## **Purpose and Plan Summary**

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Additional Targeted Support and Improvement

The purpose of this plan is to describe the use of federal and state resources toward promoting equitable student outcomes.

Summarize the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

This School Plan for Student Achievement (SPSA) is aligned to the San Juan Unified Local Control and Accountability Plan (LCAP.) The SJUSD LCAP describes four goals:

Goal 1: Connected School Communities

Goal 2: Healthy Environments for Socio-Emotional Growth

Goal 3: Engaging Academic Programs
Goal 4: Clear Pathways to Bright Futures

Site goals include actions, services and expenditures that meet the state and federal requirements. All goals, actions and resources are directed toward improving academic and social-emotional outcomes for students. Resources are directed toward intervention, professional development, and supplemental materials.

Additional Targeted Support and Improvement (ATSI) is provided to assist schools in improving outcomes for student groups who have performed at the lowest level for multiple years on the California School Dashboard indicators. Del Campo High School met the criteria for the following student group:

Homeless

## **Comprehensive Needs Assessment Components**

- What did your data show (disaggregated by student group)?
- What did your root causes analysis reveal?
- What resource inequities did you discover?

#### **Data Analysis**

What did your data show (disaggregated by student group)?

		Guidance
Data	Analysis	Includes a thorough analysis of verifiable state academic and culture/climate data, consistent with all state priorities (CA Dashboard) disaggregated by student groups.
Dala A	Allaly SIS	Includes a thorough analysis of relevant district and site academic and culture/climate data, including aligned ongoing measures, disaggregated by student groups.

Del Campo has determined that new baselines must be established with the challenges presented upon returning to school after the Corona Virus Pandemic (distance and hybrid learning). Based on this thinking, the 2022-23 Comprehensive Needs Assessment is focused on the following:

- 1. Attendance as based on the 2022-23 School Year.
- Engagement will be based on attendance.
- 3. Data will be collected regarding surveys, attendance, behavior, grades, etc.
- Learning loss to be determined through local assessments, teacher observation, and student outcomes.

#### Current data shows:

Starting Enrollment 2019/20: 1808 Starting Enrollment 2020/21: 1726 Starting Enrollment 2021/22: 1691 Starting Enrollment 2022/23: 1686

Projected Starting Enrollment 2023/24: 1579

#### Target groups:

3.8% of projected 2023/24 students had an absence percentage of more than 25%. 26% of projected 2023/24 students had an absence percentage of more than 10%.

Based on the above data, the staff recognizes that a specific group of students will be targeted for interventions.

\*\*\*Del Campo High School's average student group populations over the three years from 2020-21 to 2022-23 by grade level and ethnicity show the challenges of returning from COVID. We continue to establish new baselines as we establish the current climate and culture for our students post-COVID.

\*\*\*The special education department has begun its second year with teacher push-in to regular classes and offering additional support. The push-in classes are focused on Science and Math currently. This helps to accommodate better and make IEP modifications in those classes. We recognize that we have work to do in this area to help our students and teachers in this model.

Academic Performance: Math

Trends for Math Performance on CAASPP Test.

\*\*\*From 2020- 2022, are once again impacted by COVID. There are no results for 2020 or 2021, as the state did not count those results. We are using the data from 2022 to reestablish our baseline numbers. Our 2022 data for Math shows that our students are 87 points below the average overall.

#### Trends:

\*\*\* Our Special Education was Very Low, 172.9 points below standard, and English Learners were Very Low at 183.7 points below the standard

\*\*\*The following subgroups all tested Low on CAASP:
Hispanic students were 114.6 points below the standard
Socially disadvantaged students were 112 points below the standard
White students were 75.9 points below standard.

This baseline has allowed us to evaluate where our students are at the return of COVID and how to bring them up to the academic standard and to have them meet or exceed the expected range. We are working with the new math curriculum adoption, and course changes have happened that will allow us to meet the students where they are while continuing to hold a high level of expectation and bring them up to and above standards.

We had no subgroups above the Low level.

Academic Performance: ELA

#### CAASPP ELA Performance

\*\*\*From 2020- 2022, the data is once again impacted by COVID. There are no results for 2020 or 2021, as the state did not count those results. We are using the data from 2022 to reestablish our baseline numbers. Our 2022 data for English shows that our students are 14.8 points above standard overall. There is work to be done within several subgroups and

we are getting professional development in UDL and ongoing support for Differentiated Instruction that should help to meet the needs of all student learners.

The following subgroups all tested in Very Low on CASSP: Students with Disabilities fell in at a Very Low 89.4 points below the standard

The following subgroups all tested Low on CASSP:
Hispanic students were 4.1 points below standard
Socioeconomically Disadvantaged students were 2.1 points below standard

The following subgroups all tested Medium on CASSP: White students testedm18.3 points above the standard

We had no students test above the Medium level.

Academic Performance: ELL

\*\*\*From 2020- 2022, the data is once again impacted by COVID. There are no results for 2020 or 2021, as the state did not count those results. We are using the data from 2022 to reestablish our baseline numbers. Our 2022 data for English Language Learners shows that 47.4% of our ELL students are progressing toward English language proficiency. Our population has more than doubled in the past three years and is presenting growth challenges as we rush to meet the needs of all students at their level of English upon starting school.

· College/Career -

The graduation guidelines for our district have been adjusted to reflect the needs of students and the ever-changing world. Beginning with the class of 2023, students will be required to take two years of a World Language and three tears of Science.

Race/Ethnicity breakdown of students who have met the A-G Dashboard indicators from 2020-2021 through 2022-2023:

Additional Targeted Support and Improvement (ATSI):

The one critical area of concern as determined by the California Department of Education is the suspension rate for our Homeless students. Of the 131 qualifying students that we had, 11.5% of those students were suspended for at least one day. That means that 15 students from that subgroup were suspended. The main support that we will be looking at for those students is to assign a caseload to our new position of School Community Outreach Specialist. It is our desire to use preventative conversations and goals with our homeless students to address their needs and to stave off negative behaviors.

## **Root Cause Analysis**

What did your root causes analysis reveal?

	Guidance
	Root cause analysis follows directly from areas identified during data analysis.
Root Cause Analysis	Root cause analysis identifies clear and actionable academic and culture/climate areas to focus improvement efforts.

Our identified Major student learners' needs are: A safe environment for academic and non-academic activities and targeted differentiated instruction, assessment, and engagement.

CSI Focus Initiative 1: Improve the school community; enhance accountability, responsibility, and inclusivity to empower change and growth.

LCAP: Goal #1 School Connectedness

SLO: Character - I will be respectful, responsible, ethical, and productive.

Unity - I will learn in an environment through teamwork, communication, and cooperation.

CSI Focus Initiative 2: Increase campus-wide physical safety and emotional well-being for students and staff.

LCAP: Goal #2 Healthy Environments

SLO: Accountability - I will strive for optimal academic performance and personal behavior.

Character - I will be respectful, responsible, ethical, and productive.

CSI Focus Initiative 3: Design and deliver instruction that is engaging, responsive, student-centric, and aligned with research-based practices.

LCAP: Goal #3 Engaging Academics

SLO: Opportunity - I will challenge myself with a diverse curriculum that meets my needs and interests.

Self-Motivated - I will achieve personal and academic success.

Growth - I will develop and improve my intelligence and abilities through effort and practice.

CSI Focus Initiative 4: Ensure all students have the opportunity to graduate from Del Campo ready for college, career, and life through diverse program offerings and high expectations.

LCAP: Goal #4 Clear Pathways to Bright Futures

SLO: Resiliency - I will persevere in pursuit of my goals, despite facing obstacles and setbacks.

Self-Motivated - I will achieve personal and academic success.

CSI Focus Initiative 5: Strengthen or create multiple data streams to enhance achievement and opportunity so all students can access school programs equally.

LCAP: Goals #1, 2, 3, and 4

SLO: Opportunity - I will challenge myself with a diverse curriculum that meets my needs and interests.

Growth - I will develop and improve my intelligence and abilities through effort and practice.

## **Resource Inequities**

What resource inequities did you discover?

	Guidance
Resource Inequities	Includes a concise, thoughtful analysis of the degree to which school resources are currently directed to support identified needs.

In many areas, resources have been allocated to areas identified in our Root Cause Analyses.

Because of the achievement gap of English Language Learners, we are working to develop new curriculum and instructional practices that will improve English Learner performance. We hired a new ELL teacher for the 2022/23 school year and hope to continue to build a comprehensive program that can better track data with English language development.

In addition to the change in graduation requirements which ask that all graduates be College and Career ready, Del Campo hired another College and Career Technician to support Kate Bartlett. Kim Guillen has been a welcome addition to the work that Ms. Bartlett did and has provided support with FAFSA information nights for students and parents, college application workshops, college rep visits, etc. Our College and Career Techs also met one on one with struggling students by grade level. They also work with at-risk students and help support targeted students across the board.

Due to the excessive loss of credits, Del Campo allocated funds to 6 sections of Credit Recovery, designed to specifically address concepts from courses that were previously failed. There were 2 sections of ELA, Science, and Social Studies.

## **Input from Educational Partners**

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

#### Involvement Process for the SPSA and Annual Review and Update

Del Campo High School reviewed the Single Plan with a several stakeholders including the School Improvement Team, Site Leadership Team and School Site Council.

The School Improvement Team consists of representatives from each department, a classified staff member, vice principal and principal. This team meets each month to discuss the WASC action plans and to review and revise the SPSA. All discussions and decision making were predicated on review of data including student enrollment, ELPAC data, CAASPP data, Graduation Rates, Suspension Rates, College and Career Data, School Survey Results, Staff and Student Survey Data (EOS, DCAAEL, Climate/Culture).

Site Leadership Team is an elected body of representatives including certificated and classified staff and administration that meets once a month to create and present professional development for the staff based on Del Campo's Critical Areas of Need, teacher surveyed requests, department discussions on areas of need.

The School Site Council is an elected body of certificated, classified staff, parents and students. SSC meets four times a year to review the SPSA, discerning areas of need and the funds necessary to continue to promote them. These bodies, representing a wide variety of interests, met regularly to review current school data to inform decisions which impact student learning, social-emotional support, behavioral needs.

In order to address the need of reducing suspension rates for our Homeless population, our WASC Steering committee and Leadership team have identified the need for continued support for our McKinney Vento students. The intervention team will look at the identified students in August and reach out for supports.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

In many areas, resources have been allocated to areas identified in our Root Cause Analyses.

Because of the achievement gap of English Language Learners, we have allocated resources to improve EL success over the last several years. We recently hired Dorothy Ramey as our ELL

Teacher and we are seeing improved results. In 2022/23, we had 15 students who scored a 4 or higher on the Summative ELPAC Assessment. This is the highest number of reclassified students we have ever had. In order to continue to support Dorothy, we paid for her to attend both the AVID conference and the CABE conference.

In addition to the change in graduation requirements which ask that all graduates be College and Career ready, Del Campo hired a College and Career Technician, Katy Bartlett. She was hired in 2019 and provided tremendous support for our students in college and career guidance. She was so important to the success of our students that we ended up hiring an addition College and Career Technician in 2022, Kimberly Guillen. Both Ms. Bartlett and Ms. Guillen work together to host FAFSA information nights for students and parents, college application workshops, college rep visits, etc. They also work with our Career Technical Education students to bridge high school with the college and career choices of our students.

Del Campo has struggled to improve the math scores of all of our students. In order to address this, we have added Integrated Math 1 classes in the Spring Block. Additionally, we will now be working with a new curriculum adoption for math. The department has also worked to create curriculum aligned to CCSS, formative and summative assessments and integrated CCSS instructional practices. Additionally, the math department has implemented an after school EL math tutoring program.

As our identified ATSI area, the main support that we will be looking at for those students is to assign a caseload to our new position of School Community Outreach Specialist. It is our desire to use preventative conversations and goals with our homeless students to address their needs and to stave off negative behaviors.

## **School Site Council Membership**

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Greg Snyder	Principal
10th Grade Student	Secondary Student
11th Grade Student	Secondary Student
11th Grade Student	Secondary Student
Joe Ellis	Classroom Teacher
Kenyan Epps	Classroom Teacher
Brian Weitzel	Classroom Teacher
Paula Jordan	Classroom Teacher
Paul Stokes	Parent or Community Member
Renee Nicholson	Parent or Community Member
Chris Hauger	Parent or Community Member
Rebecca White	Other School Staff

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

## **Recommendations and Assurances**

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

# Signature Committee or Advisory Group Name English Learner Advisory Committee Special Education Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

Principal, Greg Snyder on 5/16/2023

SSC Chairperson, Paula Jordan on 5/16/2023

This SPSA was adopted by the SSC at a public meeting on May 16, 2023.

## Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at <a href="LCFF@cde.ca.gov">LCFF@cde.ca.gov</a>.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at <a href="ITTLEI@cde.ca.gov">ITTLEI@cde.ca.gov</a>.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

## **Purpose and Description**

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

## **Purpose**

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

## **Description**

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

## **Educational Partner Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

## **Resource Inequities**

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEAand school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

## Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

#### Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

#### **Identified Need**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

## **Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

## Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

## Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

## Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

## **Budget Summary**

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

## **Budget Summary**

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of
  the proposed expenditures from all sources of funds associated with the strategies/activities
  reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are
  listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

## **Appendix A: Plan Requirements**

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

#### Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    - 1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

## Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
  - 1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will-
    - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    - b. use methods and instructional strategies that:
      - i. strengthen the academic program in the school,
      - ii. increase the amount and quality of learning time, and
      - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
      - i. strategies to improve students' skills outside the academic subject areas;
      - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
  - Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  - 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  - 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

## **Appendix B:**

# Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

#### **Comprehensive Support and Improvement**

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

#### The CSI plan shall:

- Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
- Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <a href="https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf">https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf</a>);
- 3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- 4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

## **Targeted Support and Improvement**

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

#### The TSI plan shall:

- 1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
- Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <a href="https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf">https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf</a>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

#### Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

#### Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
