# School Improvement

School Improvement is a decision-making model that schools utilize to ensure programming, teaching and learning, and culture and community, provide all students access, opportunity, and support to achieve at high levels.

Each school develops a School Improvement Plan (SIP). The SIP identifies priority goals, instructional and culture strategies, and supports schools will implement to raise student achievement and prepare students for college and career pathways.

This works starts at the elementary school and continues through high school.

# School Climate and Culture

- In 2023/2024 less than 90% of the school utilized move this world training. Schoolwide acknowledgement of culture and celebration was not consistent.
  - SMART goal for **Climate and Culture**:
    - By June 2024, students will utilize emotional regulation language from “Move This World” to articulate and express their feelings.
  - T. C. Martin will support the school climate and culture goal by using the Move This World program. Each Wednesday every classroom show's a video from the program for students to learn, practice and discuss language to express feelings and interpersonal skills.
- The school will also establish a culture committee.
