

Video Visits

Virtual Care Anywhere

With My Health Online (MHO)*, you can schedule a video visit when it's convenient for you. Connect with your primary care physician (PCP)** for most of your healthcare needs, from routine care to complex health issues. If your PCP doesn't offer video visits, you can use MHO to see another Sutter provider for minor health issues.

- Video visits with a PCP are available to members ages three-months and older. Check with your PCP on availability and hours.
- All members ages 18 months and older have access to a video visit daily from 11 a.m. to 7 p.m. with a provider at Sutter.

Book a video visit in 3 easy steps:

Download the My Health Online mobile app available on the Apple App Store and Google Play. The app provides the best experience but you can also use your computer.

Log In

Log in to **MHO** at mho.sutterhealth.org

Schedule

Select "**Schedule Video Visit**"

Begin Video Visit

At the time of your appointment, log into **MHO**. Select your scheduled **Video Visit**. Click "**Begin Video Visit.**"
