We need your help to improve your kids' schools!

Service Members and families of Marine Corps Installations West-Marine Corps Base, Camp Pendleton:

The opportunity to learn is one of the greatest gifts we can give our children. We have great aspirations for future generations, but public schools continue to battle for every budget dollar. We can help ensure that our children have the necessary tools for success by making certain our local public schools receive additional funding available from the Federal Impact Aid Program.

Federal Impact Aid assists school districts that have a substantial federal government student presence. If your child attends school in a qualifying district, he or she may have brought home a Federal Impact Aid Survey Card from school at the beginning of this school year.

Impact aid dollars are not automatic. As parents, you can help our schools by completing the Federal Impact Aid Survey Card and returning it to your child's school. Many schools do not receive their full share of funding under this program due to non-return of survey cards. By investing a few minutes of your time to complete and return this card, you allow your child's school district to qualify for Federal Impact Aid funding.

As parents of military school aged children, please fill out these cards and return them for the schools to receive this funding. Thank you for your support of this most worthy initiative.

THANK YOU!
S/F. Jm

Sincerely,

J. G. WOODWORTH
Brigadier General, U.S. Marine Corps
Commanding General
