Proposal Requirements

1. Service providers (bidders) must comply with E-rate program rules as set forth by the Federal Communications Commission (FCC) and administered by the Universal Service Administrative Company (USAC).

Disqualification – FCC Form 498 ID Status. If the bidder is under FCC red light status or does not have an FCC Form 498 ID (service provider identification number), the bidder may be disqualified by the applicant school or library.

2. Equivalent products and services. Proposals are requested for the specified manufacturer, part, model number OR EQUIVALENT.
3. Mandatory Bidders' Conference or Walk Through

☐ APPLIES TO THIS RFP

☒ DOES NOT APPLY FOR THIS RFP

Disqualification – Mandatory Bidders' Conference. If the bidder does not attend a mandatory bidders' conference, walk through, or other mandatory meeting listed in the Bidders' Conference section, the bidder may be disqualified by the applicant school or library.

4. Questions. Questions must be submitted prior to the end of the question period.

Questions can be submitted online: <https://www.planetbids.com/portal/portal.cfm?CompanyID=30242>, Under "Project Title" double click on the School District you want to submit a bid for, choose Q&A tab, then choose "Ask Question" on the top right-hand side. Must be a registered vendor and download all RFP documents before you will be allowed to submit a question.

5. Proposal Acceptance. The applicant school or library reserves the right to accept some, all or none of the items included in the proposal. Notification of bid acceptance or bid rejection will be provided at the discretion of the applicant school or library.
6. All Costs. Pricing proposed by the bidder must include all costs. All costs to provide the product or service should be included in the pricing schedule. Price increases will not be allowed during the term quoted.
7. Cost Allocation. Bidders must clearly separate E-rate eligible costs from ineligible costs.
8. Contracts. Bidders for services other than tariff or month-to-month arrangements, must include a contract or legally binding agreement in response to this RFP with signature block for both service provider and applicant. The agreement should be provided in form only and will not be completed and executed until after bids are awarded by applicant and negotiations completed as applicable. *Quotes are not considered a legally binding agreement.*
9. Contract Terms. Bidder must clearly define contract terms for all pricing submitted. The applicant school or library may

consider multi-year contracts featuring voluntary renewals. The term should include as a minimum the period July 1, 2019 through September 30, 2020 for non-recurring services and July 1, 2019 – June 30, 2020 for recurring services.

The applicant will reserve the right to extend or abbreviate the contract period if such extension or abbreviation is necessary to make the Contract term coincide with an E-rate “program year” or an extended service end date for an E-rate program year pursuant to a “service delivery deadline extension,” as those terms are defined by the Federal Communications Commission (FCC) and/or the Universal Service Administrative Company (USAC).

10. Description of Proposal. Bidder will provide a description of their proposal for all services and solutions. Description will include an overview of the proposal, any deviations from the requested architecture, design or requirements, assumptions made, and any other details that may be useful or necessary for proper evaluation of the proposal.
11. Required Notice to Proceed and Funding Availability. The applicant will follow the purchasing policies of their governing board and requirements and procedures of the FCC’s E-rate program as administered by USAC to be eligible for all available funding. The implementation of any associated contracts resulting from this competitive bid process will be dependent on the applicant’s issuance of a written Notice to Proceed. E-rate funding notification alone will not signify Notice to Proceed. The applicant will have the right to allow the contract to expire without implementation if appropriate funding does not become available.

- Bids should include installation and configuration unless otherwise noted
- Bids should clearly describe all costs including installation, configuration, shipping and handling charges on a per site basis unless otherwise noted.

13. Category Two Budget Requirements.

bid on a site by site basis and make changes to the quantities and items selected in order to stay within their category two budgets by each individual site. The applicant may contact the awarded bidder to adjust quantities by site in order to meet the Category 2 budget.

The selected service provider is expected to respond timely with revised proposals and contracts for the applicant to ensure that the selected products and services are at or below the per site budget and that the service provider has provided all information necessary regarding reduction in quantities and associated installation, configuration, shipping and handling charges on a per site basis.
