

Welcome to Pillager School District's state-of-the-art, performance auditorium, the CTC CENTER.

Pillager Schools music performances in the CTC Center only require tickets for elementary concerts at this time. This may be subject to change. Middle and High school events in the CTC Center have added more performances in order to alleviate the seating congestion that can occur in some of the performances.

Pillager CTC Center is dedicated to the safety, security, and enjoyment of our guests at every event. If an event is free and does not require a ticket, it helps if we all follow the correct seating protocol for general admission seating. If you decide to sit in the **Center Section**, please fill the seats in the middle of the row first so people arriving later do not have to walk past you or make you stand to get to their seats. If You are going to sit in one of the **Outer Sections**, sit next to the wall and leave the seats near the aisle so that guests arriving later do not have to make you stand to get to their seats. Please remember to be a good neighbor to those seated around you.

Any questions contact us at (218)746-3344 or email us at ctccenter@isd116.org
