[Forgot Password?](#)

[Create New Account](#)

Click on **CREATE NEW ACCOUNT** located on the bottom.

In order to create an account, you must have received information from your student's school. This includes:

- Permanent ID
- Verification Code

This information must be supplied by your child's school.
You will also need to know the Primary Telephone Number
You cannot create an account without these items.

There is no way to prevent students from being able to create accounts as long as parents can create accounts. This is because students will eventually end up acquiring the VPC, ID, and TL from their parents and will try to sign up for an account of their own. Offering students the option of claiming to be students will actually discourage them from signing up as parents. This solution is not going to prevent students from registering as parents, but it will help minimize the occurrences.

Parents should click on the Parent radio button.

Return to Login Page

Step 1
Account Type - Student or Parent/Guardian

Parent Student

Previous Next

Click on Next

Enter an email in the 'Email Address'

Retype the same email in the 'Verify Email Address' box
