EAGLE ADVANTAGE SCHOOLS, INC. **AUGUST 31, 2019**

NAME OF SCHOOL:

EAGLE ADVANTAGE SCHOOLS, INC.

COUNTY:

CO. DIST. NUMBER: 057-806

We, the undersigned, certify that the attached annual financial reports of the abovenamed charter school were reviewed and X approved __ disapproved for the year ended August 31, 2019, at a meeting of the Board of Directors of such charter school on the 18th day of December, 2019.

If the report was disapproved, the reasons are listed below:

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Eagle Advantage Schools, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Eagle Advantage Schools, Inc. (a non-profit organization), which comprise the statement of financial position as of August 31, 2019, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Eagle Advantage Schools, Inc. as of August 31, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules presented in the section labeled Supplementary Information (pages 27-30) are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards (page 26), as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2019, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Tom Bean, Texas December 18, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Eagle Advantage Schools, Inc., dba Advantage Academy (the Charter School) was organized as an open-enrollment school and was granted a charter by the State Board of Education of the State of Texas pursuant to Chapter 12 of the Texas Education code in 1998. Advantage Academy filed for a renewal of its charter with the Texas Education Agency ("TEA") and the application was approved as of April 2, 2014 and will expire July 31, 2023. There is only one Charter School operated under the charter, and no other charter or non-charter activities were conducted. The charter holder's sole operation is the Charter School.

The Charter School receives funding from TEA based on the Charter School's Average Daily Attendance ("ADA") Foundation Formula Program. Since the Charter School receives funding from local, state, and federal government sources, it must comply with the requirements of the entities providing these funds.

Basis of Presentation

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with generally accepted accounting principles. Accordingly, management made certain estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reported period.

The Charter School accounts for and reports its activities in accordance with the Financial Accounting Standards Board, *Accounting Standards Codification (FASB ASC)*, which is the source of generally accepted accounting principles (GAAP) for non-governmental entities. The accompanying financial statements and the related accounting system are also organized and prepared in accordance with the Special Supplement to Financial Accounting and Reporting – Nonprofit Charter Academy Chart of Accounts, a module of the TEA's *Financial Accountability Resource Guide* (the "Resource Guide").

Cash and Equivalents

For financial statement purposes, the Charter School considers all liquid investment instruments with an original maturity of three months or less to be cash equivalents.

Investments

The Charter School's investment policy allows for conservative investments that preserve capital. All investments at August 31, 2019 are certificates of deposits with varying maturity dates.

Due from State and Federal Agencies

Amounts are presented net of estimated allowances for doubtful amounts. The Charter School's policy is to write-off receivables as they are deemed uncollectible or as notified by grantor agencies. All federal and state receivable amounts due at August 31, 2019 were subsequently collected. Therefore, management has not recorded an allowance for the federal and state balances.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets include land, buildings and improvements, property and equipment, vehicles, and other personal property. Capital assets are defined by the Charter School as assets with a cost of more than \$5,000 and a useful life greater than one year. Such assets are recorded at historical cost. Depreciation of property and equipment is calculated using the straight-line method over the estimated useful lives of the assets, which ranges from three to fifty years. Transactions for additions, major renewals and betterments are capitalized, and maintenance and repairs are charged to expense as incurred. Donations of assets are recorded as direct additions to net assets at fair value at the date of donation, which is then treated as cost.

Compensated absences

\$5,614 of accrued vacation payable was recorded for vacation that was earned but not taken as of August 31, 2019. The earned vacation will be used during the fiscal year ending August 31, 2020.

Net Assets

Net Assets are classified into two separate categories: with donor restrictions and without donor restrictions. The classifications are determined based upon the existence and/or nature of any donor restrictions. Unrestricted net assets are available for current operating expenses or for designation by the Board of Directors for a specific purpose. Accordingly, net assets of the Charter School and changes therein are classified and reported as follows:

- Without donor restrictions net assets are available for current operating expenses or for designation by the Board of Directors for a specific purpose. At August 31, 2019, net assets without donor restrictions are \$485,409.
- With donor restrictions net assets have been restricted by donors until the occurrence of a certain event or the expiration of time requirements. Such net asset balances may also have principal balances restricted by donors that will not expire. Only earnings on the balance may be expended by the Organization in that situation. At August 31, 2019, donor restricted net assets are \$7,298,353.

Revenue and Support

Contributions are reported as with or without donor restriction, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in net assets with donor support in the reporting period in which the support is recognized. When a restriction expires, net assets with donor support are reclassified to net assets without support and reported in the statement of activities as net assets released from restrictions.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status

The Charter School is exempt from federal income taxes under Section 501(c) (3) of the Internal Revenue Code. Accordingly, the financial statements do not include a provision for income taxes and no income taxes were paid for fiscal year 2019. The Charter School annually files an Internal Revenue Service (IRS) Form 990 federal income tax return. The American Institute of Certified Public Accountants (AICPA) has also defined the State of Texas franchise tax as a type of income tax. IRS Form 990 and, as applicable, Texas Franchise Tax returns may be subject to examination by these agencies. The Charter School is generally no longer subject to examination by the IRS for the years before 2015.

Functional Allocation of Expenses

The costs of providing the Charter School's various programs and supporting services have been summarized on a functional basis in Note 12 of the Notes to Financial Statements. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Program services are the direct conduct or supervision of activities that fulfill the purpose for which the Charter School exists. Fundraising activities include the solicitation of contributions of money, securities, materials, facilities, other assets, and time. Management and general activities are not directly identifiable with specific program or fundraising activities. Expenses that are attributable to one or more program or supporting activities are allocated among the activities benefited.

Fair Value

Fair value of assets and liabilities are approximately the carrying value.

Fair Value Measurements

FASB ASC 820 Fair Value Measurements and Disclosures (formerly SFAS No. 157 "Fair Value Measurements"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Quoted prices for identical assets or liabilities in active markets;
- Level 2: Significant other observable inputs;
- Level 3: Significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of certain account balances and notes to the financial statements. Actual results could differ from those estimates.

In-Kind Services and Materials

The Charter School recorded no amounts for donated materials and services for the year ended August 31, 2019. Management has estimated that any in-kind services and materials are not significant and would not be material to the financial statements taken as a whole.

NOTE 2 - CASH AND CASH EQUIVALENTS & RESTRICTED CASH

Cash at August 31, 2019 is comprised of \$1,500 cash on hand and \$5,921,031 deposited with financial institutions. \$491,040 of the cash balance is related to restricted bond project and debt service accounts that are held in trust in the required separate bank accounts. The Federal Depository Insurance Corporation (FDIC) insures the bank deposits to certain limits. The following report outlines secured and unsecured financial institution deposits:

Cash on Hand	\$ 1,500
Unrestricted Deposits at Financial Institutions	5,921,031
Restricted Deposits at Financial Institutions	491,040
Total Cash and Cash Equivalents	\$ 6,413,571
Cash Insured by the FDIC	\$ 500,000
Cash Insured by the FDIC Other Protection (Pledged Securities)	\$ 500,000 5,768,498

The Charter School maintains its cash balances in bank accounts that occasionally exceed federally insured limits, as noted above. However, management does not believe it is exposed to any significant credit risk in connection with these accounts. The Charter School also has multiple certificates of deposits placed at various banks with varying maturity dates with a total carrying value of \$656,000 at August 31, 2019. The certificate of deposit balances are fully insured by the FDIC.

NOTE 3 – INFORMATION REGARDING LIQUIDITY AND AVALIABILITY

The Charter School strives to maintain liquid financial assets sufficient to cover general expenditures, as needed.

The following table reflects the Charter School's financial assets as of August 31, 2019, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of certain donor restrictions, if applicable.

NOTE 3 – INFORMATION REGARDING LIQUIDITY AND AVALIABILITY (CONTINUED)

Financial assets at year end:

Cash and cash equivalents		5,922,531
Restricted cash - bond covenants		491,041
Certificates of deposit		656,000
Due from state/federal agencies		761,483
Other receivables		2,147
Prepaid expenses		136,803
Total financial assets		7,970,005

Less financial assets not available for general expenditure:

Cash contractually restricted for debt service (491,041)

Total financial assets available to meet general expenditure \$ 7,478,964

NOTE 4 – CAPITAL ASSETS: PROPERTY, PLANT, AND EQUIPMENT

Capital assets of the Charter School were acquired with public funds for the operation of the Charter School and constitute public property, pursuant to Chapter 12 of the Texas Education Code. See supplemental schedule "Schedule of Capital Assets" for more information.

The following is a summary of property, plant, and equipment at August 31, 2019:

Non-Depreciable Assets:	
Land	\$ 2,194,590
Depreciable Assets:	
Buildings and Improvements	28,737,827
Vehicles, Machinery, and Equipment	2,305,319
Total Property, Plant, and Equipment	33,237,736
Less Accumulated Depreciation	(8,233,690)
Property, Plant, and Equipment, Net	\$ 25,004,046
Depreciation Expense	\$ 1,184,324

NOTE 5 - LONG TERM DEBT

Bonds Payable

Series 2014A

On June 24, 2014, an agreement was entered into between the Charter School and Newark Higher Education Finance Corp. (the issuer) to issue Education Revenue and Refunding Bonds Series 2014A (Series 2014A) in the original principal amount of \$19,065,000 and at a net premium of \$1,524,718. \$4,589,384 of proceeds was deposited into the 2014 Trustee project account to finance new Charter School construction. \$15,588,539 was deposited into the 2011 Trustee's escrow account to finance the advance refunding of the Series 2011A bonds to occur in August of 2016. \$360,752 of proceeds paid for issuance costs. Remaining balances were deposited into other 2014 Trustee accounts. The bonds carry stated interest rates varying between 2.0% and 5.0%. Interest payments are made each February 15th and August 15th. \$823,250 of interest was paid during fiscal year 2019.

Principal totaling \$470,000 was due and paid for fiscal year 2019. Principal payments are due every August 15th and commenced in fiscal year 2015. The Charter School's obligation under the Series 2014A bonds will expire with the retirement of the debt in fiscal year 2041.

Trustee

The issuer also entered into an agreement on June 1, 2014 with U.S. Bank National Association to act as trustee (the 2014 Trustee) for purposes of effecting the issuance of Series 2014A and 2014B (the Bonds) and securing to the holders of the Bonds the payment of the Bonds.

Collateral

Collateral for Series 2014A are the restricted cash balances held in the 2014 Trustee bank accounts.

The schedule below represents Series 2014 future bond debt service payments:

Fiscal	Series 2014A Bonds					
Years	Principal	Interest	Total			
2020	\$ 490,000	\$ 799,750	\$ 1,289,750			
2021	515,000	775,250	1,290,250			
2022	540,000	749,500	1,289,500			
2023	565,000	727,900	1,292,900			
2024	585,000	705,300	1,290,300			
2025-2029	3,370,000	3,088,750	6,458,750			
2030-2034	4,150,000	2,313,250	6,463,250			
2035-2039	5,170,000	1,287,500	6,457,500			
2040-2041	2,435,000	147,000	2,582,000			
Total	\$17,820,000	\$10,594,200	\$ 28,414,200			

NOTE 5 - LONG TERM DEBT (CONTINUED)

Series 2015A

On December 16, 2015, an agreement was entered into between the Charter School and Northeast Higher Education Facilities Corporation (the issuer) to issue Education Revenue Bonds Series 2015A (Series 2015A) in the original principal amount of \$1,690,000 and at a net premium of \$29,425 with a Borrower Contribution of \$36,600. \$1,700,000 of proceeds was deposited into the 2015A Trustee project account to finance new Charter School construction. \$56,025 of proceeds paid for issuance costs. The bonds carry a stated interest rate of 4.0%. Interest payments are made each February 15th and August 15th. \$63,000 of interest was paid during fiscal year 2019.

Principal totaling \$45,000 was due and paid for fiscal year 2019. Principal payments are due every August 15th and commenced in fiscal year 2016. The Charter School's obligation under the Series 2015A bonds will expire with the retirement of the debt in fiscal year 2040.

Series 2015B

On December 16, 2015, an agreement was entered into between the Charter School and Northeast Higher Education Facilities Corporation (the Issuer) to issue Education Revenue Bonds Series 2015B (Series 2015B) in the original principal amount of \$4,640,000 and at a net discount of \$114,508 with a Borrower Contribution of \$139,800. \$4,185,000 of proceeds was deposited into the 2015B Trustee project account to finance new Charter School construction. \$149,942 of proceeds paid for issuance costs. Remaining balances were deposited into other 2015B Trustee accounts. The bonds carry stated interest rates varying between 4.8% and 5.0%. Interest payments are made each February 15th and August 15th. \$210,150 of interest was paid during fiscal year 2019.

Principal totaling \$120,000 was due and paid for fiscal year 2019. Principal payments are due every August 15th and commenced in fiscal year 2016. The Charter School's obligation under the Series 2015B bonds will expire with the retirement of the debt in fiscal year 2040.

Trustee

The issuer also entered into an agreement on December 1, 2015 with U.S. Bank National Association to act as trustee (the 2015 Trustee) for purposes of effecting the issuance of Series 2015A and 2015B (the Bonds) and securing to the holders of the Bonds the payment of the Bonds.

<u>Collateral</u>

Collateral for both Series 2015A and 2015B are the restricted cash balances held in the 2015 Trustee bank accounts.

NOTE 5 - LONG TERM DEBT (CONTINUED)

2015 B Bond Discounts (net of \$16,359 acc. amortization)	(98,150)
Total Long-term debt:	\$24,729,433

Debt Covenants

The 2014 A Bonds and the 2015 A&B Bonds have multiple debt covenants as outlined by the "Master Trust Indenture and Security Agreements" between the Charter School and these bond Trustees (the Agreements). These debt covenants include, but are not limited to the following: maintaining a minimum of forty-five days cash on hand as defined by the Agreements, meeting certain debt service coverage ratios as defined by the Agreements, and providing audited financial statements within 180 days of fiscal year-end. Non-compliance with debt covenants may be considered an "Event of Default" as defined by the Agreements and may under certain circumstances make all outstanding bond debt due immediately. The Charter School is in compliance with these covenants at August 31, 2019.

NOTE 6 - PENSION PLAN OBLIGATIONS

Plan Description

The Charter School contributes to the Teacher Retirement System of Texas (the System); Employer Identification Number: 2054; and Plan 401A; is a public employee retirement system. It is a cost-sharing, multiemployer defined benefit pension plan with one exception; all risks and costs are not shared by the Charter School, but are the liability of the State of Texas. Charter schools are legally separate entities from the State of Texas and each other. The System provides service retirement and disability retirement benefits, and death benefits to System members and beneficiaries. Additional information can be found at the following link: https://www.trs.texas.gov/pages/about_legislative_reports_trscare.aspx.

The System's comprehensive annual financial report and other required disclosure information are available on the Teacher Retirement System website at the following link: https://www.trs.texas.gov/TRS%20Documents/cafr_2019.pdf.

System Information:

System Name: Zone Status of the Charter School: State-wide System Assets: System Accumulated Benefit Obligations: System Percent Funded:		Teacher Retirement System of Texas Unknown \$157,978,199,075 \$209,961,325,288 75.24%
Contribution Rates: Members Non-Employer Contributing Entity (State): Employers:	2018 7.7% 6.8% 6.8%	2019 7.7% 6.8% 6.8%

Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) the state constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10% of the aggregate annual compensation of all members of the system; (2) a state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 1 year, the period would be increased by such action. Any unfunded obligations get passed along to the other charters or ISD's. There is not a withdrawal penalty for leaving the System.

For 2019, the Charter School is required to contribute in certain circumstances such as salaries funded through certain private and federal grants, new members, and covered payroll in excess of certain State determined caps. Assets contributed by one charter or ISD may be used for the benefit of an employee of another charter or ISD. In addition, the Charter School is required to contribute 1.5% of all covered salaries to TRS because the Charter School does not participate in social security and did not participate in OASDI for the year ending August 31, 2019. The Charter School's contributions for the years ending August 31, 2019, 2018, and 2017, were \$125,181, \$129,447, and \$130,201, respectively.

NOTE 6 - PENSION PLAN OBLIGATIONS (CONTINUED)

In addition, the Charter School's plan members were required to contribute 7.7% of their annual covered salary and the State of Texas contributes an amount equal to 6.8% of the Charter School's covered payroll. Charter employees' contributions to the System for the years ending August 31, 2019, 2018, and 2017 were \$642,544, \$664,575, and \$668,406, respectively. The Charter School's contributions for the years ending August 31, 2019, 2018, and 2017, were \$83,400, \$79,324, and \$100,312, respectively.

Similarly, TRS offers retiree health insurance, called TRS-Care, a cost-sharing multiple-employer defined benefit postemployment heath care plan. Qualified retirees receive health insurance paid for by the plan. The State, employees and employers contribute a portion of covered payroll. In 2019, the State contributed 1.0% of covered payroll, employees contributed 0.65% of covered payroll, and employers contributed 0.75% for state funded covered payroll and 1.0% for federally funded covered payroll. Charter School employees' contributions to the System for the years ending August 31, 2019, 2018, and 2017, were \$54,241, \$56,100, and \$56,423, respectively. The Charter School's contributions for the years ending August 31, 2019, 2018, and 2017, were \$62,586 \$64,738, and \$47,744, respectively. Except as otherwise noted, there have been no changes to System that would affect the comparison of Charter School contributions from year to year. The Charter School's contributions to the System did not represent more than 28% of total contributions to the System.

NOTE 7 - HEALTH CARE COVERAGE

During the year ended August 31, 2019, employees of the Charter School were covered by a health insurance plan (the Plan). The Charter School contributed between \$225 and \$494 per month (depending on the plan) per enrolled employee to the Plan. Employees, at their option, authorized payroll withholdings to pay contributions or premiums for dependents. All premiums were paid to licensed insurers.

NOTE 8 - OPERATING LEASES

Equipment

The Charter School leases copiers under five non-cancelable operating leases. At August 31, 2019, the copier lease agreements have total minimum monthly payments of \$14,594 that includes maintenance. Copier leases have varying effective starting dates from 2015 through 2017 and have lease periods of five (5) years that expire at various times from 2020 through 2022.

The Charter School leased postage equipment totaling \$954 per quarter.

Realty

The Charter School leases a tract of land (48,307 square feet) from the City of Dallas. The property is used as a playground for students. The lease is on a month-to-month basis and began June 1, 2004. Monthly payments are made in the amount of \$441.

NOTE 8 - OPERATING LEASES (CONTINUED)

A lease agreement for an extension site in Waxahachie was commenced on August 1, 2006. The lease is for eight (8) years ending August 1, 2015 with a one year extension for subsequent years. Rental payments are \$40 per pre-kindergarten through eighth grade student, per month (based upon average daily enrollment) plus utilities.

The schedule of future operating lease commitments at August 31, 2019 is as follows:

E	quipment		Realty
\$	170,962	\$	162,000
	169,130		-
	155,453		-
\$	495,545	\$	162,000
		169,130 155,453	\$ 170,962 \$ 169,130 155,453

Total rental and lease expenses for fiscal year 2019 are \$431,563.

NOTE 9 – COMMITMENTS, CONTINGENCIES AND CONCENTRATIONS

The Charter School is subject to legal proceedings, claims, and litigation arising in the ordinary course of business. The Charter School defends itself vigorously against any such claims. Although the outcome of these matters is currently not determinable, management does not expect that the ultimate costs to resolve these matters will have a material adverse effect on its financial position, results of operations, or cash flows.

The Charter School receives funds through state and federal programs that are governed by various statutes and regulations. State program funding is based primarily on student attendance data submitted to the Texas Education Agency and is subject to audit and adjustment. Expenses charged to federal programs are subject to audit and adjustment by the grantor agency. The programs administered by the Charter School have complex compliance requirements, and should state or federal auditors discover areas of noncompliance, Charter School funds may be subject to refund if so determined by the Texas Education Agency or the grantor agency. The Charter School's funding is concentrated with awards received from the Texas Education Agency. If this funding were to cease or be significantly reduced, the financial impact on the Charter School would be severe.

NOTE 10 - RELATED PARTY TRANSACTIONS

At August 31, 2019, there are 13 employees who are related to another employee, a spouse, parent, or sibling. Included is the CEO/Superintendent (board member) whose sister, husband, son, and daughter were also employed by the Charter School during fiscal year 2019. There are also vendors who are related to employees and board members.

The employees sometimes make purchases (such as supplies) for the Charter School and are reimbursed. Expenditures are pre-approved by appropriate personnel and are usually minimal in dollar amounts (less than \$200). Receipts are required for reimbursement.

NOTE 10 - RELATED PARTY TRANSACTIONS (CONTINUED)

The Charter School made purchases from vendors that are related to an employee or board member. Payments to related parties, excluding recurring payroll related reimbursements, totaled \$155,601.

The individuals related to the CEO/Superintendent are designated as employees under TEC 12.1055, government Code 573. The employees were hired by the Director of Personnel, who is not related to the CEO/Superintendent. The CEO/Superintendent does not directly supervise nor vote on personnel matters pertaining to these individuals.

Eagle Advantage Schools, Inc. meets the criteria to allow employees on the board of directors as granted thru the *Texas Administrative Code (TAC) Sect100.1022 (b)(2)(B) subsection f.*

NOTE 11 - MAINTENANCE PROGRAM

The Charter School has not set up a formal long-term maintenance program.

NOTE 12 – FUNCTIONAL EXPENSES

NOTE 13 - SUBSEQUENT EVENTS

The date of the independent auditor's report represents the date through which management has evaluated for subsequent events and the date that the audit was available for issuance. There are no subsequent events to disclose.

SUPPLEMENTARY INFORMATION REQUIRED BY GOVERNMENTAL AUDITING STANDARDS AND UNIFORM GUIDANCE

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Eagle Advantage Schools, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Eagle Advantage Schools, Inc. (the "Charter School"), which comprise the statement of financial position as of August 31, 2019, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 18, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Charter School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Tom Bean, Texas

December 18, 2019

Latollitt & Company PLLC

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Report on Compliance for Each Major Federal Program

We have audited Eagle Advantage Schools, Inc. (the "Charter School") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Charter School's major federal programs for the year ended August 31, 2019. Eagle Advantage Schools, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Charter School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Charter School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Charter School's compliance.

Opinion on Each Major Federal Program

In our opinion, the Charter School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2019.

Report on Internal Control Over Compliance

Management of the Charter School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Charter School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Charter School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of Eagle Advantage Schools, Inc. dba Advantage Academy (the Charter School) under programs of the federal government for the year ended August 31, 2019. The information in this Schedule is presented in accordance with the requirements of the Title 2 *U.S.Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for the Federal Awards (Uniform Guidance*). Because the Schedule presents only a selected portion of the operations of the Charter School, it is not intended to, and does not present the financial position, changes in net assets, or cash flows of the Charter School.

The Charter School had no federally funded insurance programs or loan guarantees during the year ended August 31, 2019.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. Pass-through entity identifying numbers are presented when available.

The Charter School has elected not to use the 10 percent deminimis indirect cost rate allowed under the Uniform Guidance.

Note 3. Non-Profit Charter School Chart of Accounts

For all federal programs, the Charter School used the net asset classes and codes specified by the Texas Education Agency in the *Special Supplement To Financial Accounting and Reporting, Nonprofit Charter School Chart Of Accounts*. Temporarily restricted net asset codes are used to account for resources restricted to or designated for specific purposes by a grantor.

Federal and state financial assistance is generally accounted for in temporarily restricted net asset codes.

EAGLE ADVANTAGE SCHOOLS, INC. DISCUSSION OF BUDGET VARIANCES FOR THE YEAR ENDED AUGUST 31, 2019

The following is a discussion of the budget comparison variances:

- A There were more local-district level activities than anticipated in the budget.
- B The local payments for lunch sales were higher than anticipated in the budget.
- C The local actual interest revenue realized was higher than anticipated in the budget.
- D There were more local-campus level activities than anticipated in the budget.
- E Federal grants were rolled forward to accomplish grant objectives in 2019-2020.
- F Food service federal revenue was lower than anticipated in the budget.
- G Positions were not filled as originally anticipated in the budget.
- H Campus level actual costs were lower than anticipated in the budget.
- I Security costs were lower than anticipated in the budget.
- J Community Service costs were lower than anticipated in the budget.
- K Debt Service financial consulting was not used in the budget.
