ABOUT THIS GUIDE

The purpose of this quick look guide is to connect Indigenous students in Oklahoma to resources available through Indigenous Nations and organizations to fund and support their college education and career readiness.

Students, families, high school teachers and counselors, and university advisors and faculty can use this guide to locate resources offered by the 39 Indigenous Nations in Oklahoma, as well as organizations which support Indigenous students.

To create this guide, Courtney Tennell, a Cherokee doctoral student at the University of Oklahoma, worked to contact each Indigenous Nation in Oklahoma. This guide is not an exhaustive list and it does not replace information directly from the Nations.

This work was supported, in part, by a University of Oklahoma Jeannine Rainbolt College of Education summer research grant awarded to Dr. Kari Chew (Chickasaw).

Wado, Yakkookay, and special thanks to the education departments of the Indigenous Nations and education employees who shared resources and information. Your insight and expertise was invaluable and we appreciate all of the help you gave.

This program provides scholarships for the maximum of ten (10) terms, anywhere in the United States.

Eligibility

Applicants must be enrolled members of the Caddo Nation, possess a high school diploma or GED, must complete the Free Application for Federal Student Aid (FAFSA). Participants who are in default of a student loan are not eligible for this program unless a payment agreement has been arranged. Previous account balances cannot be funded through this program.

Program Requirements

Participants are required to complete 12 hours per semester with a Grade Point Average no lower than 2.0, which is a C-average. All students must submit an application at the beginning of the academic year (Fall Term). If the applicant will be attending the same school for the academic year, it is not necessary to submit a new mid-year application, but an Official transcript showing grades for the Fall term, and a Verification of Enrollment for the Spring term will need to be submitted before the applicant will be considered for a Spring term scholarship. If there are significant changes, such as transferring to another school, a new mid-term application will be required.

Scholarships are awarded on a first come, first served basis for completed applications. This means that ALL required documentation to accompany the application has been submitted to the Caddo Nation Education Department. Scholarship amounts vary and are based on unmet need according to the Financial Needs Analysis form that is completed by the school's Financial Aid Office.

Funding for education is a tremendous benefit that the Tribe provides for its members. Each tribal member receiving benefits has a responsibility to review the guidelines and use the scholarship funds wisely. Students are responsible for submitting all required documents. Prior to approving a Scholarship Application, the Education Department must receive the following:

Student Scholarship Process

Below you will find the step-by-step procedures of how the paperwork/scholarship process flows in our department to help you better understand how everything will work regarding your scholarship.

1. Student fills out application located on the tribal website under the Education link.
2. Application is returned to Education Department via mail, email, or fax along with all other paperwork necessary listed on the application.
3. Education Department reviews your paperwork. If any necessary paperwork is missing, we contact student via email or phone to ask for the missing paperwork. At this point student file is placed in pending file until all paperwork is received.
4. Once file is complete and all necessary paperwork is received, Education Department sends an award letter to the school letting them know of scholarship, and amounts, etc. The award letter asks for the school to send official billing after all other financial aid has applied after the schools final drop date. The award letter will put student account on hold at school until payment can be made so that student will not be dropped from classes for nonpayment.
5. Once the final drop date has passed, payment will be made to the school for amount still owed or directly to the student if account balance is zero. At this time other items can be paid for/dispensed such as transportation, grade incentives, computer, etc.

Email: highered@kiowatribe.org

The Higher Education Program accepts applications for financial assistance from enrolled Kiowa tribal members. Applicants must be planning to attend or currently attending an accredited institution of higher education to earn an undergraduate or graduate degree. Higher Education staff reviews applicants' documents to ascertain eligibility and submission of all required supporting documentation. Based on available funds, the applicant's financial need and academic standing, grants are awarded to eligible applicants. Grants are always paid directly to the college/university.

Who is eligible for program services?

Enrolled Kiowa tribal members who attend or are planning to attend an accredited college/university. Applications are available through the KHEGP website and available for pickup at the KHEGP Anadarko Office at 806 Wynan Court, Anadarko, OK 73005, and Kiowa Tribal Complex. KHEGP will also fax, mail or email applications upon request. <https://www.kiowatribe.org/higher-education.html>

There are no service area requirements. Applicants may reside anywhere in the world.

Requirements or qualifications for program services.

- Applications must be complete and submitted on time. Due dates are July 1 for Fall, November 1 for Spring, and April 1 for Summer.
- Applicants may be funded as part-time (6-11 credit hours) or full-time (12+ credit hours) students. Exceptions may be made in very specific instances.
- All levels of undergraduate and graduate studies are eligible.
- Students enrolled in traditional classes and online programs are eligible to receive funding.

- Incarcerated students are eligible to receive funding for tuition, fees, and books.
- All students are required to maintain at least a 2.0 GPA and complete all hours for which they are funded. If academic requirements are not met, students may be placed on probation or suspension from KHEGP funding.

Students who are approved for funding will receive a grant paid directly to the college/university each semester. Due to changes in grant funding and the number of applicants, the grant award amount may change from semester to semester. Summer funding is always separate and may or may not be available. Funding is based on need and/or merit. Though some restrictions apply, the KHEGP may also assist in paying up to \$2000.00 toward "old debt" owed to a college/university which may have resulted in an account "hold" inhibiting students from either obtaining a transcript or diploma or from returning to finish a degree. KHEGP staff also advises students regarding college admissions, coursework, degree planning, time management, financial aid, applying for scholarships and grants, locating tribal/community/campus resources, college & career readiness, communicating with campus faculty & staff, and occasionally visits students on campus during the semester.
