worker should be made regarding who will notify the parents of the action to remove the child from school. Absent a compelling reason to the contrary, the principal shall promptly notify the parents or guardians of the removal of the child. In the absence of a joint decision the superintendent or the superintendent's designated representative shall insure that prompt notification of removal from school is made to the student's parent or guardian.

INVESTIGATIVE PROCEDURE

Validation of suspected child abuse is the responsibility of the Department of Social Services, assisted by the police. School personnel shall not attempt to conduct any internal investigation or an independent review of the facts. A school employee may, however, briefly question a child to determine if there is reason to believe that that child's injuries resulted from cruel or inhumane treatment, sexual abuse, or malicious acts by the child's caretaker (e.g., What happened to you? How did this happen?). However, in no case should the child be subjected to undue pressure in order to validate the suspicion of abuse and/or neglect. Any doubt about reporting a suspected situation is to be resolved in favor of protecting the child and the report made immediately.

PARENTAL AWARENESS

Parents should be advised of the legal responsibility of school staff to report suspected cases of abuse and/or neglect. In order to facilitate positive interactions between the school and home/community, it is often helpful to inform parents of this before a problem arises. A letter should be sent to all parents at the beginning of the school year.

INFORMATION DISSEMINATION

Information on child abuse and neglect will be disseminated as follows:

1. Provide annual training sessions to all school employees, substitutes and volunteers on child abuse/neglect policies and procedures, symptoms, programs and services, and prevention curriculum.
2. Implement, as a part of the curriculum, an awareness and prevention education program for all students.
3. Initiate a public awareness program for students, parents, and the community at large. Information may be disseminated in school newsletters or with report cards. Presentations may be conducted at PTA meetings and at meetings of other community organizations.
