Overview

Montera Sports are a part of the **Oakland Athletic League (OAL)** for Middle School Sports. We play particular sports in particular seasons to align with OAL and always plan to field teams in every sport. Middle school sports correlate with high school sports seasons. Most sports teams at Montera are competitive, meaning students try out for the team (occurs after school at Montera), practice twice a week, and have competitive games against other middle schools on Saturdays. In some cases, there is a club sport (such as golf) with no competitive game on Saturdays. Expect a season ending banquet to celebrate the team's season.

Gender Equity- Nonbinary Students

All students should have the opportunity to participate in athletic activities in a manner that is consistent with their gender identity, irrespective of the gender listed on a student's records. Once a nonbinary or intersex student has notified the student's school of their gender identity, the student shall be treated as either gender for purposes of eligibility for athletics and activities that are gender-segregated or gender-specific, provided that If the student has tried out or participated in athletics or an activity that is gender-specific or gender-segregated, the student may not participate during that same season on a team of the other gender.

Montera Student Athlete Expectations

Student Behavioral Expectations

5. Support Our Montera Sports Teams DONATE TO MONTERA ATHLETICS

Sports Donation

Each year, PTO commits \$20,000 to the Montera Sports Program.

This budget pays for uniforms, equipment, coach stipends, sports banquet, site upkeep, and umpires/referees. Having a robust athletic program enables our student-athletes do better academically, learn teamwork and problem-solving skills, get exercise and improve health, increase self-esteem, and decrease pressure and stress. We ask each family to donate \$50 per season as a way to support this vital program.
