

How to Log In to Schoology

Students may find themselves needing to access Schoology when out of the building (ex. Inclement weather day). To access your classes, directions from your teachers, and Zoom links please follow the directions below.

1. Log in to your device using your CCPS information/email*:
 - a. Username is your CCPS email
 - It is the first four letters of your first name, first four letters of your last name, and your student ID number.
 - (Example: Donald Duck's email address would be donaduck123456@ccps.org)
 - b. Password is your CCPS password
 - Contact your student's teacher if your student can not remember their password.
2. **Go to <http://cecilcounty.schoology.com/>
3. Click on "COURSES" at the top of the window

4. You should see all the courses you are enrolled in for Calvert Elementary School.
(Schoology automatically populates with your specific courses.)

***Note** - If your child is using a shared computer, please open the Google browser and then add a profile to the device for your child using their CCPS login credentials as stated above.

****Note** - If your child has used a QR code to log in to a device then it will take the student directly to Clever. In Clever, students will see an icon for Schoology that they should click.
