

Bidding Requirements

The Purposes of this policy, a “bid” refers to the formal process to solicit estimates from vendors based on a specified set of criteria. The District may seek less formal estimates through phone calls, catalogs, sales literature, requests for written estimates or quotes, or more formal means if necessary.

Unless otherwise excluded by NRS 332.115 the District or its authorized representative shall follow the following criteria with respect to bid requirements:

Purchases from \$0 to \$49,999

No bid requirements

District authorized representatives must seek to purchase items through the most economical means.

Superintendent has authority to purchase items up to \$25,000.

(Please see Federal Purchasing Requirements)

Purchases of \$50,000 or more

The District will follow bid requirements pursuant to NRS 332.063 and other provisions of NRS. 332 that apply.

Purchases of \$100,000 or more

The District will follow bid requirements pursuant to NRS 332.065 and other provisions of NRS.332 that apply.

This section does not prohibit the District or its authorized representatives from advertising for or requesting bids regardless of the estimated annual amount required to perform the contract.

When competitive bids are required, they shall be submitted in writing and presented in a sealed envelope. Receipt of such bids shall be at the place, date and time designated in the notice of publication.

The Superintendent or its authorized representative shall maintain a record of all requests for bids and all bids received for the contract for at least 7 years after the date of execution of the contract. (NRS.332.091)

Dividing the total purchase price among several purchase orders to avoid the requirements of this policy and NRS.332 will not be allowed. Any proposal for leasing must have prior Board approval.

Code: DJC

Revised: May 16, 2023

All bid advertisements must be reviewed and approved by the Finance Officer prior to placement. All bids involving facilities, transportation, and maintenance must also be reviewed and approved by the director of Maintenance and Transportation prior to placement.

Pursuant to NRS 332.195 with respect to on-line bidding. The District or its authorized representatives may use on-line bidding to receive bids submitted in response to a request for bids but shall not use on-line bidding as the exclusive means of receiving bids.

Pursuant to NRS 332.195 the District or its authorized representative(s) may join or use the contracts of the State or another State and other local governments located within or outside this State with the authorization of the contracting vendor.

Awarding bids will be done in accordance with Nevada Revised Statutes (NRS 332.065)

Any or all bids received in response to a request for bids may be rejected by the District if it is either determined that any bidder is not responsive or responsible or that the quality of the services, supplies, materials, equipment or labor offered does not conform to requirements or if the public interest would be served by such a rejection. Acceptance of any bid is also contingent upon bidder being in good standing with the Secretary of State of Nevada and upon the bidder not being included on the debarment list in SAM.

When a local merchant's quotations for materials or services are competitive with out of the area businesses, the Board prefers to purchase from the established local merchant with the district, provided the local merchant is properly licensed through the State of Nevada.

Competitive bidding is not required for emergency contracts per Nevada Revised Statutes (NRS 332). Unless otherwise provided by NRS, an emergency is a result of a disaster such as, but not limited to fire, flood, hurricane, riot, power outage, or disease.

The Superintendent has authority to approve emergency purchase orders when deemed necessary for the continued operation of the district. A purchase order must have a clear statement to explain why the purchase must be considered an emergency and must be reported to the Board at the next public meeting.

Exceptions to Requirements for Competitive Bidding

Contracts that, by their nature, are not adapted to award by competitive bidding may not be subject to competitive bidding requirements. The District will follow the provisions in NRS 332.112 through NRS 332.148 governing these exceptions. This includes, but is not limited, to the following categories which may be further defined by NRS:

1. Items which may only be contracted from a sole source;
2. Professional services;
3. Additions to and repairs and maintenance of equipment which may be more efficiently added to, repaired or maintained by a certain person;
4. Equipment which, by reason of the training of the personnel or of an inventory of replacement parts maintained by the local government is compatible with existing equipment;
5. Perishable goods;
6. Insurance;
7. Hardware and associated peripheral equipment and devices for computers;
8. Software for computers;

13. The design of, and equipment and services associated with, systems of communication,
