Three Simple Steps to Enroll

1. Understand Your Benefits Options

Before you start comparing plan options, it's important to have a basic understanding of common health plan benefit terms.* Then, you can choose the option that best suits you and your family.

2. Select Your Primary Care Physician

When you enroll with Sutter Health Plus, you and each of your covered family members select a primary care physician (PCP). Your PCP is your healthcare advocate — providing and coordinating most of your care. Members can choose from four different types of PCPs. Once you select a PCP, list the Sutter Health Plus Provider ID number and the provider's name on your enrollment form.

TYPES OF PCPs

			
Family Medicine Provides primary care for newborns to geriatrics, and treats a wide variety of conditions.	Internal Medicine Provides primary care for adults aged 18 and older and specializes in diagnosing, treating, and preventing disease in adults.	Pediatrics Provides primary care for children up to age 18 and specializes in a wide range of childhood medical conditions.	OB/GYN Provides gynecological and obstetric healthcare services; some may provide primary care.

Already a Sutter patient?

If your current Sutter PCP also participates in the Sutter Health Plus network, you don't need to change PCPs — even if the practice is closed to new patients. Simply include the Sutter Health Plus Provider ID number (available on the Provider Locator and provider directory) and check that you're a current patient on your enrollment form.

3. Enroll

You are now ready to enroll and are one step closer to making an important investment in your family's health. If you have any questions, please call Member Services at 855-315-5800 or visit sutterhealthplus.org.

SEARCH DOCTORS

Need Help Finding a Doctor?

Our Provider Locator is an easy-to-use tool that helps you search for doctors, specialists, hospitals, Sutter Walk-In Care, urgent care centers, and more.

- Go to **sutterhealthplus.org/providersearch**
- Enter the ZIP code of the area you would like to search and the mile radius
- Within the primary care specialties category, select the type of PCP you want
- Check the box “Accepting new patients”
- Narrow search results by specialty, medical group or other criteria
- Or, search for a specific doctor by last name

Accessing Care

When you choose your PCP, you're also choosing their affiliated medical group and care team. Your PCP will refer you, as needed, for specialty care, X-ray, laboratory and other services. Many covered services — including visits to a specialist — require a referral and prior authorization from your medical group. Your PCP will refer you in-network for most services. If in-network services aren't available, your PCP will refer you for out-of-network services and will request authorizations when necessary.

Examples of services your PCP may refer you to include:

- ✓ Diagnostic imaging
- ✓ Lab
- ✓ Rehabilitation
- ✓ Specialty care

Examples of services you may self-refer to include:

- ✓ Health coaching
- ✓ OB/GYN*
- ✓ In-network provider office or virtual visits for mental health or substance use disorders through U.S. Behavioral Health Plan, California
- ✓ Sutter Walk-In Care

** Members can self-refer within their medical group for routine or annual exams.*

Plan Partners

Sutter Health Plus contracts for certain healthcare benefits that are not provided through medical groups, as described below.

U.S. Behavioral Health Plan, California (USBHPC) **liveandworkwell.com | Access code: Sutter**

All members have access to mental health and substance use disorder (MH/SUD) services through USBHPC. Members may self-refer for in-network office or virtual visits for MH/SUD and can search for providers directly through USBHPC. Refer to the Sutter Health Plus Evidence of Coverage and Disclosure Form (EOC) for additional information regarding USBHPC and MH/SUD benefits.

You also have access to Self Care from AbleTo — a mobile app offering self-care techniques, coping tools, meditations, and more — anytime, anywhere. Completely confidential, the Self Care app is available at no extra cost as part of the behavioral health benefits through USBHPC, a subsidiary of Optum.

Sutter Health Plus offers optional benefits to small and large group employers through our plan partners below. Pediatric dental and vision essential health benefits are included in all small group plans. This does not apply to large group plans.

Wellness

You have access to a variety of programs designed to help you and your family maintain healthy lifestyles.

Health and Wellness Site

Our Health and Wellness site is designed with your physical and mental health in mind. The site provides health-related tools and resources to help you achieve your personal health and wellness goals.

Start your wellness journey with a comprehensive personal health assessment. You complete the confidential, easy-to-use questionnaire about your health history and lifestyle behaviors. The system then analyzes your answers to develop your customized risk report of your current health status. You can also generate a provider version of your results to print and bring to your doctor appointments if you want to discuss any concerns.

You can use any of the 13 available Action Plan modules, such as Healthy Eating, Stress Management, and Heart Disease Prevention, to take small steps toward your health and wellness goals. The site also offers access to a Health Library featuring Learning Centers, a Video Library, a Symptom Checker, and more.

You can easily access the Health and Wellness site through your secure Sutter Health Plus Member Portal account at **shplus.org/memberportal**. Select the Health and Wellness link in the Quick Access toolbar on the homepage. You will be automatically redirected and signed into the Health and Wellness site.

Sutter Health Care Management Program

Health Coaching Program

You have access to the Health Coaching Program to help with healthy weight, tobacco cessation and stress management — all at no cost to you. This program combines personal life coaching with personal accountability as a way of engaging you in effectively managing your health condition or achieving wellness goals. You will work one-on-one with a coach to uncover barriers to self-management, link behaviors to personal values, and set goals to make healthier lifestyle choices.

Participation is easy. Coaching appointments are by telephone and the first call lasts no more than 20 minutes. You and your coach decide how to work together to address your needs, concerns and preferences.

Complex Care Management

You are eligible for the Complex Case Management (CCM) program if you have chronic conditions or multiple health problems. The CCM team of registered nurse case managers, social workers, clinical pharmacists, and healthcare coordinators can assist you with coordinating care with your providers and understanding your prescription drugs.

To enroll or find out more, call the Sutter Health Care Management program at 844-987-6095 or your assigned medical group (as shown on your member ID card).

Frequently Asked Member Questions

When will I receive a Sutter Health Plus member identification (ID) card and what information does the card contain? Will dependents receive their own ID cards?

Sutter Health Plus mails member ID cards for each covered member a few days after the member is enrolled in Sutter Health Plus. Your PCP and medical group are identified on the ID card. The card also includes important contact information for you and your providers. You should always present your ID card when seeking medical care or filling prescriptions. If you're new to Sutter Health Plus, we will also send you a Welcome Book containing information and resources to help you navigate your healthcare.

Where can I find more information about Sutter Health Plus?

Visit sutterhealthplus.org or visit the following webpages for helpful information:

- Network doctors, hospitals, urgent care, walk-in care and other services: sutterhealthplus.org/providersearch
- Pharmacy benefits information: sutterhealthplus.org/pharmacy
- Health Coaching Program, tip sheets, and more: sutterhealthplus.org/wellness
- BCM, EOC, SBC: sutterhealthplus.org/forms
- Grievance Form and instructions: sutterhealthplus.org/forms

Do I need to choose a PCP?

Yes. As a new Sutter Health Plus member, you must select a PCP or we will assign one to you. When you choose a PCP, you're also selecting their medical group. A PCP provides most of your primary healthcare and coordinates care from other providers. A PCP refers you as needed to providers for specialty care, X-ray, laboratory or other medical services.

How do I find a PCP?

You can find a PCP by visiting the Provider Locator tool on the Sutter Health Plus website at sutterhealthplus.org/providersearch.

What if I want to change my PCP later?

You can change your PCP at any time by calling Sutter Health Plus Member Services at 855-315-5800 or through the Sutter Health Plus Member Portal at shplus.org/memberportal.

How can I find out if my current Sutter provider is included in the Sutter Health Plus network?

Visit sutterhealthplus.org/providersearch to see if your current or preferred doctor (PCP or specialist) is included in the Sutter Health Plus provider network.

I'm new to Sutter Health Plus. Can I keep my current PCP?

You can keep your current PCP if they are a Sutter Health Plus participating provider. You must actively select the provider as your PCP by entering the provider's name and Sutter Health Plus provider identification number on the enrollment form and check the box that indicates that you're a current patient.

I'm new to Sutter Health Plus. Can I keep my current specialist?

You can keep your specialist if they are a Sutter Health Plus participating provider and within the same medical group as your PCP. If you know that you need specialty care and have a specific Sutter Health Plus network specialist in mind, you need to select a PCP that is in the same medical group as the specialist.

First, check the Provider Locator tool at sutterhealthplus.org/providersearch to see which medical group the specialist is in. Second, choose a PCP within that same medical group. You need to ask your new PCP for a referral to the specialist. In certain situations, a specialist in the Sutter Health Plus network that is outside your medical group may also be available by referral.

Are all Sutter providers included in the Sutter Health Plus network?

No. Sutter Health Plus has a service area in which it offers healthcare coverage. Not all Sutter hospitals, physician organizations and other healthcare services are in the Sutter Health Plus service area or network. Visit sutterhealthplus.org/providersearch for a list of participating providers and locations.

Can I go to a non-participating provider?

Sutter Health Plus does not cover care provided by non-participating providers unless your medical group provides a referral and prior authorization. Sutter Health Plus covers out-of-area urgent and emergency care.

What if I need to see a specialist?

Many covered services, including visits to a specialist, require a referral from your PCP and prior authorization from your medical group. Your PCP will make referrals to specialists within the same medical group. If you need specialty care and have a specific specialist in mind, make sure you first select a PCP that is in the same medical group as the specialist you want to see. You can check which medical group they are in by using the Provider Locator tool.

How can I check to see if my current prescription drugs are covered?

Check the Sutter Health Plus Formulary at sutterhealthplus.org/pharmacy to see if the prescription drugs are listed.

Where can I get my annual flu shot?

Sutter Health Plus members can get flu shots at their doctor's office, Sutter Walk-In Care or a network pharmacy (where available). The flu shot is covered at no cost, but an office visit copay may still apply.

What is Sutter Health Plus' service area?

Sutter Health Plus has a service area in which it offers healthcare coverage. You can view the full service area on page eight, or visit sutterhealthplus.org/network.

If I live outside of the service area can I still enroll in Sutter Health Plus?

If you are enrolling in an individual and family plan, you must live or reside in the Sutter Health Plus service area to be eligible for membership. If you are enrolling through your employer, you must live, reside or physically work in the Sutter Health Plus service area to qualify for membership.

My dependent lives outside of the service area. How can they get medical services?

Your dependent must select a PCP within the Sutter Health Plus service area who will provide primary care or coordinate care from other providers. While Sutter Health Plus covers out-of-area urgent and emergency care, your dependent must receive all routine and follow-up care from the assigned medical group within the service area.

How will Sutter Health Plus network providers obtain my previous medical records?

If your former medical group is Kaiser Permanente, UC Davis Medical Group, UC San Francisco Health or Stanford Health Care, your new Sutter Health Plus provider may have electronic access to some or all of your medical records; if you request records from your former physician for personal use, you may be charged a fee.

If your former PCP is with Sutter Independent Physicians, Brown & Toland Physicians, or another medical group, you may need to send a Medical Records Request Form to your former physician to release your records. Talk to your new Sutter Health Plus provider about the process of requesting medical records.

Glossary

Annual Out-of-Pocket Maximum (OOPM): The annual OOPM is the maximum amount you could be responsible for in one year (some exceptions may apply, please refer to the EOC). Each family member has an annual OOPM; you will see this listed in your SBC. If you are a member in a family of two or more members, you reach the annual OOPM either when you meet the maximum for any one member, or when your family reaches the family maximum.

Coinsurance: The percent of the cost of a covered service you must pay. If your plan includes coinsurance, you will see the percent you are responsible for listed in your SBC.

Copayment (copay): The specific dollar amount you pay each time you see a participating provider or receive certain covered services. Copayments may vary depending on the covered service.

Deductible: The amount you must pay each year to providers before Sutter Health Plus starts to pay part of the costs for certain covered services. If you are a member in a family of two or more members, you are only responsible for the individual family member deductible. Once the family deductible is satisfied by any combination of individual member payments, family members continue to pay copayments or coinsurance until the family OOPM is reached. If enrolled in a self-only plan, you are responsible for the self-only deductible.

Evidence of Coverage and Disclosure Form (EOC): The document that describes how, when and where a member can access covered healthcare services. In addition, it describes the limitations and exclusions provided for under the plan, how a member can file a complaint or grievance with the plan as well as other important features about the plan.

Formulary: The complete list of self-administered, FDA-approved, outpatient prescription drugs evaluated by the Sutter Health Plus Pharmacy and Therapeutics Committee for use and eligible for coverage under the Sutter Health Plus health plan. A formulary is also known as a prescription drug list.

Health Maintenance Organization (HMO): With an HMO your PCP provides most of your healthcare and coordinates care you need from other providers. HMO plans typically have lower monthly premiums and copays or coinsurance than Preferred Provider Organizations (PPOs).

Health Plan Benefits and Coverage Matrix (BCM): The disclosure form that provides details regarding copayments, coinsurance, deductible and out-of-pocket maximum amounts that apply to many covered services. The BCM also includes information related to additional provisions of the benefits offered by Sutter Health Plus.

High-Deductible Health Plan (HDHP): A medical plan with a lower premium and a higher deductible than a traditional HMO plan. Until a member meets the deductible, they will pay 100 percent of the out-of-pocket cost for the covered services (except preventive care) they receive. Once deductibles are met, all covered services are covered at the applicable cost share amount until the OOPM is met. The payments for covered services accumulate toward the annual OOPM. All non-preventive covered services in an HDHP accrue toward the deductible until it's been met. Please note, if your plan includes any optional benefits, the cost-sharing does not apply toward your deductible or annual OOPM.

Medical Group: A group of physicians and other providers who do business together and who provide or arrange for covered services.

Premium: The dollar amount due to Sutter Health Plus each month for healthcare coverage. In most cases, your employer pays part of the premium and you pay the rest, usually in the form of payroll deduction.

Summary of Benefits and Coverage (SBC): A summary that lists clear comparisons of costs and coverage between health plans. People can compare options based on price, benefits, and other features that may be important to them. Members get the SBC when they shop for coverage on their own or through their employer, renew or change coverage, or request an SBC from the health plan.
