

LAKELAND Invent Idaho!

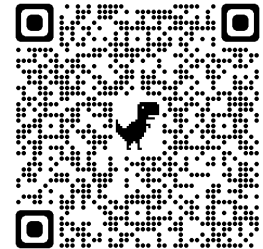

IMAGINE, IGNITE, INNOVATE!!

Student Invention Competition

Invent Idaho is the premier student invention program in the Northwest. Invent Idaho is the only program in Idaho that celebrates student creativity and innovation, while teaching the inventive thinking process in an interdisciplinary curriculum. As one young inventor stated, "I like being creative and Invent Idaho was a great way for me to express my ideas and show other people what I was thinking." The Invent Idaho is changing lives!
