

YOUR PARTNER YOUR SUCCESS

Our family engagement program is based on PTA's six National Standards:

1. Welcome All Families

The school treats families as valued partners in their child's education and facilitates a sense of belonging in the school community.

2. Communicate Effectively

The school supports staff to engage in proactive, timely, and two-way communication so that all families can easily understand and contribute to their child's educational experience.

3. Support Student Success

The school builds the capacity of families and educators to continuously collaborate to support students' academic, social and emotional learning.

4. Speak Up for Every Child

The school affirms family and student expertise and advocacy so that all students are treated fairly and have access to relationships and opportunities that will support their success.

5. Share Power

The school partners with families in decisions that affect children and families and together-and as a team, inform, influence and create policies, practices and programs.

6. Collaborate with Community

The school collaborates with community organizations and members to connect students, families and staff to expanded learning opportunities, community services and civic participation.
