October 2, 2023

Dear Moon Area High School,

Greetings from the Admissions Office for Allegheny Health Network Schools of Nursing! As the 2023 school year opens, we are excited to share information about our registered nurse (RN) programs with your students. We've enclosed an informational poster with a QR code for you to display on campus. The QR code allows students to directly access our website to learn more about our programs, submit an inquiry, and apply for admission.

ABOUT AHN SCHOOLS OF NURSING

The AHN (Allegheny Health Network) Schools of Nursing prepares students for entry-level practice, the Registered Nurse (RN). Our students receive hands-on clinical experience in medical-surgical, critical care, mental health, obstetrics, and pediatric nursing. Over 90% of AHN Schools of Nursing graduates who seek employment as an entry-level registered nurse have been hired in a health care setting within one year of graduation. After successful completion of the national registered nurse (RN) licensure exam, graduates can advance their nursing education and seek advanced degrees.

TWO LOCATIONS

Citizens School of Nursing in Tarentum offers both a full time 22-month RN program and a 36-month part-time RN program. Students gain experience in assessing, planning, and administering patient care.

Take advantage of a 22-month program — with a slower pace than some accelerated programs, but still half the time of a traditional four-year school. Or enroll in the nights-and-weekends, part-time program that allows you to progress at a manageable pace and finish in 36 months.

West Penn Hospital School of Nursing in Pittsburgh offers a full-time 22-month RN (Registered Nurse) program. Students in this program work and study in a dynamic, urban Magnet®-recognized hospital environment, alongside professionals from a wide variety of health care disciplines. Students enjoy one-on-one attention from experienced, active faculty who are dedicated to their success. No matter which program you choose, you will have an amazing opportunity to learn about the nursing profession in top tier medical facilities.

TRAINED. HIRED. PAID. It's that simple! If you would like to schedule a school visit, please contact us at sonadmissions@ahn.org.

Sincerely,

Allegheny Health Network Schools of Nursing - Admissions Office
