If the Board of Trustees disapproved of the auditor's report, the reason(s) for disapproving it is (are): (attach list as necessary)

# FINANCIAL SECTION

### **INDEPENDENT AUDITOR'S REPORT**

To the Board of Trustees of Marlin Independent School District

### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Marlin Independent School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Marlin Independent School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Marlin Independent School District, as of June 30, 2022, and the respective changes in financial position, and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marlin Independent School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marlin Independent School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marlin Independent School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marlin Independent School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis section which precedes the basic financial statements and the pension and other post-employment benefits liabilities related schedules following the notes to the financial statements be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Marlin Independent School District's basic financial statements. The accompanying combining schedules of non-major governmental funds, and the schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of non-major governmental funds and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information**

Management is responsible for the other information included within the annual report. The other information comprises exhibits required by the Texas Education Agency which present property tax collection and receivable information, budget-to-actual comparisons for the Child Nutrition Fund and Debt Service Fund, and information related to expenditure levels of selected state funding allotments. Our opinions on the basic financial statements do not cover this other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 16, 2022 on our consideration of Marlin Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Marlin Independent School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Marlin Independent School District's internal control over financial reporting and compliance.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

In this section of the Annual Financial and Compliance Report, we, the managers of Marlin Independent School District (the "District") discuss and analyze the financial performance of the District for the fiscal year ended June 30, 2022. Please read this information in conjunction with the District's basic financial statements, which follow this section.

### FINANCIAL HIGHLIGHTS

- The District's net position for governmental activities decreased by \$25,092 as a result of this year's current operations, to end at \$6,593,440.
- Total governmental funds of the District (the General Fund, the Debt Service Fund, the Capital Projects Fund and all Special Revenue Funds) reported an overall fund balance decrease of \$381,362, to end at \$6,648,868.
- The General Fund of the District reported a fund balance decrease of \$348,991 for the year, to end at \$6,186,453.

### **OVERVIEW OF THE FINANCIAL SECTION**

The Financial Section is the most substantial part of this Annual Financial and Compliance Report. It consists of the independent auditor's report, management's discussion and analysis (this section), a set of basic financial statements with required note disclosures, and finally, required supplementary information and other supporting statements and schedules as applicable.

#### Independent Auditor's Report

State law requires the District's financial statements to be audited by an independent certified public accountant each year. The primary purpose of the annual audit is for the auditor to express an opinion as to whether the financial statements of the District appear to be free from material misstatement. The audit is required to be conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. The District received an *Unmodified* opinion on its financial statements this year.

#### Management's Discussion and Analysis

The Management's Discussion and Analysis (MD&A) section of the report is intended to introduce the financial statements and to provide discussion and analysis regarding the financial performance of the District during the year. The MD&A is written by management of the District and provides for a less formal presentation of the financial activities of the District than is found within the basic financial statements themselves.

#### Basic Financial Statements

The Basic Financial Statements consist of a series of financial statements and required note disclosures. These statements include government-wide financial statements which present the District in a consolidated and long-term manner using full-accrual accounting similar to that of a business enterprise, and fund financial statements which present a more detailed view of the District using a more short-term view and traditional modified-accrual governmental accounting. These financial statements are followed with detailed notes which provide narrative explanations and additional data for full disclosure of information.

#### Required Supplementary Information

The previously discussed Management's Discussion and Analysis section is considered to be required supplementary information, however, the governmental reporting framework requires that it be presented before the financial statements. When applicable, additional required supplementary information must follow the financial statements. Within this financial report, the District presents required schedules related to its participation in the Teacher Retirement System of Texas and the Texas Public School Retired Employees Group Insurance Plan.

### Combining and Individual Fund Statements and Schedules

The combining statements provide detailed information about the District's nonmajor funds. While the primary financial statements present the nonmajor funds in a consolidated manner, the combining statements list all of the nonmajor funds separately, each in its own column. In addition, this section also includes schedules required by the Texas Education Agency to report tax collection information and budget to actual information for the District's debt service function.

### **OVERVIEW OF THE FEDERAL AWARDS SECTION**

### Report on Internal Controls and Compliance

In accordance with *Government Auditing Standards*, the auditor is required to consider the internal controls the District has in place over financial reporting and whether any noncompliance with rules, laws, and regulations was noted during the audit. This report describes the scope of the testing of internal control and compliance, however, it does not provide an opinion on the effectiveness of internal control or on compliance.

#### Report on Compliance and Internal Control for Each Major Program

Because the District expended more than \$750,000 in federal grant awards, an additional independent auditor's report on compliance and internal control over the District's major federal grant programs was required. This report provides an opinion by the independent audit firm that the District complied, in all material respects, with the requirements applicable to the federal grants received and expended.

#### Schedule of Expenditures of Federal Awards

The Schedule of Expenditures of Federal Awards (SEFA) provides a detailed listing of the federal grant awards received by the District during the year. This listing includes federal grant names, identification numbers, and amounts expended.

### Schedule of Findings and Questioned Costs

The Schedule of Findings and Questioned Costs provides an overall summary of auditor results, including identification of the type of opinion on the financial statements, whether any significant deficiencies or material weaknesses in internal controls were observed by the audit firm, and whether any material noncompliance was noted. This schedule also lists information related to the audit of the District's major federal programs and lists any audit findings reported by the audit firm for the year.

### **Reporting the District as a Whole**

### The Statement of Net Position and the Statement of Activities

The analysis of the District's overall financial condition and operations begins with the government-wide financial statements which immediately follow this section. The government-wide financial statements include the Statement of Net Position and the Statement of Activities. The primary purpose of these financial statements is to show whether the District is better off or worse off as a result of the year's activities. The Statement of Net Position includes all the District's assets, deferred outflows, liabilities, and deferred inflows at the end of the year while the Statement of Activities includes all the revenues and expenses generated by the District's operations during the year. These apply the accrual basis of accounting which is the basis used by private sector companies.

All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. The District's revenues are divided into those provided by outside parties who share the costs of some programs, such as tuition received from students from outside the District and grants provided by the U.S. Department of Education to assist children with disabilities or from disadvantaged backgrounds (program revenues), and revenues provided by the taxpayers or by the State of Texas in equalization funding processes (general revenues). All the District's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

The Statement of Net Position and the Statement of Activities report the District's net position and changes in net position. The District's net position (the difference between assets, deferred outflows, liabilities, and deferred inflows) provides one measure of the District's financial health. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the District, however, you should consider nonfinancial factors as well, such as changes in the District's average daily attendance or its property tax base and the condition of the District's facilities.

In the Statement of Net Position and the Statement of Activities, school districts divide up their financial activities as follows:

- Governmental activities School districts report basic services here, including the instruction of students, counseling, co-curricular activities, child nutrition services, transportation, maintenance, community services, and general administration. Property taxes, state block grants based on student attendance and demographics, and other state and federal grants finance most of these activities.
- Business-type activities School districts may charge a fee to "customers" to help it cover all or most of the cost of services it provides for child care programs or other activities that closely model a business venture.

Our school district reported governmental activities this year, however, we did not engage in businesstype activities.

### **Reporting the District's Most Significant Funds**

#### Fund Financial Statements

The fund financial statements follow the government-wide statements and provide detailed information about the most significant funds of the District, not the District as a whole. Laws and regulations require the District to establish separate funds, such as for grants received from the state and federal government, money received from bond issues for capital projects, or for money raised specifically for debt service purposes, in order to clearly display financial accountability for use of these funds.

School districts use two different kinds of funds for operations, governmental funds and proprietary funds, which use different accounting approaches.

- A school district will use *governmental funds* to account for basic services. These use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the District's general operations and the basic services it provides. We describe the differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation schedules following each of the fund financial statements.
- A school district will use *proprietary funds* to account for the activities for which it charges users (whether outside customers or other units of the District). Proprietary funds use the same accounting methods employed in the Statement of Net Position and the Statement of Activities. In fact, when a district utilizes enterprise funds, (one category of proprietary funds) these are the business-type activities reported in the government-wide statements but they contain more detail and additional information, such as cash flows. Internal service funds (the other category of proprietary funds) report activities that provide supplies and services for a district's other programs and activities, such as a district's self-insurance programs.

Our District reported several governmental funds this year, however, we did not utilize proprietary funds.

### The District as Trustee

#### **Reporting the District's Fiduciary Responsibilities**

The District is the trustee, or fiduciary, for money raised by student activities and alumni scholarship programs. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position on pages that follow the governmental fund and proprietary fund financial statements. We exclude these resources from the District's other financial statements because the District cannot use these assets to finance its operations. The District is however responsible for applying sound financial internal controls over these funds and for ensuring that these resources are used for their intended purposes.

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The following analysis focuses on the net position (Table I) and changes in net position (Table II) of the District's governmental activities.

Net position of the District's governmental activities decreased from 6,618,532 to 6,593,440 as a result of this year's operations. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – was (4,474,997) at June 30, 2022.

		overnmental Activities 2022	Governmental Activities 2021			Change

### THE DISTRICT'S FUNDS

As the District completed this annual period, the General Fund reported an ending fund balance of \$6,186,453, which is \$348,991 less than last year's total of \$6,535,444. This decrease in fund balance is primarily the result of less than originally anticipated property tax revenues and greater than originally anticipated expenditures related to Facilities Acquisition and Construction.

The District's SSA, IDEA Part B, Formula Grant Fund, a major fund for the year ended June 30, 2022 reported \$950,490 in federal program revenues and expenditures, and an ending fund balance of \$-0-. The purpose of the IDEA Part B, Formula Grant Fund is to provide special education and related services to children with disabilities. The District is the fiscal agent for the Falls Education Cooperative, through which this program is administered.

The District's other governmental funds reported combined ending fund balances of \$462,415. This combined balance is \$32,371 less than the previous year. The primary reason for this change in the combined fund balance was expenditures related to the District's Shared Services Arrangement-Disciplinary Alternative Education Program (DAEP) outpacing member-Districts' contributions.

Over the course of the year, the Board of Trustees generally revises the District's budget based on financial updates provided by management of the District. These amendments involve moving funds from programs that did not need all the resources originally appropriated to them to programs with resource needs, or to react to originally unforeseen circumstances, such as unanticipated new revenues or unavoidable new costs. Budget amendments made during the year in the General Fund to the Instruction, Instructional Leadership, School Leadership, Guidance, Counseling and Evaluation Services, Social Work Services, Student Transportation, Extracurricular Activities, General Administration, Facilities Maintenance and Operations, and Facilities Acquisition and Construction Functions were considered significant.

### CAPITAL ASSET AND DEBT ADMINISTRATION

### **Capital Assets**

As of June 30, 2022, the District had \$10,623,525 (net of accumulated depreciation) invested in a broad range of capital assets, including facilities and equipment for instruction, transportation, athletics, administration, and maintenance.

A summary of the ending balances of capital assets by major category for both 2022 and 2021 is as follows:

	Go	overnmental	Governmental		
		Activities		Activities	
	2022			2021	 Change
Land	\$	229,129	\$	229,129	\$ -
Buildings		19,039,095		17,819,954	1,219,141
Furniture and Equipment		3,959,849		3,828,601	131,248
Right to Use Leased Assets		58,076		_	 58,076
Total		23,286,149		21,877,684	1,408,465
Less Accumulated Depreciation		(12,662,624)		(12,148,905)	(513,719)
Capital Assets, Net of Depreciation	\$	10,623,525	\$	9,728,779	\$ 894,746

### Debt

At year-end, the District had \$141,986 in Right to Use Leased Assets Payable versus \$20,117 last year. The increase is attributable to the District issuing finance leases for copier machines and during the year.

A summary of the ending balances of long-term debt by type for both 2022 and 2021 is as follows:

	Gov	ernmental	Gov	ernmental	
	Activities		Activities Activities		
	2022		2021		 Change
Right to Use Leased Assets Payable	\$	141,986	\$	20,117	\$ 121,869
Total	\$	141,986	\$	20,117	\$ 121,869

### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District's elected and appointed officials considered many factors when setting the fiscal year 2022-2023 budget and tax rates. Those factors include property values, changes in enrollment, the economy, projections of future budget years, and legislative mandates. The District has adopted a General Fund budget of approximately \$11.7 million for the 2022-2023 fiscal year. This reflects an approximate decrease of \$1 million in originally-budgeted expenditures from fiscal year 2021-2022 adopted budget to fiscal year 2022-2023.

For the 2022-2023 budget year, the District has decreased its maintenance and operations tax rate at \$0.9332 per hundred of taxable value. The District did not adopt a debt service tax rate for the 2022-2023 budget year as the District has no outstanding bonds payable debt.

### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's Business Office, at Marlin Independent School District, 130 Coleman Street, Marlin, Texas, Texas 76661, or by calling (254) 883-3585.

### MARLIN INDEPENDENT SCHOOL DISTRICT RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2022

Total Net Change in Fund Balances – Governmental Funds		\$	(381,362)
<sup>1</sup> Governmental funds report the portion of capital outlay for capitalized assets			
as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense.			
Expenditures for capitalized assets	\$ 1,408,465		
Less current year depreciation	 (513,719)		894,746
<sup>2</sup> Repayment of finance leases is an expenditure in the governmental funds, but this expenditure is removed from the Statement of Activities and the repayments instead reduce long-term liabilities on the Statement of Net			
Position.			66,256
<sup>3</sup> Issuance of finance leases increase current financial resources to governmental funds, but these increases are not shown on the Statement of Activities and instead increase long-term liabilities on the Statement of Net			
Position.			(188,125)
<sup>4</sup> The change in accrued interest due on long-term debt issued for governmental activities does not affect current financial resources and therefore is not reported in the governmental funds.			114
<sup>5</sup> Property taxes are recognized as revenue in the governmental funds when collected but recognized on the Statement of Activities in the year levied. Therefore the uncollected amount of the current year levy is added to current year property tax revenue on the Statement of Activities.			(33,655)
<sup>6</sup> Governmental funds report pension contributions as expenditures. However, pension contributions are reported as deferred outflows of resources on the Statement of Net Position if made after the net pension liability measurement date. In addition, the change in the net pension liability, adjusted for changes in deferred pension items, is reported as pension expense in the Statement of Activities.			(190,867)
<sup>7</sup> Governmental funds report OPEB contributions as expenditures. However, OPEB contributions are reported as deferred outflows of resources on the Statement of Net Position if made after the net OPEB liability measurement date. In addition, the change in the net OPEB liability, adjusted for changes in deferred OPEB items, is reported as OPEB expense in the Statement of Activities.			(192,199)
19 Change in Net Position of Governmental Activities		\$	(192,199) (25,092)
-> Change in first i ostaon of Governmental field fates		Ψ	(23,072)

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### The Financial Reporting Entity

This report includes those activities, organizations and functions related to Marlin Independent School District (the "District"), which are controlled by or dependent upon the District's governing body, the Board of Trustees (the "Board"). The Board, a seven member group, is the level of government having governance responsibilities over all activities related to public elementary and secondary school education within the jurisdiction of the District. Since the District receives funding from local, state, and federal government sources, it must comply with the requirements of the entities providing those funds. However, the District is not included in any other governmental "reporting entity" as defined by Statement No. 14 of the Governmental Accounting Standards Board (GASB), since Board members are elected by the public and have decision making authority. Furthermore, there are no legally separate organizations, known as "component units", included within the reporting entity.

The accounting policies of the District comply with the rules prescribed by the Texas Education Agency (TEA) in its Financial Accountability System Resource Guide (FASRG). These accounting policies conform to generally accepted accounting principles applicable to state and local governments.

#### **Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities, which are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely on fees and charges for support. Currently however, the District has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Custodial funds have no measurement focus. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided and 2) operating grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Major revenue sources considered susceptible to accrual include state and federal program revenues and property taxes. No accrual for property taxes collected within sixty days of year end has been made as such amounts are deemed immaterial; delinquent property taxes at year end are reported as deferred inflows of resources within the governmental fund financial statements.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### Major Funds and Fund Types

The District reports the following major governmental funds:

The General Fund includes financial resources that are not required to be reported separately in another fund. It is a budgeted fund, and any unrestricted fund balances are considered to be resources available for current operations.

Shared Service Arrangement – IDEA-Part B, Formula Fund, a major special revenue fund, is used to account for the receipt and disbursements of funds restricted for the purpose of this federal program.

Additionally, the District reports the following fund types:

The Debt Service Fund includes debt service taxes and other revenues collected to retire bond principal and to pay interest due. It is a budgeted fund.

The Capital Projects Fund is used to account for the construction, improvement and renovation of school buildings in the District along with the acquisition of land and equipment. This fund is budgeted on a project basis rather than annually.

Special Revenue Funds are governmental funds which include resources restricted, committed, or assigned for specific purposes by a grantor or the Board. Federally financed programs where unused balances are returned to the grantor at the close of specified project periods are accounted for in these funds.

Private Purpose Trust Funds are fiduciary funds used to account for donations for which the donors have stipulated that both the principal and the income may be used for purposes that benefit parties outside the District. The District utilizes this fund type to account for money collected and held for the purpose of awarding scholarships to selected students.

Custodial Funds are fiduciary funds used to account for resources held for others in a custodial capacity. The District utilizes this fund type to account for funds held on behalf of student clubs and organizations.

#### **Budgetary Information**

Budgets are prepared annually for the General Fund, the Child Nutrition Fund, and the Debt Service Fund on the modified accrual basis, which is consistent with generally accepted accounting principles. A formal budget is prepared by the end of June and is adopted by the Board at a public meeting after public notice of the meeting has been given no earlier than the 30th day or later than the 10th day before the public hearing. The legal level of control for budgeted expenditures is the function level within the budgeted funds. Amendments to the budget are required prior to expending amounts greater than the budgeted amounts at the function level. Budgets are controlled at the departmental or campus level, the same level at which responsibility for operations is assigned. The budget was monitored by the administration throughout the year and amendments were brought to the Board as needed.

# Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Balance

<u>Investments</u> - The District's investment policies and types of investments are governed by Section 2256 of the Texas Government Code ("Public Funds Investment Act"). The types of investments allowed under the Public Funds Investment Act are detailed in Note 2 - Deposits and Investments. The District's management believes that it complied with the requirements of the Public Funds Investment Act and the District's investment policies. The District accrues interest on temporary investments based on the terms and effective interest rates of the specific investments. Temporary investments throughout the year consisted of investments in external investment pools, which are recognized at amortized cost, and money market accounts.

<u>Inventories</u> - When inventories are recorded, they are charged to expenditures when consumed. Amounts recorded are offset by a fund balance classification titled "nonspendable" which indicates that the inventory does not represent "available expendable resources."

<u>Capital Assets</u> - Capital assets, which include land, buildings and improvements, construction in progress, furniture and equipment, and vehicles are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of at least \$5,000 and a useful life of greater than one year. Such assets are recorded at historical cost, if purchased, or estimated fair value at the date of donation, if donated. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets lives are not capitalized. Capital assets (other than land and construction in progress) are depreciated using the straight line method over the following estimated useful lives: buildings and improvements - fifteen to thirty years, furniture and equipment - three to twenty years, and vehicles - five to ten years.

<u>Prepaid Items</u> - Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items are charged to expenditures when consumed. When prepaid items are recorded, they are charged to expenditures when the value represented by the prepaid item has been used. Amounts recorded are offset by a fund balance classification titled "nonspendable" which indicates that the prepaid item amount does not represent "available expendable resources."

<u>Ad Valorem Property Taxes</u> - Delinquent taxes, when received, are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectibles within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

<u>Accumulated Sick Leave Liability</u> - The State of Texas (the "State") has created a minimum sick leave program consisting of five days of sick leave per year with no limit on accumulation and transferability among districts for every person regularly employed in Texas public schools. Each district's local Board is required to establish a sick leave plan. Local school districts may provide additional sick leave beyond the state minimum.

<u>Pensions</u> - The fiduciary net position of the Teacher Retirement System of Texas ("TRS") has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

<u>Other Post-Employment Benefits</u> - The fiduciary net position of the Teacher Retirement System of Texas TRS Care Plan (TRS-Care) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

<u>Deferred Outflows and Deferred Inflows of Resources</u> - The District complies with GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which provides guidance for reporting the financial statement elements of deferred outflows of resources, which represent a consumption of the District's net position that is applicable to a future reporting period, and deferred inflows of resources, which represent the District's acquisition of net position applicable to a future reporting period.

The District complies with GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

<u>Fund Balance/Deficit</u> - The District complies with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

<u>Statement of Cash Flows</u> - For purposes of the statement of cash flows when Proprietary Funds are used, cash and cash equivalents include demand deposits.

<u>Fair Value Measurements</u> - The District adopted GASB Statement No. 72, *Fair Value Measurement and Application*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. Fair value accounting requires characterization of the inputs used to measure fair value into a three-level fair value hierarchy as follows:

- Level 1 inputs are based on unadjusted quoted market prices for identical assets or liabilities in an active market the entity has the ability to access
- Level 2 inputs are observable inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent from the entity
- Level 3 are unobservable inputs that reflect the entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available

There are three general valuation techniques that may be used to measure fair value:

- Market approach uses prices generated by market transactions involving identical or comparable assets or liabilities
- Cost approach uses the amount that currently would be required to replace the service capacity of an asset (replacement cost)
- Income approach uses valuation techniques to convert future amounts to present amounts based on current market expectations

## **Data Control Codes**

The Data Control Codes shown on the financial statements refer to the account code structure prescribed by the FASRG. TEA requires school districts to display these codes in their financial statements to ensure accuracy in building a state-wide data base for policy development and funding plans.

## 2. DEPOSITS AND INVESTMENTS

The Public Funds Investment Act authorizes the District to invest in funds under a written investment policy, which is approved annually by the Board. The primary objectives of the District's investment strategy for operating and custodial funds, in order of priority, are safety, investment liquidity, and maturity sufficient to meet anticipated cash flow requirements. The primary objective of the District's investment strategy for Debt Service and Capital Projects Funds is sufficient investment liquidity to meet related obligations.

The District is authorized to invest in the following investment instruments provided that they meet the guidelines established in the investment policy:

- Obligations of, or guaranteed by, governmental entities
- Certificates of deposit and share certificates
- Fully collateralized repurchase agreements
- Securities lending programs
- Banker's acceptances
- Commercial paper
- No-load money market mutual funds and no-load mutual funds
- Guaranteed investment contracts as an investment vehicle for bond proceeds
- Public funds investment pools

The District's funds are required to be deposited and invested under the terms of a depository contract pursuant to the School Depository Act. The depository bank deposits for safekeeping and trust with the District's agent approved pledged securities in an amount sufficient to protect District funds on a day-today basis during the period of the contract. The pledge of approved securities is waived only to the extent of the dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance. Therefore the District is not exposed to custodial credit risk.

Under the depository contract, the District, at its own discretion, may invest funds in time deposits and certificates of deposit provided by the depository bank at interest rates approximating United States Treasury Bill rates.

At June 30, 2022, the carrying amount of the District's deposits was \$5,728,807 and the bank balance was \$5,934,647. The District's deposits with financial institutions at June 30, 2022 and during the year ended June 30, 2022 were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name. The deposits were collateralized in accordance with Texas law and the District maintains copies of all safekeeping receipts in the name of the District.

The District maintains a cash pool consisting of demand deposits. The combined pool is available for use by most Special Revenue Funds. If a fund overdraws its share of the pool, the overdraft is reported as an interfund payable in that fund. The offsetting interfund receivable is reported in the General Fund.

The following is disclosed regarding coverage of combined balances on the date of highest deposit:

- a) Name of depository bank: BancorpSouth Bank, Texas
- b) The amount of bond and/or security pledged as of the date of the highest combined balance on deposit was \$8,403,143.
- c) The largest cash, savings and time deposit combined account balance amounted to \$7,735,231 and occurred during the month of November 2021.
- d) Total amount of FDIC coverage at the time of highest combined balance was \$500,000.

Investments held at June 30, 2022 consisted of the following:

			Weighted	
			Average	
			Maturity	Standard &
Investment Type	Fair	Value	(Days)	Poor's Rating
Local Government Investment Pools:				
TexPool	\$	11	1	AAAm
Total Investments	\$	11		

The District had investments in one external local governmental investment pool at June 30, 2022, consisting of the Texas Local Governmental Investment Pool ("TexPool"). For purposes of external financial reporting, these investments have been classified as Cash and Cash Equivalents in the financial statements due to their liquidity.

TEXPOOL is a local government investment pool. It offers a safe, efficient, and liquid investment alternative to local governments in the State of Texas. The primary objectives of the pool are to preserve capital and protect principal, maintain sufficient liquidity, provide safety of funds and investments, diversify to avoid unreasonable or avoidable risks, and maximize the return on the pool. Cities, counties, school districts, institutions of higher education, special districts, and other public entities of Texas make up the investor base.

TEXPOOL was originally rated in March 1995, but effective April 2002, the Texas Comptroller of Public Accounts contracted with Federated Investors, Inc. for the day-to-day operations of TEXPOOL. Federated Investors, Inc. performs the pool's investment management and custodial functions. It also provides the marketing function, working closely with participants. Federated Securities Corp. acts as the distributor for the portfolio. Oversight of TEXPOOL continues to be provided by the Texas Comptroller, as well as the TEXPOOL advisory board. In January 1995, the advisory board adopted and implemented long-term policy changes to provide for a stable net asset value (NAV) pool, which, in effect, operates like an SEC regulated Rule 2a-7 money-market fund. These changes were made to ensure a more conservative investment strategy and to provide a much higher level of investment safety for local government funds.

<u>Credit Risk</u> - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized agencies are designed to give an indication of credit risk. At June 30, 2022, investments were included in local governmental investment pools with ratings from Standard & Poor's in compliance with the District's investment policy.

<u>Custodial Credit Risk</u> - Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the District, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name. At June 30, 2022, the District was not exposed to custodial credit risk.

<u>Concentration of Credit Risk</u> - Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investments in a single issuer. Information regarding investments in any one issuer that represents five percent or more of the District's total investments must be disclosed under GASB Statement No. 40, excluding investments issued or explicitly guaranteed by the U.S. government. At June 30, 2022, the District had 100% of its investments in money market accounts and local governmental investment pools.

<u>Interest Rate Risk</u> - As a means of minimizing risk of loss due to interest rate fluctuations, the District's investment policy requires that maturities will not exceed the weighted average maturity of 180 days for any internally created pool fund group and one year from the time of purchase for any other individual investment. The Board may specifically authorize a longer maturity for a given investment, within legal limits. The District considers the holdings in the local governmental investment pools to have a one day weighted average maturity due to the fact that the share position can usually be redeemed each day at the discretion of the shareholders, unless there has been a significant change in value. At June 30, 2022, investments were included in local government investment pools which have a weighted average maturity of one day.

## 3. PROPERTY TAXES

The Texas Legislature in 1979 adopted a comprehensive Property Tax Code (the "Code") which established a county-wide appraisal district and an appraisal review board in each county in the State. The Falls County Appraisal District (the "Appraisal District") is responsible for the recording and appraisal of all property in the District. Under the Code, the school board sets the tax rates on property and the Falls County Tax Assessor/Collector provides tax collection services. The Appraisal District is required under the Code to assess property at 100% of its appraised value. Further, real property must be reappraised at least every three years. Under certain circumstances, taxpayers and taxing units, including the District, may challenge orders of the Appraisal Review Board through various appeals and, if necessary, legal action.

Property taxes are levied as of October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes and penalties and interest that are ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period, including those property taxes expected to be collected during a 60 day period after the end of the District's fiscal year. The assessed value at January 1, 2021, upon which the October 2021 levy was based was \$330,422,674. The District levied taxes based on a combined tax rate of \$0.9544 per \$100 of assessed valuation for local maintenance (general governmental services) and debt service.

## 4. DUE FROM/TO OTHER GOVERNMENTS

The District participates in a variety of federal and state programs from which it receives grants to partially or fully fund certain activities. The District also receives entitlements from the State through the School Foundation and Per Capita Programs. Grants and entitlements are recorded as revenue when earned, therefore at year end amounts earned but not yet received in cash may be recorded as due from the grantor government. Amounts already received in cash but not yet earned are recorded as due to the grantor government.

A summary of amounts recorded as Due From/Due To Other Governments in the basic financial statements as of June 30, 2022 are summarized below:

Due From Other Governments:	General Fund	Arra IDI	ed Services angements- EA-Part B, Formula	Gov	on-Major remmental Funds	Total
Governmental Activities:						
Foundation & Per Capita Entitlements	\$ 1,827,350	\$	-	\$	-	\$ 1,827,350
State Grants	-		-		11,038	11,038

Due To Other Governments:	Non-Major			
	Gov	ernmental		
	Funds To		Total	
Governmental Activities:				
State Grants	\$	45,360	\$	45,360
Total - Governmental Activities	\$	45,360	\$	45,360

## 5. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

During the course of operations, the individual funds of the District may engage in temporary borrowings of money between one another to meet liquidity needs. These interfund receivables and payables are recorded on the balance sheet of the loaning fund as "Due from Other Funds" and on the balance sheet of the borrowing fund as "Due to Other Funds". Amounts are repaid when funds are available in the borrowing fund.

Individual funds may also make payments between one another which are intended to be permanent and therefore not repaid. These transactions are recorded on the statement of revenues, expenditures, and changes in fund balance as "Transfers Out" for the paying fund and "Transfers In" for the receiving fund.

The District had no interfund transfers during the year ended June 30, 2022.

The composition of interfund balances as of June 30, 2022 was as follows:

Receivable Fund	Payable Fund	 Amount
General Fund	Special Revenue Funds	\$ 638,020
	Payroll Clearing	 231
Total General Fund		638,251
Special Revenue Funds	General Fund	 334,290
Total Special Revenue Funds		 334,290
Grand Total		\$ 972,541

#### 6. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2022 was as follows:

	Beginning Balance 9/1/21 Additions			Reti	rements	]	Ending Balance 8/31/22	
Governmental Activities:								
Capital Assets, not Being Depreciated:								
Land	\$	229,129	\$	-	\$	-	\$	229,129

Facilities Maintenance and Operations		56,967
Security and Monitoring Services		2,923
Data Processing Services		12,847
Community Services		6,291
Totals	\$	513,719

Depreciation expense was charged to the functions of the District as follows:

## 7. BONDS, NOTES, AND OTHER LONG-TERM LIABILITIES

Governmental activities long-term debt obligations at June 30, 2022 consisted of the following:

General Long-Term Debt Description	tanding at e 30, 2022
\$58,076 Finance Lease for Copier Machines, due in remaining monthly installments of \$1,225 through 2026; interest at 9.69%.	\$ 51,046
\$130,048 Finance Lease for Chromebooks, due in remaining monthly installments of \$3,698 through 2024; interest at 1.53%.	90,940
Total General Long-Term Debt	\$ 141,986

The following is a summary of changes in long-term liabilities for the year ended June 30, 2022:

Туре	standing 7/1/21	A	dditions	D	eletions	tstanding 5/30/22	Due in ne Year
Right to Use Leased Assets Payable	20,117		188,125		(66,256)	141,986	53,493
Total Governmental Activities	\$ 20,117	\$	188,125	\$	(66,256)	\$ 141,986	\$ 53,493

	Right	t to Use Leas	ed As	ssets Payable			
Year Ended						Total	
June 30,	F	Principal		Interest	Requirements		
2023	\$	53,493	\$	5,580	\$	59,073	
2024		55,190		3,883		59,073	
2025		16,064		2,331		18,395	
2026		13,623		1,074		14,697	
2027	u	3,616		58		3,674	
Total	\$	141,986	\$	12,926	\$	154,912	

The debt service requirement for right to use leased assets payable as of June 30, 2022 are as follows:

#### 8. TEACHER RETIREMENT SYSTEM OF TEXAS PENSION PLAN

A. Pension Plan Description

The Teacher Retirement System of Texas (TRS or System or Plan) is a public employee retirement system (PERS) that is a multiple-employer, cost-sharing, defined benefit pension plan with a special funding situation. The Plan is administered by the Board of Trustees of TRS. Information regarding the Board of TRS and its composition can be found within the separately issued TRS Annual Comprehensive Financial Report within Note 1 to the financial statements. That report may be obtained online at www.trs.texas.gov; by writing to TRS at 1000 Red River Street, Austin, Texas, 78701-2698; or by calling (512) 542-6592.

Benefits are established or amended under the authority of the Texas Constitution, Article XVI, Section 67 and by the Legislature in the Texas Government Code, Title 8, Subtitle C. The Board of Trustees does not have the authority to establish or amend benefits.

#### B. Benefits Provided

TRS provides retirement, disability, and death benefits. Membership in the Plan includes all employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempt from membership under Texas Government Code, Title 8, Section 822.002.

State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as a supplemental payment to the retirees. The pension became actuarially sound in May 2019 when the 86th Texas legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the state, participating employers and active employees for the fiscal years 2019 through 2024.

#### C. Contributors to the Plan

Contributors to the Plan include active members, employers, and the State of Texas as the only nonemployer contributing entity. The State is also the employer for senior colleges, medical schools, and state agencies, including TRS. In each respective role, the State contributes to the plan in accordance with State Statutes and the General Appropriations Act.

The number of participating employers during fiscal year 2021 are disclosed in the following table.

Participating Employers	
Independent School Districts	1,021
Charter Schools (open enrollment only)	192
Community and Junior Colleges	50
Senior Colleges and Universities	48
Regional Service Centers	20
Medical Schools	9
Educational Districts	3
State Agency	1
Total	1,344

Plan membership as of August 31, 2020 is shown in the following table. Because the actuarial valuation was based on a roll forward from fiscal year 2020 (see Section F), the Plan membership counts are as of August 31, 2020.

Pension Plan Membership	
Retired plan members or beneficiaries	445,274
currently receiving benefits	
Inactive plan members entitled to but	322,682
not yet receiving benefits	
Active plan members	914,752
	1,682,708

The Average Expected Remaining Service Life (AERSL) of 6.3082 years is based on membership information as of the beginning of the fiscal year.

#### D. Contributions

Contribution requirements are established or amended pursuant to the following state laws:

- Article 16, Section 67 of the Texas Constitution requires the legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the System during the fiscal year.
- Government Code section 821.006 prohibits benefit improvements if it increases the amortization period of TRS' unfunded actuarial liability to greater than 31 years or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the System's actuary.

Contribution requirements are established or amended pursuant to the following state laws:

As the non-employer contributing entity, the State of Texas contributes to the retirement system the current employer contribution rate times the aggregate annual compensation of all members of the Plan during the fiscal year, reduced by the employer contributions described on the following page.

All participating employers and the State of Texas, as the employer for senior universities and medical schools, are required to pay the employer contribution rate in the following situations:

- On the portion of a member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code
- During a new member's first 90 days of employment
- When any or all of an employee's salary is paid by federal, private, local or non-educational and general funds
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees and 100 percent of the state contribution rate for all other employees.

Contribution rates and amounts for active employees, participating employers, and the State of Texas for the current and prior fiscal year are shown below.

Contribution Rates	<u>2021</u>	<u>2022</u>
Members	7.70%	8.00%
Employer	7.50%	7.75%
State of Texas (NECE)	7.50%	7.75%
Contribution Amounts		
Members	\$ 687,534 \$	700,089
Employer	401,841	422,311
State of Texas (NECE)	465,206	422,837

Employers are also required to pay surcharges in the following cases:

- All public schools, charter schools and regional education service centers must contribute 1.6 percent of the member's salary beginning in fiscal year 2021, gradually increasing to 2 percent in fiscal year 2025.
- When employing a retiree of TRS, the employer shall pay an amount equal to the member contribution and the state contribution as an employment after retirement surcharge.

#### E. Net Pension Liability

Components of the Net Pension Liability of the Plan as of August 31, 2021 are disclosed below.

Components of Pension Liability	<u>Total</u>
Total Pension Liability	\$ 227,273,463,630
Less: Plan Fiduciary Net Position	 (201,807,002,496)
Net Pension Liability	\$ 25,466,461,134
Net Position as Percentage of Total Pension Liability	 88.79%

#### F. Actuarial Methods and Assumptions

#### Roll Forward

The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the total pension liability to August 31, 2021.

The total pension liability is determined by an annual actuarial valuation. The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the System's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the Plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the three year period ending August 31, 2017 and were adopted in July 2018.

The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioners Mortality Tables, with full generational projection using the ultimate improvement rates from the most recently published projection scale U-MP. The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality Tables for males and females, also with full generational mortality.

The long-term expected rate of return on pension plan investments is 7.25 percent. The long-term expected rate of return on plan investments was determined using a building-block method in which bestestimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2021 are summarized in the chart below:

Asset Class*	Target Allocation %**	Long-Term Expected Geometric Real Rate of Return*	Expected Contribution to Long Term Portfolio Returns
Global Equity	70	Tute of futuri	iterains
USA	18.00%	3.60%	0.94%
Non-U.S. Developed	13.00%	4.40%	
Emerging Markets	9.00%	4.60%	
Private Equity	14.00%	6.30%	
Stable Value			
Government Bonds	16.00%	(0.20)%	0.01%
Absolute Return (Including Credit Sensitive Investments)	0.00%	1.10%	
Stable Value Hedge Funds	5.00%	2.20%	0.12%
Real Return			
Real Estate	15.00%	4.50%	1.00%
Energy, Natural Resources and Infrastructure	6.00%	4.70%	0.35%
Commodities	0.00%	1.70%	0.00%
Risk Parity	8.00%	2.80%	0.28%
Asset Allocation Leverage			
Cash	2.00%	(0.70)%	(0.01)%
Asset Allocation Leverage	(6.00)%	(0.50)%	0.03%
Inflation Expectation			2.20%
Volatility Drag*			0.95%
Expected Return	100.00%		6.90%

\*Absolute Return includes Credit Sensitive Investments.

\*\*Target allocations are based on the FY2021 policy model.

\*\*\* Capital Market Assumptions come from Aon Hewitt (as of 08/31/2021).

\*\*\*\* The volatility drag results from the conversion between arithmetic and geometric mean returns.

The following table discloses the assumptions that were applied to this measurement period.

#### Actuarial Methods and Assumptions

Valuation Date	August 31, 2020 rolled forward
	to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	7.25%
Long-Term Expected Rate	7.25%
Municipal Bond Rate as of August 2020	1.95% - Source for the rate is the Fixed
	Income Market Data/Yield Curve/Data
	Municipal bonds with 20 years to
	maturity that include only federally
	tax-exempt municipal bonds as reported
	in Fidelity Index's "20-Year Municipal
	GO AA Index."
Last year ending August 31 in Projection Period (100 years)	2120
Inflation	2.30%
Salary Increases	3.05% to 9.05% including inflation
Ad hoc post-employment benefit changes	None

The actuarial assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2020. For a full description of these assumptions please see the actuarial valuation report dated November 9, 2020.

#### G. Discount Rate

A single discount rate of 7.25 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.25 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

H. Change of Assumptions Since the Prior Measurement Date

There were no changes in assumptions since the prior measurement date.

I. Sensitivity of the Net Pension Liability to the Single Discount Rate Assumption

The following table presents the net pension liability of the plan using the discount rate of 7.25 percent, and what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

Sensitivity of the Net Pension Liability to the Single Discount Rate Assumption			
	1% Decrease	Current Single Discount Rate	1% Increase
	6.25%	7.25%	8.25%
District's Proportionate Share of the Net Pension Liability:	\$ 5,674,054	\$ 2,596,632	\$ 99,909

J. District Net Pension Liabilities, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, and Pension Expense

The Net Pension Liability of the Plan as a whole was last measured as of August 31, 2021 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The District was assigned a proportion of the Plan's Net Pension Liability based on the District's contributions to the Plan relative to the contributions of all employers for the period September 1, 2020 through August 31, 2021.

The table below presents a two-year comparison of the District's assigned proportion and resulting proportionate share of the collective Net Pension Liability, as well as the State's proportionate share of the Net Pension Liability associated with the District.

	Measure		
	8/31/20	8/31/21	Change
District's Proportion of the Collective Net Pension Liability	0.000081364706	0.000101962829	0.000020598123
District's Proportionate Share of the Net Pension Liability	\$ 4,357,728	\$ 2,596,632	\$ (1,761,096)
State's Proportionate Share of the Net Pension Liability Associated with the District	2,483,905	2,443,075	(40,820)
Total Pension Liability	\$ 6,841,633	\$ 5,039,707	(40,830) \$ (1,801,926)

At June 30, 2022, Marlin Independent School District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Differences between expected and actual economic experience	\$ 4,345	\$ 182,805
Changes in actuarial assumptions	917,859	400,108
Difference between projected and actual investment earnings	161,284	2,338,527
Changes in proportion and difference between the employer's		
contributions and the proportionate share of contributions	1,367,641	743,261
Contributions paid to TRS subsequent to the measurement date	351,186	-
Total	\$ 2,802,315	\$ 3,664,701

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions (not including the deferred contribution paid subsequent to the measurement date) will be recognized in pension expense as follows:

Measurement Year Ended	Pension Expense
August 31,	Amount
2022	\$ (88,854)
2023	(157,718)
2024	(433,179)
2025	(659,543)
2026	83,687
Thereafter	42,035

For the year ended June 30, 2022, Marlin Independent School District recognized pension expense of \$190,867 and revenue of \$9,767 for support provided by the State.

## 9. EMPLOYEE HEALTH CARE COVERAGE

During the year ended June 30, 2022, employees of the District were covered by the state-wide health insurance plan, TRS Active Care. The District contributed \$225 per month per employee to the Plan, the State provided an additional \$75 per month per employee, and employees, at their option, authorized payroll withholdings to pay contributions or premiums for dependents. TRS manages TRS Active Care. The Plan is administered by Aetna while Caremark was assigned the prescription drug plan.

## 10. OTHER POST-EMPLOYMENT BENEFITS (OPEB) PLAN – TRS-CARE

#### A. Plan Description

The Texas Public School Retired Employees Group Insurance Program (TRS-Care) is a multipleemployer, cost-sharing, defined Other Post-Employment Benefit (OPEB) plan with a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The Board of Trustees of TRS administers the TRS-Care program and the related fund in accordance with the Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards. Further detailed information regarding TRS and TRS-Care is available in a separately issued Annual Comprehensive Financial Report for TRS that includes financial statements and required supplementary information. That report may be obtained online at www.trs.texas.gov; by writing to TRS at 1000 Red River Street, Austin, Texas, 78701-2698; or by calling (512) 542-6592.

#### B. Benefits Provided

TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional service centers, and other educational districts who are members of the TRS pension system. Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system.

The General Appropriations Act passed by the 86<sup>th</sup> Legislature included funding to maintain TRS-Care premiums at their current level through 2021. The 86<sup>th</sup> legislature also passed Senate Bill 1682 which requires TRS to establish a contingency reserve in the TRS-Care fund equal to 60 days of expenditures. This amount is estimated at \$271,311,000 as of August 31, 2021.

#### C. Contributors to TRS-Care

Contributors to the plan include active and retired members, employers, and the State of Texas as the only non-employer contributing entity.

During fiscal year 2021, the number of participating employers are presented in the following table.

Participating Employers	
Independent School Districts	1,020
Open Enrollment Charter Schools	192
Regional Service Centers	20
Other Educational Districts	3
Total	1,235

TRS-Care plan membership as of August 31, 2020 is shown in the following table. Because the actuarial valuation was based on a roll-forward (See Section F), the counts are as of that date.

TRS-Care Plan Membership	
Active plan members	745,937
Inactive plan members currently	188,244
receiving benefits	
Inactive plan members entitled to but	12,312
not yet receiving benefits	
Total	946,493

The Average Expected Remaining Service Life (AERSL) of 9.1672 is based on the membership information as of the beginning of the fiscal year.

#### D. Contributions

Contribution rates for the TRS-Care plan are established in State Statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions; and contributions from the state, active employees, and participating employers are based on active employee compensation. The TRS Board does not have the authority to set or amend contribution rates.

At the inception of the plan, funding was projected to last 10 years through fiscal year 1995. The original funding was sufficient to maintain the solvency of the fund through fiscal year 2000. Since that time, appropriations and contributions have been established to fund the benefits for each successive biennium.

Section 1575.202 of the Texas Insurance Code establishes the State's contribution rate which is 1.25 percent of the employee's salary. Section 1575.203 establishes the active employee rate which is 0.65 percent of salary. Section 1575.204 establishes a public school contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the employer. The actual public school contribution rate is prescribed by the Legislature in the General Appropriations Act, which is 0.75 percent of each active employee's pay for fiscal year 2021.

Contribution rates and amounts for active employees, participating employers, and the State of Texas for the current and prior fiscal year are shown below.

Contribution Rates	<u>2021</u>	<u>2022</u>
Members	0.65%	0.65%
Employer	0.75%	0.75%
State of Texas	1.25%	1.25%
Federal/Private Funding*	1.25%	1.25%
Contribution Amounts		
Members	\$ 57,931	\$ 57,111
Employer	102,998	101,003
State of Texas (NECE)	82,095	74,618

\* Contributions paid from federal funds and private grants are remitted by the employer and paid at the State rate.

All employers whose employees are covered by the TRS pension plan are also required to pay a surcharge of \$535 per month when employing a retiree of the TRS. The TRS-Care surcharges for fiscal year 2021 totaled \$10,876,829.

A supplemental appropriation was authorized by Senate Bill 1264 of the 86<sup>th</sup> Texas Legislature to provide \$2,208,137 for fiscal year 2020 and \$3,312,206 for fiscal year 2021, for consumer protections against medical and health care billing by certain out-of-network providers. Funding for both years was in fiscal year 2021.

The premium rates for retirees are reflected in the following table.

TRS-Care Monthly Premium Rates				
	_			
	N	Iedicare	Non-	Medicare
Retiree or Surviving Spouse	\$	135	\$	200
Retiree and Spouse		529		689
Retiree or Surviving Spouse and Children		468		408
Retiree and Family		1,020		999

#### E. Net OPEB Liability

Components of the Net OPEB Liability of the TRS-Care plan as of August 31, 2021 are disclosed in the following table.

Components of OPEB Liability	<u>Total</u>
Total OPEB Liability	\$ 41,113,711,083
Less: Plan Fiduciary Net Position	(2,539,242,470)
Net OPEB Liability	\$ 38,574,468,613
Net Position as a Percentage of Total OPEB Liability	6.18%

The Net OPEB Liability increased by \$0.6 billion, from \$38.0 billion as of August 31, 2020 to \$38.6 billion as of August 31, 2021. The increase was less than expected, due primarily to favorable claims experience. The \$4.0 billion experience gain offset the impact of the lower discount rate, from 2.33 percent to 1.95 percent, and also offset much of the natural liability increase due to the passage of time.

#### F. Actuarial Methods and Assumptions

#### Roll Forward

The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2021.

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex.

In addition to the Demographic assumptions; salary increases, inflation rates used for members of TRS are identical to the assumptions employed in the August 31, 2021 TRS annual pension actuarial valuation.

#### Demographic Assumptions

The rates of mortality, retirement, termination and disability incidence are identical to the assumptions used to value the pension liabilities of the Teacher Retirement System of Texas (TRS). The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.

#### Mortality Assumptions

The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality Tables for males and females. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables. The rates were projected on a fully generational basis using the ultimate improvement rates from mortality projection scale MP-2018.

#### **Election Rates**

Normal Retirement - 65 percent participation rate prior to age 65 and 40 percent participation rate after age 65. Pre-65 retirees - 25 percent are assumed to discontinue coverage at age 65

#### Health Care Trend Rates

The initial medical trend rates were 8.50 percent for Medicare retirees and 7.10 percent for non-Medicare retirees. There was an initial prescription drug trend rate of 8.50 percent for all retirees. The initial trend rates decrease to an ultimate trend rate of 4.25 percent over a period of 12 years.

#### Actuarial Methods and Assumptions

Valuation Date	August 31, 2020, rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry-Age Normal
Inflation	2.30%
Single Discount Rate	1.95% as of August 31, 2021
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of
-	health care benefits are included in the age-adjusted claims
	costs.
Salary Increases	3.05% to 9.05%, including inflation
Ad Hoc Post-Employment Benefit Changes	None

#### G. Discount Rate

A single discount rate of 1.95 percent was used to measure the total OPEB liability. This was a decrease of 0.38 percent in the discount rate since the previous year. Since the plan is a pay-as-you-go plan, the single discount rate is equal to the prevailing municipal bond rate.

## H. Change of Assumptions Since the Prior Measurement Date

The single discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent, as of August 31, 2021. This change increased the Total OPEB Liability.

I. Changes of Benefit Terms Since the Prior Measurement Date

There were no changes in benefit terms since the prior measurement date.

J. Sensitivity of the Net OPEB Liability to the Single Discount Rate Assumption

The following presents the Net OPEB Liability of the plan using the discount rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher, as well as what the Net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower, 0.95 percent or one percentage point higher, 2.95 percent, than the AA/Aa rate.

The source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."

Sensitivity of the Net OPEB Liability to the Single Discount Rate Assumption									
	1% Decrease	Current Single	1% Increase						
	0.95%	Discount Rate 1.95%	2.95%						
District's Proportionate Share of the Net OPEB Liability	\$ 6,538,292	\$ 5,420,433	\$ 4,540,642						

K. Sensitivity of the Net OPEB Liability to the Healthcare Cost Trend Rate Assumptions

The following presents the net OPEB liability of the plan using the assumed healthcare cost trend rate, as well as what the net OPEB liability would be if it were calculated using a trend rate that is one percent lower or one-percent higher than the assumed healthcare cost trend rate.

Sensitivity of the Net OPEB Liability to the Healthcare Cost Trend Rate Assumption								
		Current						
		Healthcare Cost						
	1% Decrease	Trend Rate	1% Increase					
District's Proportionate Share of the Net OPEB Liability	\$ 4,390,371	\$ 5,420,433	\$ 6,802,521					

L. District Net OPEB Liabilities, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB, and OPEB Expense

The Net OPEB Liability of the TRS-Care program as a whole was last measured as of August 31, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District was assigned a proportion of TRS Care's Net OPEB Liability based on the District's contributions to the program relative to the contributions of all employers for the period September 1, 2020 through August 31, 2021.

The table below presents a two-year comparison of the District's assigned proportion and resulting proportionate share of the collective Net OPEB Liability, as well as the State's proportionate share of the Net OPEB Liability associated with the District.

		Measurer				
		8/31/20		8/31/21	Change	
District's Proportion of the Collective Net OPEB Liability	0	.000123043951	0.	.000140518676	0.	000017474725
District's Proportionate Share of the Net OPEB Liability	\$	4,677,456	\$	5,420,433	\$	742,977
State's Proportionate Share of the Net OPEB Liability						
Associated with the District		2,666,150		7,262,173		4,596,023
Total OPEB Liability	\$	7,343,606	\$	12,682,606	\$	5,339,000

At June 30, 2022, Marlin Independent School District reported its proportionate share of TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Differences between expected and actual economic experience	\$ 233,375	\$ 2,623,869
Changes in actuarial assumptions	600,377	1,146,321
Difference between projected and actual investment earnings	5,958	73
Change in proportion and difference between the employer's		
contributions and the proportionate share of contributions	1,268,705	1,104,479
Contributions paid to TRS subsequent to the measurement date	83,962	-
Total	\$ 2,192,377	\$ 4,874,742

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB (not including the deferred contribution paid subsequent to the measurement date) will be recognized in OPEB expense as follows:

Measurement Year Ended August 31,	OPEB Expense Amount
2022	\$ (583,808)
2023	(583,940)
2024	(583,904)
2025	(441,226)
2026	(248,060)
Thereafter	(325,389)

For the year ended June 30, 2022, Marlin Independent School District recognized OPEB expense of \$192,199 and revenue of (\$268,030) for support provided by the State.

## **11. FRINGE BENEFITS PAID BY OTHER GOVERNMENTS**

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. Under Medicare Part D, TRS-Care receives retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the years ended June 30, 2022 and June 30, 2021, the subsidy payments received by TRS-Care on behalf of the District were \$40,052 and \$35,813, respectively.

#### **12. FUND BALANCES**

The District complies with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Those fund balance classifications are as follows:

<u>Nonspendable</u> - Amounts that cannot be spent because they are either not in a spendable form or are legally or contractually required to be maintained intact.

<u>Restricted</u> - Amounts that can be spent only for specific purposes because of constraints imposed by external providers, or imposed by constitutional provisions or enabling legislation.

<u>Committed</u> - Amounts that can only be used for specific purposes pursuant to approval by formal action by the Board.

<u>Assigned</u> - For the General Fund, the Board, or an official or body that has been delegated authority by the Board, may appropriate amounts that are to be used for a specific purpose. For all other governmental funds, any remaining positive amounts not previously classified as nonspendable, restricted or committed.

<u>Unassigned</u> - Amounts that are available for any purpose; these amounts can be reported only in the District's General Fund.

A detail of the fund balance amounts within each category is included on the governmental funds balance sheet.

Fund balance of the District may be committed for a specific purpose by formal action of the Board, the District's highest level of decision-making authority. Commitments may be established, modified, or rescinded only through a resolution approved by the Board. The Board has delegated authority to the Superintendent to assign fund balance for a specific purpose. In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, committed fund balance, assigned fund balance.

#### **13. REVENUE FROM LOCAL AND INTERMEDIATE SOURCES**

During the current year, revenues from local and intermediate sources consisted of the following:

		Non-Major			
	General	Governmental	Trust	Custodial	
Туре	Fund	Funds	Funds	Funds	Total
Property Taxes	\$ 3,146,631	\$ 5,170	\$ -	\$ -	\$ 3,151,801
Investment Income	83,398	291	-	-	83,689
Rent	700	-	-	-	700
Gifts	-	11,365	1,000	-	12,365
Insurance Recovery	-	15,862	-	-	15,862
Food Sales	28,647	-	-	-	28,647
Athletics	26,301	-	-	-	26,301
Miscellaneous Local Revenue	92,720	1,596,081		13,523	1,702,324
Total	\$ 3,378,397	\$ 1,628,769	\$ 1,000	\$ 13,523	\$ 5,021,689

## **14. UNEARNED REVENUE**

Unearned revenue at June 30, 2022 consisted of the following amounts:

			Fo	undation			
	]	Local	&	Per Capita	F	ederal	
Fund	Sources		Entitlements		(	Grants	 Total
General Fund	\$	92,216	\$	407,759	\$	8,292	\$ 508,267
Total	\$	92,216	\$	407,759	\$	8,292	\$ 508,267

#### **15. RISK MANAGEMENT**

The District's risk management program includes coverages through third party insurance providers for property, automobile liability, school professional liability, crime, workers' compensation, and other miscellaneous bonds. During the year ended June 30, 2022, there were no significant reductions in insurance coverage from coverage in the prior year. Losses in excess of the various deductible levels are covered through traditional indemnity coverage for buildings and contents, and vehicle liability with various insurance firms. Settled claims have not exceeded insurance limits for the past three years.

#### **16. COMMITMENTS AND CONTINGENCIES**

The District participates in a number of federal financial assistance programs. Although the District's grant programs have been audited in accordance with the provisions of *Government Auditing Standards* and when applicable, the Uniform Guidance, for the year ended June 30, 2022, these programs are subject to financial and compliance audits performed by the specific grantors. These audits, if performed, could result in amounts of expenditures being disallowed by the granting agencies and subject to repayment. The District however expects that such amounts, if any, would be immaterial.

#### 17. SHARED SERVICES ARRANGEMENT – FISCAL AGENT

#### Falls Education Cooperative - Fiscal Agent

The District is the fiscal agent for a Shared Services Arrangement (SSA) which provides services for special education students of the District and member districts: Chilton ISD, Hallsburg ISD, Marlin ISD, Mart ISD, Riesel ISD, Rosebud-Lott ISD and Westphalia ISD. All services are provided by the fiscal agent, and funds are received directly by the fiscal agent from the granting agency. According to guidance provided in TEA's Resource Guide, the District has accounted for the fiscal agent's activities of the SSA in the appropriate Special Revenue Funds and has accounted for these funds using Model 1 in the SSA section of the Resource Guide. Expenditures of the SSA are summarized:

Expenditures of the SSA are summarized below:

	Shared			Shared				Shared		Shared	
		Services	S	ervices		Services		ervices		Services	
	Arra	angements-	Arrangements-		Arr	rangements-	Arrangements-		Arra	angements-

Totals	\$	950,490	\$	22,045	\$	76,412	\$	6,516	\$	1,472,227	\$ 2,527,690

#### Disciplinary Alternative Education Program (DAEP) - Fiscal Agent

The District is the fiscal agent for a Shared Services Arrangement (SSA) which provides services for disciplinary alternative education students of the District and member districts: Chilton ISD, Hallsburg ISD, Marlin ISD, Mart ISD, Riesel ISD, Rosebud-Lott ISD and Westphalia ISD. All services are provided by the fiscal agent, and funds are received directly by the fiscal agent from the granting agency. According to guidance provided in TEA's Resource Guide, the District has accounted for the fiscal agent's activities of the SSA in the appropriate Special Revenue Funds and has accounted for these funds using Model 1 in the SSA section of the Resource Guide. Expenditures of the SSA are summarized: Expenditures of the SSA are summarized below:

	Shared Services

Member Districts		DAEP				
Marlin ISD	\$	36,785				
Mart ISD		36,784				
Riesel ISD		30,660				
Rosebud-Lott ISD		30,660				
Totals	\$	134,889				

#### **18. IMPLEMENTATION OF NEW GOVERNMENTAL ACCOUNTING STANDARD**

During the year the District implemented Governmental Accounting Standards Board Statement No. 87 - *Leases* ("GASB 87"). The objective of GASB 87 is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions in the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lesse is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities

In the year of implementation, GASB 87 requires a retroactive restatement of prior periods to reflect the effect on net position as if the standard had been in effect in prior years. However, the District's only leased asset that was required to be recorded as a right to use leased asset was the District's copier machines lease, for which the District entered into a new lease with new machines after the beginning of this fiscal year. Therefore, a restatement was not required, but for the year ended June 30, 2022 and prospectively, the District has and will be recording that lease and any other material, applicable lease in accordance with GASB 87.

### MARLIN INDEPENDENT SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2022

### Teacher Retirement System

### Actuarial Assumptions

The information presented in the required supplementary schedules was used in the actuarial valuation for determining the actuarially determined contribution rate and the Net Pension Liability in accordance with GASB 68. Actuarial methods and assumptions used for funding purposes can be found in the Teacher Retirement System of Texas Pension Plan note to the financial statements.

### Changes of Benefit Terms

State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as a supplemental payment to the retirees. The pension became actuarially sound in May 2019 when the 86th Texas legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the state, participating employers and active employees for the fiscal years 2019 through 2024.

### Changes of Assumptions

• There were no changes in assumptions since the prior measurement date.

### Texas Public School Retired Employees Group Insurance Plan

### Actuarial Assumptions

Actuarial methods and assumptions used for funding purposes can be found in the Other Post-Employment Benefits (OPEB) Plan – TRS-Care note to the financial statements.

### Changes of Assumptions Since the Prior Measurement Date

The following assumptions, methods and plan changes which are specific to TRS-Care were updated from the prior year's report:

• The single discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent, as of August 31, 2021.

FEDERAL AWARDS SECTION

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

# To the Board of Trustees of Marlin Independent School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Marlin Independent School District, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise Marlin Independent School District's basic financial statements and have issued our report thereon dated September 16, 2022.

# **Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Marlin Independent School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Marlin Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Marlin Independent School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Marlin Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

To the Board of Trustees of Marlin Independent School District

### Report on Compliance for Each Major Federal Program

# **Opinion on Each Major Federal Program**

We have audited Marlin Independent School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Marlin Independent School District's major federal programs for the year ended June 30, 2022. Marlin Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Marlin Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Marlin Independent School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Marlin Independent School District's compliance with the compliance requirements referred to above.

#### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Marlin Independent School District's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Marlin Independent School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Marlin Independent School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Marlin Independent School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Marlin Independent School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Marlin Independent School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Other Matters**

The results of our auditing procedures disclosed no instances of noncompliance which are required to be reported in accordance with the Uniform Guidance.

### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the financial statements of Marlin Independent School District as of and for the year ended June 30, 2022, and have issued our report thereon dated September 16, 2022, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other additional statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

### MARLIN INDEPENDENT SCHOOL DISTRICT NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2022

# 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal awards expenditures of Marlin Independent School District (the "District") under programs of the federal government for the year ended June 30, 2022. The information in the accompanying Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, change in net position, or cash flows of the District.

# 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** - The expenditures reported on the Schedule are presented using the modifiedaccrual basis of accounting, with the exception of the National School Lunch Program, School Breakfast Program and the Food Distribution Program. Under the modified-accrual basis of accounting, revenues are recognized in the accounting period in which they become measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited to reimbursement.

Expenditures for the National School Lunch Program, School Breakfast Program and the Food Distribution Program are shown on the Schedule in an amount equal to the related revenue, but are not specifically attributable to this revenue source. Expenditures are reported in this manner due to the Child Nutrition Fund being a fund that combines local, state, and federal revenues, and spends those resources together to support the overall operations of the Child Nutrition Program.

The District has elected to not use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

**Relationship to Basic Financial Statements** - Expenditures of federal awards are reported in the District's basic financial statements in the special revenue funds.

**Relationship to Federal Financial Reports -** Amounts reported in the accompanying Schedule agree with the amounts reported in the related federal financial reports in all significant respects.

**Valuation of Non-Cash Programs** – The District values revenues and expenditures for the Food Distribution Program based on the value of commodities received.

# MARLIN INDEPENDENT SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) FOR THE YEAR ENDED JUNE 30, 2022

# SECTION I – SUMMARY OF AUDITOR'S RESULTS

# FINANCIAL STATEMENTS

Type of auditor's report issued:	Unmodified		
Internal control over financial reporting:			
• Material weakness(es) identified?	Yes	$\bowtie$	No
• Significant deficiencies identified that are not considered to be material weaknesses?	Yes		None reported
Noncompliance material to financial statements noted?	Yes		No
FEDERAL AWARDS			
Internal control over major programs:			
• Material weakness(es) identified?	Yes	$\boxtimes$	No
• Significant deficiencies identified that are not considered to be material weaknesses?	Yes	$\boxtimes$	None reported

Type of auditor's report issued on compliance for major programs:

Child Nutrition Cluster	Unmodified
Elementary and Secondary School Emergency Relief	Unmodified

Any audit findings disclosed that are required to be reported			
in accordance with the federal Uniform Guidance?	Yes	$\bowtie$	No

Identification of major programs:

CFDA Number(s)	Name of Federal Program or Cluster
